MacArthur Under Fire; Blazing Oil Pours Into Balikpapan

RATIFY PACT OR DO WITHOUT, TRUMAN SAYS

Asks Senators for Quick Approval

BY WILLIAM MOORE
[Chicago Tribune Press Service]
(Picture on page 4)

Washington, D. C., July 2—With British Ambassador Halifax and other foreign dignitaries beaming approval from the gallery, President Truman asked the Senate today for prompt ratification of the new international security charter.

The President sought to minimize the disagreements that frequently deadlocked the international conference during the drafting of the charter in San Francisco. He denied there were many points of disagreement in the drafting, but said the impression of many disagreements had been created "in some quarters."

Rap at Press Suspected

Digressing then from his prepared speech, he delivered what some said was a rap at the press, telling the senate:

"You know, if you want to get a good headline, you want to always fall out with some of your friends. And you'll always get it."

Many internationalists were in the crowded galleries when Mr. Truman walked down the great center aisle, the first President since Herbert Hoover on May 31, 1932, to speak in the senate chamber.

Chairs had been placed in the corners behind the semi-circle of senators' desks to accommodate the house foreign affairs committee and other house members.

Gets Tremendous Hand

Smiling and assured, Mr. Truman strode into the chamber in a light gray double breasted suit, a blue and white polka dot bow tie and black and white sport shoes. He was escorted by Majority Leader Barkley [D., Ky.], Minority Leader White [R., Me.] and the two senators who helped write the charter, Vandenberg, [R., Mich.] and Connally [D., Tex.]. Connally wore a white suit that was as dazzling as it was wrinkled from the torrid humidity of Washington.

The President handed the charter to Sen. McKellar [D., Tenn.], president pro tem of the senate, and bowed time after time in response to one of the most spontaneous demonstrations the staid old senate chamber has ever witnessed.

The President cracked down on the senate with a warning that the choice is between the charter drawn at San Francisco, which is admitted even by internationalists to be only an experiment, and no charter at all.

TRUMAN'S PLEA

Washington, D. C., July 2 (AP)—Following is the text of President Truman's address to the senate:

"It is good of you to let me come back among you. You know, I am sure, how much that means to one who served so recently in this chamber.

"I have just brought down from the White House and have delivered to your presiding officer the charter of the united nations. It was signed in San Francisco on June 26, 1945—six days ago—by the representatives of 50 nations. The statute of the

Second Elliott Loan Bared; a $50,000 Deal

New York, July 2 [Special]—Maxwell H. Bilofsky, a member of the New York Stock exchange and in 1938 president of the Duro-Test company, manufacturer of radio transmitters, said tonight he had loaned $50,000 to Elliott Roosevelt and subsequently settled the debt for $20,800.

Bilofsky said he made the loan after it was solicited in 1938 in Elliott's behalf by David J. Baird, wealthy New York and New Jersey philanthropist. Bilofsky agreed to lend the money, he said, after Baird assured him Elliott's father, the late President Roosevelt, knew what Elliott was doing.

Settled at $29,200 Loss

In return for the $50,000, Bilofsky said, he received as security 500 shares of stock in the Texas State Network, of which Elliott was then president.

The loan was settled in "1941 or 1942," Bilofsky said, at a loss of $29,200.

Bilofsky said he had not deducted his loss on his income tax return, and had decided to write it off as a "bad bargain."

Asked why he had made the loan, Bilofsky said one factor was an expectation that he would get contracts to supply transmitters for Elliott's radio stations. His company never got such contracts, he added.

Link to F. D. R. a Factor

Bilofsky said representations made to him that the late President was aware of Elliott's operations also was a factor in his decision to make the loan. He said he assumed that the President would let his son do nothing to sully the family name and took Baird's word for it the President knew what was going on.

The Bilofsky disclosure follows the discovery last month that Elliott Roosevelt, now a brigadier general in the air forces, had borrowed $200,000 from John Hartford, president of the Great Atlantic and Pacific Tea company, for use in promoting Elliott's radio ventures and that this loan was subsequently settled for $4,000 with Jesse Jones, then secretary of commerce, acting on behalf of the Roosevelt family.

Another "Bad Debt"

In Washington, a treasury department spokesman today said the department has disallowed a bad debt claim for $50,000 filed by Baird as the sequel to a $70,000 loan assertedly made by Baird to Elliott in 1939 for use in the attempted establishment of a transcontinental broadcasting system.

The Baird loan of $70,000, it was indicated, was a separate transaction from the Bilofsky $50,000 loan.

The treasury said it has completed the major part of its inquiry into the Hartford loan transaction and will transmit its results to two congressional committees in a day or two.

NATIONS LEAGUE WILL MEET SOON FOR DISSOLUTION

[By Wireless to the New York Times and The Chicago Tribune]

LONDON, July 2.—The league of nations assembly which last convened in January, 1939, is expected to meet at its old Geneva home in two or three months to begin the formalities of its dissolution. A complicated procedure remains to be carried out before the league can be wound up.

Preliminaries have already been started by the league staff of 100 which functioned thruout the war under Sean Lester, secretary general. For a short while the old league and the new organization will be operating at the same time.

The assembly will be asked to approve the activities of the supervisory commission during the war and to appoint committees to negotiate with representatives of the new organization regarding the transfer of activities.

Acquit British Soldier Who Slew Errant Wife

NOTTINGHAM, England, July 2 (AP)—A British soldier accused of strangling his wife when he returned from overseas and found her bearing another man's child was acquitted tonight of a murder charge. "The provocation was such that an ordinary, frail man might have done what he did," the court said in discharging him.

Hutchins Gets U. of C. Post as Chancellor

(Pictures on page 8)

Robert M. Hutchins yesterday assumed the newly created title of chancellor of the University of Chicago in an administrative reorganization that elevated Ernest C. Colwell from vice president and dean of the faculty to the office of president.

Hutchins will continue as the principal officer and executive head of the school, with the president responsible to him. The arrangement was announced as unique among American universities. Others have chancellors, but in some instances the title is only nominal and in the others there is no president.

Three Vice Presidents

Three vice presidents also will function directly under the chancellor. They are:

R. G. Gustavson, president of the University of Colorado from 1943 thru the last term. He will be dean of the faculty.

Wilbur C. Munnecke, former vice president of Marshall Field & Co., who was made a vice president of the university one year ago and assigned to coördinate business administrations. In the new organization he will continue in charge of business affairs.

Neil H. Jacoby, secretary of the university since 1942, who becomes vice president in charge of development. Before going to the Midway, Jacoby was director of the Illinois state division of research and statistics and also served as chairman of the Illinois Emergency Relief commission.

Classmate Becomes Assistant

William Benton, a classmate of Hutchins at Yale and a former advertising agency partner, who became vice president of the university in 1938, will be assistant to the chancellor. He will continue in charge of special projects, such as the Encyclopedia Britannica, Inc., and the Encyclopedia Britannica Films.

The new organization, which previously had been approved by the board of trustees and the committee of the council of the university senate, was announced to the faculty by Chancellor Hutchins.

"The executive officer of the university," he said, "cannot give his undivided attention to fundamental questions because so many demands unrelated to his educational and administrative responsibilities are made on him simply because of his title.

Free to Administer

"By having a chancellor and a president, it is hoped that the president, by virtue of his title and importance, will be able to take over much of this work. The chancellor then will be free to plan for and administer the university as a whole thru a well coördinated group of officers who have definitely defined responsibilities."

In addition to the duties he will take over from the chancellor, President Colwell will continue as dean of the divinity school, which he has headed since January, 1939. He is 44, the son of a Methodist pastor, and is widely known as a writer on the Bible.

CHURCHILL DISCOVERS HE CAN'T VOTE; FAILED TO CHANGE REGISTRY

(Picture on back page)
[Chicago Tribune Press Service]

LONDON, July 2—Prime Minister Churchill will not be able to vote Thursday when the bulk of the country goes to the polls for the first time in a decade because he has not been registered as an elector, it was revealed today.

The prime minister normally would have voted in the Abbey division, Westminster. He disfranchised himself by failing to turn in his old identity card, from which the register was compiled when new cards were issued in the summer of 1943 while he was abroad at a conference.

Churchill also is excluded from the registers at Seven Oaks and Chequers, Buckinghamshire, where his country home and the official country residence of Britain's prime ministers are located.

[British Laborites deny Churchill's charge their party would learn government secrets if elected. Details on page 5.]

Snow and Ice Maroon Yanks on Greenland

NARSARSSUAK, Greenland, July 2—Marooned for six months near treacherous Skjoldungen fjord on the bleak east coast of Greenland, 11 American radio weather men, including three from Chicagoland, are still awaiting rescue.

Barely escaping death when a vast slide buried their powerhouse and supplies under 20 feet of snow, on Jan. 8, the men have been keeping up their daily weather reports with emergency equipment, undiscouraged by the failure of several efforts to get them out. Food and equipment dropped by parachutes from planes have enabled the party to keep alive and to carry on their work which they refused to abandon. A boat will be sent in to rescue them as soon as the pack ice in the fjord thaws enough, Col. Eugene H. Rice, head of the Greenland base command here, said.

The men have been commended for their heroic work under great stress. They are reported to be in good spirits.

Chicagoan in Group

Five of the men belong to the 67th army airways communications system group. Among them are S/Sgt. Chester A. Mileski, 31, 2217 N. Kildare av., Chicago, and Corp. Edwin A. English, 20, 260 E. Gridley st., Bushnell, Ill. Four of the others are of the Greenland base command detachment of the 8th weather squadron, A. A. F. weather service. One of the remaining two men is T/4 Ralph N. Clark, 25, 853 McAllister st., Benton Harbor, Mich., a cook. The other is an aid man.

After the slide covered the power and store houses, the party managed to dig out one generator, with which they radioed an appeal to Narsarssuak for help. They also recovered enough food to last them three months. With the generator they resumed sending weather reports on Jan. 11.

Ice Halts Rescue Boat

Rice and Capt. Peter H. Hostmark, of the 1st Arctic search and rescue squadron, surveyed the situation from a plane on Jan. 13. They decided to try to get the party out by coast guard cutter, as the ice on Skjoldungen fjord made it too risky even for a ski plane to try to land. A vessel set out from Skjoldungen, commanded by Hostmark, but returned when it was found that no ship could enter the fjord.

Headquarters informed the men that it was impossible to evacuate them then but would get them out at the earliest possible date. The party was ordered to move from their barracks, still threatened by a mass of overhanging snow, to the weather radio station on a rocky peak.

TRUMAN ASKED TO GIVE TERMS FOR JAPANESE

May Speed Peace, Senator Says

BY PHILIP DODD
[Chicago Tribune Press Service]

Washington, D. C., July 2—A demand for a precise statement from President Truman of the surrender terms to be imposed upon Japan was made in the senate today by Sen. White [R., Me.], Republican leader. White said the statement should be made "with or without consultation" with the British and the Chinese.

Sen. White

White's remarks, following by a few minutes the President's address to the senate asking for ratification of the San Francisco charter, drew objections from Majority Leader Barkley [D., Ky.], who declared that the President should not take the step without consulting American allies in the Japanese war.

The exchange between White and Barkley came as a surprise because the two leaders have been coöperating so closely thruout this session, particularly on foreign relations questions, that White has been dubbed "assistant leader" in unofficial congressional circles.

Explicit Statement Asked

"The President," said White in his speech, "has said that 'unconditional surrender does not mean the extermination or the enslavement of the Japanese people,' but neither the American people nor the Japanese people has been informed in any detail what such surrender does entail.

"It is my belief that the President should make as explicit a statement of this concept of unconditional surrender as circumstances permit.

"Such a clarification, when made known to the Japanese authorities and people, might soften the Japanese will to continue a hopeless struggle, might hasten the day of surrender, and might result in the saving of the lives of thousands of America's sons."

Barkley "Doubts Propriety"

Barkley was on his feet the instant White finished his remarks, declaring:

"I would doubt the propriety as well as the wisdom of the President's assuming for himself the sole right to declare what unconditional surrender contemplates, inasmuch as that has been the program of all the allies, including China and Great Britain."

White, in his speech, said his concept of unconditional surrender meant the total loss of Japan's fleet, disarmament of its other forces, surrender of its conquered territory, destruction of its war industry, punishment of its war criminals, and the complete control by the United States of its economic capacity for war.

BRITISH SHIP 1ST POST-WAR AUTO TO U. S. AGENCY

[Chicago Tribune Press Service]

LONDON, July 2—Britain has resumed the export of automobiles with the shipment to the United States of the first British post-war car to be sent overseas, a 10 horse power four door Austin limousine, Austin Motor Car company officials said today. J. L. Green, Austin distributor in New York, who recently flew to England, said that during the war Americans learned to appreciate small cars and he predicted a wide demand.

Representatives of American automobile companies in London classed the shipment as more of a "stunt" than the beginning of big competition for the American market. They said, however, that whereas British cars will be able to enter the American market at a nominal tariff American automobiles will be barred from Britain for some time on the plea that the dollar exchange cannot be spared.

RESERVOIRS IN HILLS BURST AND ENGULF RAVINE

BY ARTHUR VEYSEY
[Chicago Tribune Press Service]

BALIKPAPAN BEACHHEAD, Dutch Borneo, July 2—Rivers of fire today rolled down the slopes of a ridge overlooking Balikpapan as reservoirs burst and spilled out thousands of barrels of burning oil.

The scene was fantastic, the black oil sliding down over the green hills and the flames racing to catch up with it. Great clouds of fire swirled upward, bursting from the black smoke that for over two weeks has hung heavy over Balikpapan.

Down in the bottom of one ravine one Jap was caught. From the ridgetop troops watched him dart first one way, then the other, trying to escape. Finally flame and smoke engulfed him.

One infantry patrol was almost caught in a ravine. It got out with seconds to spare.

Lights Up Beachhead

All last night the burning oil cast an eerie light over the beachhead. The Balikpapan refineries may have been out of commission for several weeks from allied bombing, but the oil fields 60 miles inland have apparently been pouring in great quantities of oil thru the network of pipe lines.

Sailors from American warships, which have been pounding Balikpapan for two weeks, say that the fire by last night was nothing compared to what it had been in the last fortnight. Pilots said that at times the smoke was so intense bombers had to fly by instrument while making bomb runs. This is certainly one of the biggest oil fires of all times.

Scores of oil tanks dot hills around Balikpapan and the town's dock area. Aerial reconnaissance indicates that most of these are already burned out, that those now burning are among the last.

Ridges Chewed Up

The flame and smoke make complete the scene of destruction here. Ridges behind the beach, where the Japs had sunk guns in concrete caves and built scores of pillboxes, are chewed up from the terrific air and naval barrages. It appears as tho the entire tops have been lifted up, mixed, and then dumped back again. And that is probably exactly what happened.

The lower slopes are seared and only an occasional tree rises amid the stumps.

Vasey highway, once asphalted and lined with concrete and stone gutters and neat walls from the beaches to Balikpapan, is strewn with shattered timbers, bricks, and concrete. It's hard to tell where stood the neat modern homes of the thousand white employes of the Royal Dutch Shell Oil company, developer of Balikpapan.

Dutch Luxury Evident

The few houses which escaped with only half demolition show the luxury in which the Dutch lived before the war. Air conditioning and patios with fountains and terraced lawns, and great refrigerators were among their luxuries.

But all this is gone. Only some of the oil that produced the wealth is left. And the fire is taking this. Balikpapan still has oil to burn.

The Japanese defenses against Australian forces led by Gen. MacArthur were elaborate. A large radio transmitter had been built under eight inches of concrete and four feet of dirt.

Amid the debris of the frame houses along the beach was a strange collection of dime store china—cases of it—bicycle bells, and late model American automobiles.

As the troops moved northward on Vasey highway toward the air strip and westward toward the town they ran into some Japs.

Casualties Begin Early

Even in the first 1,000 yards the infantry began having its casualties, and their buddies brought them back to a hospital established on the beach. The Aussie doctor dressed the wounds and put the men in a barge to go back to a ship for evacuation. Some were shot thru the stomach and the doctor shook his head sadly. "They'll be lucky if they make it thru tomorrow," he said.

The Americans had pontoon docks in place to speed the unloading of LSTs, and Aussie engineers were busy filling holes in the once asphalted Vasey highway. Bulldozers were kept busy pulling out trucks that bogged down on the beach.

AUSSIES WIDEN BEACHHEAD AND SMASH INLAND

Campaign Already 'Strategically Won'

(Map on page 2)

MANILA, July 3 [Tuesday]—(AP)—Australian invasion troops pushed within 1,500 yards of the fire-swept heart of Balikpapan on southeast Borneo today as their commander, Lt. Gen. Leslie Morshead, announced that the campaign already was "strategically won."

The Melbourne radio said both the Sepinggang and Manggar air fields had been captured by the Australians, giving the Australian air force as its authority. This was not confirmed here, but Russell Brines, correspondent on the scene, reported at 6:30 a. m. that the capture of Sepinggang was imminent. It is three miles from Balikpapan. Manggan field is 10 miles northeast of Balikpapan and seven miles from Sepinggang.

Japanese resistance increased as the Australians drove forward. Japanese 5 inch guns, hitherto hidden, opened up on the beaches, joining periodic mortar and anti-aircraft fire.

Take Three Miles of Beach

The Australians had taken more than three miles of beach and had driven better than 2,500 yards inland, Gen. MacArthur reported early today.

MacArthur went ashore four hours after the first wave hit the beaches east of the city, and pored unperturbed over an operations map while a sniper took eight shots at him and his staff.

Gen. Morshead told Brines "the first few hours" settled the ultimate outcome of the invasion Sunday when the Aussies captured the "vital Paramatta ridge on the left flank of the beachhead." The ridge put the Australians within a mile of the central docks and refineries.

The entrenched Japanese were being subjected to steady artillery fire from Australian 25 pounders. Naval gunfire silenced a number of Japanese gun positions.

Thick smoke from the burning oil storage tanks settled over the entire battle operation, during which air force repair crews began immediately to repair the captured air fields for allied use, the Melbourne radio said.

Two Miles from Air Field

American heavy, medium, and fighter bombers continued to give close support to the ground forces, while United States carrier based navy fighters hit enemy road transportation inland.

This was the first official disclosure that carrier planes were participating in the operation. The Japanese in an ambiguous broadcast Sunday night, however, had referred to the carriers.

One American plane was lost in operations which included attacks on Tawao air field and a supply area at Redeb.

By nightfall Sunday the Australian troops had overrun more than half the Klandasan section of Balikpapan, which formerly was the European residential quarter.

[The Tokyo radio said 5,000 troops made three landings at Balikpapan and another force hit the beaches near Sambodja, 31 miles northeast of Balikpapan.]

Striding up shale hills dotted with foxholes, MacArthur reached a spurlike crescent overlooking Mount Malang, first important objective of his Australian forces.

Pleased at Light Losses

MacArthur was especially interested in casualty figures and smiled when he learned only two men had been injured.

"An engagement will be measured by its casualties," he remarked later.

He walked rapidly up the beachhead and into the forward lines, pausing only twice to greet individual soldiers before reaching the command post.

"This is my return visit to Makassar strait after three years," MacArthur said, referring to the

days of 1942. Now the strait is an allied avenue which cuts Japan's conquered Indies empire in half, because ships can steam thru it to any part of the Southwest Pacific under land-based air cover.

More troops and supplies were pouring ashore from the big invasion fleet of more than 300 ships off Balikpapan. American Seabees waited for the fires to die so they could go in and repair the damage to Balikpapan harbor, which provides a good anchorage and has seven wharves.

American sailors manned the landing ships and an amphibian tractor battalion also hit the beaches with the Australians.

Japs Evacuate Pillboxes

As the Aussies moved in there was evidence of hurried evacuation by the enemy, wrote Correspondent James Hutcheson.

Some of the pillboxes were as large as a three room bungalow. One honeycombed tunnel system, evidently used as a hospital, was 600 feet long. A vertical shaft dropped 30 feet, revealing two tunnel levels.

On the nose of the ridge was a Japanese five inch gun emplacement. Boxes of unused ammunition were stacked beside it. The enemy apparently abandoned it when an allied bomb or naval gun scored a hit in front of the emplacement.

That section of East Borneo normally is under rule of the Sultan of Koete, Mahommed Parikesit, but since the Japanese landed on Jan. 25, 1942, it has been administered by the Japanese navy.

Elsewhere on Borneo, the Australian 9th division on the north coast took an enemy strong point one mile east of Australian held Beaufort and pushed on up the narrow gauge railroad leading eastward to the Japanese base of Jesselton, 50 miles ahead. Other Australians on the north Borneo coast routed a small Japanese force three miles south of the Sarawak oil center of Miri.

U. S. WRITER GETS PHONE THREAT IN BUENOS AIRES

BUENOS AIRES, Argentina, July 2 (AP)—Joseph Newman, correspondent for the New York Herald-Tribune, took up residence in the United States embassy today, saying he had received a threatening telephone call because of a dispatch regarding the Argentine political situation. The dispatch brought about a formal statement by Vice President Juan Peron, who said it was not truthful.

[Newman's dispatch said that personal rivalry between Peron and Gen. Julio Checchi, Argentine secretary of industry and commerce, led to a Peron ordered investigation of Checchi's department. Checchi since has resigned, saying he had been unfairly accused of misusing his authority.]

"Delinquents" Are Released

[Chicago Tribune Press Service]

MONTEVIDEO, Uruguay, July 2—The Argentine police have released another group of "delinquents" from the concentration camp on Martin Garcia Island. The police chief announced to assembled reporters, "Very shortly the remaining prisoners in all jails thruout the republic will regain their liberty."

Simultaneously the government press department stated that no political prisoners now are held anywhere.

YANKS TIGHTEN RING ON JAPS IN NORTHERN LUZON

MANILA, July 3 [Tuesday]—(AP)—American troops and Filipino guerrillas tightened their lines around Japanese remnants cut off in the Cordillera mountains northeast of the summer capital of Baguio in northern Luzon, Gen MacArthur's bulletin reported today.

Farther east, other American forces knocked out four enemy tanks and captured a number of vehicles as they chased Japanese troops—beaten in the battle of the Cagayan valley—deeper into the foothills of the Sierra Madres. The screws also were being tightened on the southern Philippines island of Mindanao, where the fleeing Japanese were encircled around the village of Waloe.

The Japanese were expected to try to regroup their tired and beaten forces in this area in the Agusan river valley of eastern Mindanao. Guerrillas pushed within less than a mile of Waloe without stirring up a fight.

JAP KILLS HERO YARDS AWAY FROM BUCKNER

MEZADO RIDGE, Southern Okinawa, June 18 [Delayed]—(AP)—A Japanese sniper killed Col. Harold C. [Bob] Roberts, 46, commander of the 6th marine division's 22d regiment today at almost the same hour a Japanese shell killed Lt. Gen. Simon B. Buckner, 10th army commander 800 yards away.

Roberts, a navy enlisted man in World War I, was one of the most decorated men in the marine corps.

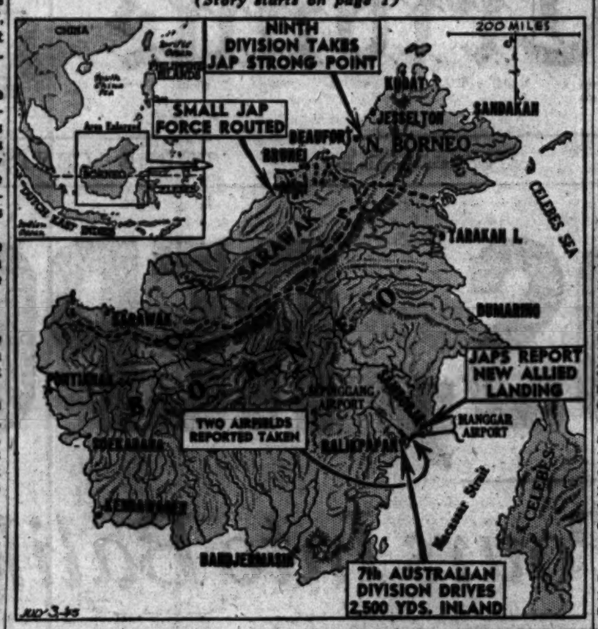
He had commanded the regiment since May 17. In that month he led forces in the drive for Naha, and in taking important ridges to the south.

SAW CUTS OFF THUMB AND FINGER

While he was operating an electric saw in a carpenter shop at 337 E. Illinois st. yesterday, the left thumb and index finger of William Kane, 32, of 2508 Moffat st., were cut off.

Report Capture of Air Fields

(Story starts on page 1)



'MIGHTY I' SHIP TO REPAY JAPS FOR SUICIDE HIT

Destroyer Is Ready to Add to Heavy Toll

San Francisco, Cal., July 2 (AP)—A great rent gapes in her hull, 15 of her enlisted men are dead and 30 wounded, but the destroyer U. S. S. Ingraham will split the seas again with her trim nose for another crack at the Japanese.

The 2,200 ton tin can," now in drydock for repairs at Hunter's Point, San Francisco, survived a direct hit by a Japanese suicide plane early in May north of Okinawa, and came home under her own power, the 12th naval district announced today.

Before receiving this nearly mortal wound the Ingraham had taken a heavy toll. She was instrumental in sinking three enemy vessels, and destroyed six of the seven suicide planes which chose her as their target in the flaming fury of a dawn attack by 70 to 80 Japanese aircraft of all types.

Nicknamed the "Mighty I" by her crew, the Ingraham was operating on the edge of the East China sea with another battle famed destroyer, the Morrison, when she was hit.

Moved in for the Kill.

Enemy scout planes sighted the two craft during the night. As daylight came the big suicide squadron moved in for the kill, diving from all directions at the destroyers and their smaller support craft.

Lt. John D. Brink, U. S. N. R., San Diego, Cal., Ingraham gunnery officer, said the Japanese threw all available planes from modern fighters to old twin engined float craft into the battle.

The Morrison was struck and badly damaged. The Mighty I steamed to her aid firing "at everything in sight." Then seven Jap suicide pilots peeled off toward the Ingraham. The ship's gunners knocked down six of them in two furious, action packed minutes.

The seventh bored thru the barrage of steel from all available ack-ack guns and crashed into the vessel's side at the water line, ramming into the crew's mess hall with its bomb exploding in the generator room.

Flames swept thru the stricken ship, and she settled in the water until her decks were within five feet of being awash. Overhead other Japanese flyers poised to deal the death blow, but American combat air patrolmen sent them plunging into the sea by the score and none reached the Ingraham.

Helps Protect Carriers

Forty minutes later rescue tugs took the crippled destroyer in tow and pulled her to safety.

The Ingraham, one of the Barton class of big destroyers, participated in the Leyte Island, Philippines, and other Southwest Pacific engagements before reaching the high mark of her 14 month career while escorting American carriers in strikes at the Tokyo-Yokohama area.

In late February she was off Iwo Island pounding enemy shore installations with her 5 inch guns. A short time later she joined the destroyer pack in protecting United States carriers softening up Okinawa for invasion.

Son of Bundist Fritz Kuhn Seized by French Troops

LONDON, July 2 [Reuters]—French troops have arrested Walter Kuhn, the son of Fritz Kuhn, former leader of the German-American bund, said a report from Frankfurt on Main quoted by Paris radio today. Young Kuhn, it was said, came to Germany at the outbreak of war. He was an honorary student of a Hitler youth leader training school and received special training for sabotage work in foreign countries, said the radio.

JAPANESE CRUISER AND TEN MORE SHIPS SUNK BY SUBMARINES

Washington, D. C., July 2 (AP)—The navy announced today the sinking of a Japanese cruiser by a British submarine operating under American control in the southwest Pacific.

In addition, the navy said United States submarines had reported the sinking of 10 Japanese vessels in far eastern waters. The 10 were a converted gun boat, a patrol escort vessel, four medium merchant vessels, a large tanker, two small merchant vessels, and a small tanker.

The cruiser was of the Haguro class, described by Jane's Fighting Ships as of 10,000-ton standard displacement with a complement of 692 and carrying 10 eight-inch guns. A navy spokesman said the British identified the submarine which sank the cruiser as the Trenchant.

MIDDLE PACIFIC COMMAND GIVEN GEN. RICHARDSON

HONOLULU, T. H., July 2 (AP)—Lt. Gen. Richardson, commanding United States army forces in Pacific ocean areas, announced today that he had been given the added title of commander of United States army forces in the middle Pacific by Gen. MacArthur. The western Pacific command was given to Lt. Gen. Wilhelm D. Steyer.

Richardson retains his title as army commander of Pacific ocean areas and commander of the Hawaiian department. Richardson said Okinawa is within his command and that he would supply and train some of the troops to be used in future landings in China or Japan.

Nimitz Names Leaders

GUAM, July 2 [Tuesday]—(AP)—Adm. Nimitz today announced the following command organization under Gen. Stilwell, commanding the United States 10th army and Ryukyus forces: Rear Adm. C. H. Cobb, commanding naval forces in the Ryukyus; Maj. Gen. Louis E. Woods, marine corps, commanding tactical air force; Maj. Gen. F. C. Wallace, army, Okinawa Island command; Vice Adm. J. B. Oldendorf, commanding 3d fleet forces in Ryukyus.

Poison Liquor Kills 29 Yanks in Manila Bars

MANILA, P. I., July 2 (AP)—Twenty-nine Americans and one Filipino have died from poison liquor since the occupation of Manila, five months ago, and the army provost marshal's office is cracking down on the city's bars, night clubs, and restaurants. One bottle of "whisky" contained four deadly "blends" of methyl alcohol, acetaldehyde, formaldehyde, and oil of carbolic acid.

PURSE AND $73 STOLEN

Mrs. Betty Maius, 1232 N. Pulaski rd., told the police yesterday that some one stole her purse and $73 while she was riding on a Grand av. street car between Damen and Western avs.

B-29s SMASH AT 3D JAP OIL PLANT IN WEEK

GUAM, July 3 [Tuesday]—(AP)—About 50 American Super Fortresses blasted the Maruzen oil refinery near Shimotsu on Japan's mainland before dawn today, less than 24 hours after nearly 600 of the B-29s struck four Nippon cities in the greatest incendiary air raid of history. Only two bombers were lost in the record fire-bomb mission.

Explosive bombs were used in the Shimotsu attack, the sixth raid in eight days by the Marianas-based B-29s against Japan. Shimotsu is 35 miles southwest of Osaka on Honshu Island. The target was the third oil plant hit in a week.

The precision demolition attacks are part of a dual bombing campaign now being waged by Maj. Gen. Le May's 21st bomber command. They are being alternated with the 500 and 600 plane incendiary strikes.

Storage Tanks in Area

Targets in the two previous precision attacks included the Utsube river oil refinery and the Nippon Oil company's plant at Kudumatsu.

The Maruzen installations produce fuel and lubrication oil and aviation gasoline. Many large storage tanks were in the target area, as well as refinery buildings.

Super Fortress crew men returned from Monday's record incendiary attack said Japanese air and ground fire opposition was insignificant.

The 20th air force, announcing from Washington that two of the B-29s failed to return, said that 20 crew members were rescued. Super Fortresses normally carry crews of 11 men each.

Eight More Ships Blasted

Search Privateers destroyed or damaged eight more Japanese vessels as they ranged from China to Japan in a strangling blockade of enemy shipping lanes, Adm. Nimitz reported.

Fleet air wing 1 has destroyed 137,875 tons and damaged 138,400 tons of Japanese shipping in the Okinawa area since it began operations there, the admiral said, as well as destroying 37 enemy planes and damaging 26.

Marine Corsairs ranged again over Kyushu Monday, shooting down eight Japanese fighters, while other Okinawa based tactical air force planes struck again at the Sakishima group off Formosa.

Two Sq. Mi. Burned Out

21ST BOMBER COMMAND HDQ., Guam, July 3 [Tuesday]—(AP)—Reconnaissance photographs disclosed today that nearly two square miles of industrial areas were burned out in the fire bomb strikes of Super Fortresses against Moji, Sasebo, Shimonoseki, and Nobeoka. The figures bring to 117 squares miles the total urban industrial areas of Japan laid waste by the Marianas based Super Fortresses.

K. O. Formosa Plants

MANILA, July 3 [Tuesday] (AP)—Heavy bomber raids have knocked out 90 per cent of Formosa's alcohol production capacity in one more blow at Japan's shrinking fuel supplies, Gen. MacArthur announced today.

His bulletin reported that a raid on the island completed the destruction of the big Heito sugar alcohol plant, which went up in what was described as "five tremendous explosions."

Fifth air force and 7th fleet Liberators hit the naval base of Mako in the Pescadores for the second day in a row Saturday.

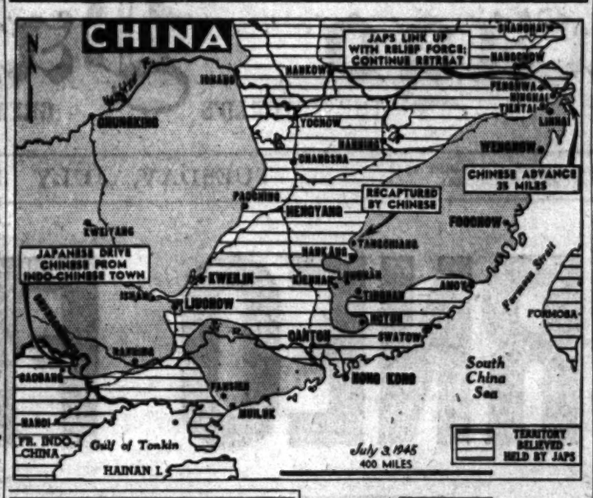
The around-the-clock aerial blockade of the Asiatic coast, extended now all the way from Shanghai southwestward to the Malay peninsula, sank eight coastal freighters and three luggers in 24 hours.

Heavy bombers blasted airdromes on the Celebes day and night and other heavies turned their attention on Malang air base in eastern Java. A seaplane base in the nearby Kangean Islands also was struck.

Charge Cook Set Canada Hotel Fire That Killed 7

RED LAKE, Ont., July 2 (AP)—District Inspector H. Storey of the Ontario provincial police announced today that Patrick L. Kieley, 38, cook, had been arrested and charged with arson in connection with a fire which destroyed the Red Lake hotel early Sunday morning. Seven persons died in the blaze and between 25 and 35 were injured.

Japs Retreat Along Coast



5 TROOP SHIPS RETURN 2,000 SOLDIERS, WACS

New York, July 2 (AP)—Five troop carriers today disembarked more than 2,000 soldiers and WACs, including 890 wounded aboard two army mercy ships.

Ships bringing in veterans of Anzio, Cassino, and the western front included, the hospital ship Thistle, with 450 patients; the Algonquin with 440 wounded, and the converted Liberties Josiah Bartlett, John Jay, and George Bancroft with upward of 400 troops on each.

Illinoisans Return

Miami, Fla., July 2 (AP)—Illinois men continue to pour into this air transport command Caribbean division hub as part of the 50,000 fighters the ATC is flying from overseas to the states each month.

Included among those clearing this army air field today for Camp Blanding, Fla., were four more Illinoisans from various battlefields. From there they go to Fort Sheridan, Ill., where they will be reassigned or released.

"It was a break to fly home," said Pvt. 1st Class Fred R. Sturges, 25, of 2651 Wabansia av., Chicago. "I'm sure a lot nearer to the loop now than I was a few days ago."

Others in the group were: Sgt. Richard H. Carthy, 25, East St. Louis; Staff Sgt. William S. Quincy, 31, of Perry, and Staff Sgt. Edward Griffin, 30 of Taylorville.

JAP FLEET HAS NOTHING LEFT, SAYS ADMIRAL

Coronado, Cal., July 2 (AP)—The Japanese fleet made its final ban i suicide charge soon after Okinawa was invaded, and today has virtually no effective fighting power left, Rear Adm. George Henderson, commander of an escort carrier task unit, said here today.

The officer has spent three years overseas and is at his Coronado home on leave. He was executive officer to Vice Adm. Mitscher when the latter was commander of the carrier Hornet during the Doolittle raid on Tokyo in 1942.

Henderson contended that the Japs have used suicide planes since early in the war. They contributed to destruction of the Hornet after the Doolittle raid, he said. "The closer we move to enemy shores, the greater will be our naval losses from suicide attacks," he said. "The proportion of hits, however, is very low."

REPORT JAPS TO MOVE CIVILIANS FROM SINGAPORE

LONDON, July 2 (AP)—Another evacuation of Singapore, this time by the Japanese, was forecast today by the Java radio, which said the evacuation of nonessential civilians would start in the middle of July.

Mobilize Freight Loaders

San Francisco, Cal., July 2 (AP)—In a Tokyo broadcast, Domei news agency said the government has ordered a new mobilization of members of the people's volunteer corps to load and unload freight.

They will be charged with "augmenting the efficiency of railways for the speediest possible movement of munitions, foodstuffs, coal, and other vital strategic goods from large cities to rural districts."

CHINESE ADVANCE ANOTHER 35 MILES UP INVASION COAST

CHUNGKING, China, July 2 (AP)—The Chinese high command indicated today that Chinese troops pursuing withdrawing Japanese forces into the teeming Hangchow bay industrial basin, had gained up to 35 miles along China's "invasion coast" and reached an area 132 miles south of Shanghai.

Without specifying the exact location of Generalissimo Chiang Kai-shek's troops pushing toward Shanghai, a Chinese bulletin said that the Japanese were continuing to withdraw along the Chekiang coast after linking up with a relief force at Ninghai, 132 miles south of Shanghai.

Almost 400 miles of China's east coast opposite Formosa apparently was now Chinese controlled from the Ninghai area south to Amoy.

More than 1,100 miles southwest of Shanghai, other veterans of China's widely scattered armies suffered a setback in Indo-China and were forced to withdraw from Trung Khanh Phu [Chungchingfu], seven miles inside the mountainous French colony, the high command acknowledged.

ZEALANDERS LINE UP TO BUY THEIR 1ST U. S. CIGARETS

[Chicago Tribune Press Service]

WELLINGTON, New Zealand, July 2—New Zealanders formed long lines today outside department stores selling American cigarets, the first ever released on the civilian market here. Tobacco hungry customers paid 40 cents for tins of 50, and 13 cents for packages of 10. The cigarets were bought by the New Zealand government from surplus army stores in the Pacific theater. Stores reported that they were cleaned out within two hours, and officials said that the supplies would last only a few days.

8 NAZIS ON TRIAL FOR HANGING OF FELLOW CAPTIVE

LONDON, July 2 [Reuters]—Eight young Germans from a prisoner of war camp at Comrie, Scotland—three SS, and three airforce men, one army and one navy man—listened at a military court in London today while a witness described the alleged "execution" of one of their colleagues after what the prosecution called a mock trial.

Iron crosses were worn by two of the accused men, who were charged with murdering Feldwebel Wolfgang Rosterg.

According to the prosecution Rosterg was dragged 60 yards along the ground by a rope around his neck to the place of execution but was dead before the actual hanging was carried out.

Witness Tells of Scene

The prosecutor charged that Rosterg had been mistreated and killed because he had said that he was not a Nazi.

Today's only witness, who was promised that his name would not be published, said that he was a prisoner of war at No. 21 camp. He said that Rosterg, his head in a noose held fast behind his back, was hit in the face with a metal bar while another prisoner read from a piece of paper said to have been found on him.

The witness said Rosterg was thrown to the ground, kicked in the face and body, and then dragged along an asphalt path.

Dragged Thru Mud

"As they were dragging him over the path they pulled his head against the curbstones," he said. He added that Rosterg was dragged thru the mud until he was black. The hanging occurred just before roll call, he said.

The witness testified that Rosterg had been given an ultimatum to hang himself before the accused finally did so.

The accused were Stuman Kuet Zuehlsdorf, under officer, Rolf Herzig, MatrozerJosef Mertens, Joachim Goltz, Harbart Wunderlich, Heinz Baueling, Erich Pallme Koenig, and Hans Klein. Rosterg was killed Dec. 23, 1944.

FILIPINOS THANK U. S. AND PLEDGE BLOWS AT JAPS

MANILA, P. I., July 2 (AP)—President Sergio Osmena signed joint resolution No. 1 of the Philippines congress today and issued a statement which said:

"I have signed a resolution expressing our gratitude to the government and the people of the United States for our liberation, and placing all our man power resources at their disposal for the prosecution of the war against Japan.

"The resolution represents the spontaneous and unanimous feeling of our people toward the great nation that has given them the largest measure of self-government known in colonial history."

Croix de Guerre to Go on 3 U. S. Divisions' Flags

PARIS, July 2 (AP)—A French army citation which will put the croix de guerre with palm on the flag of each division has been awarded by Gen. De Gaulle to the 34th, 45th, and 88th United States infantry divisions.

REDS COME IN AND YANKS MOVE OUT IN A HURRY

Soviets Occupy Magdeburg Zone Under Agreement

Cities Taken Over

LONDON, July 3 [Tuesday]—(AP)—The Moscow radio said today Russian troops had occupied the west German cities of Schwerin, Halle, Leipzig, Weimar, Erfurt, and Plauen in the soviet occupation zone following the withdrawal of allied troops. Soviet soldiers advanced "immediately behind" the withdrawing British armies and American troops, who began moving out Sunday in the final realignment of occupation forces, the broadcast said.

BY RAYMOND DANIELL
[By Wireless to the New York Times and The Chicago Tribune]

MAGDEBURG, July 1 [Delayed]—This German city, captured by the Americans and governed since May 3 by the British, was occupied by troops of Marshall Gregory Zhukov's Red army today. The occupation was by pre-arrangement with the allies, but aroused the amazement and consternation of its 127,000 remaining inhabitants. The advance of the Russian forces was general in Saxony and in Thuringia.

Soon, if they are not already there, Russian forces will be in possession not only of the rich agricultural plain lying westward of the boundaries as they were understood to have been fixed at Yalta, but also of such militarily important installations as the Zeiss factory at Jena, the huge underground buzz-bomb and rocket factories at Nordhausen, and the big Leuna chemical works at Merseburg.

Plants Are Stripped

They may, however, have difficulty in putting these plants into operation soon, for immediately after the Germans withdrew before the advancing American troops ordnance experts began moving out light and delicate precision instruments, leaving only heavy lathes and other fixtures.

The westward movement of the Red army which will take them eventually, it seems, to a point in the middle of the Hartz mountains, was pre-arranged on high level and was supposed to be carried out in three phases over as many days. But the first phase came so suddenly that it took the Germans by surprise and caused American and British troops to pack up and depart in such haste that it looked for all the world like a retreat.

Hush Over City

There was a hush over Magdeburg, which before the war had a population of 450,000. Not a soul was stirring in the streets except white helmeted German policemen who had orders to keep every one indoors. From every window people were peering out with tense, drawn faces.

Local Communists had been busy since early morning sticking up placards welcoming their "Russian brothers" and urging "workers and peasants" to unite with the soviet soldiers to build a "secure Germany."

Briton Awaits Reds

At military government headquarters which still had the Union Jack flying above it most of the detachment had gone, but Lt. Col. Edward Wadham of Derbyshire, England, the military governor of the province of Magdeburg, was sitting in his office with his kit bag packed, his swagger stick on his desk, awaiting the arrival of the Russians. His orders were to remain there until noon on Monday to turn over records and papers and haul down the British flag.

Advance elements of the soviet forces trickled into the town in the early forenoon, attracting little attention because they were riding in closed civilian cars taken from the Germans. The main body of troops entered the city at noon.

Americans Move West

American troops in the city were ordered to be inside their garrison, located in the old German barracks, by 6 p. m. Everywhere they were packing hastily and large convoys of trucks loaded with gasoline, ammunition, and other supplies were racing westward toward Weimar.

After the American occupying forces for Berlin have passed over the International bridge, the road behind them will be sealed and their only line of communication will be from Bremen thru Brunswick and the British zone of occupation. Troops and officers were doing considerable grousing about the politicians who agreed to such an arrangement.

BOOMER ASSAULTS LIQUOR STORE OWNER

Charles Wagner, 50, owner of the liquor store at 3400 Fullerton av., yesterday was robbed by a man who posed as a customer and who forced him into a rear room where he taped his mouth, bound him, and rapped him over the head with a gingerale bottle.

BRITISH PEOPLE FIND WAR CURBS LINGERING ON

BY JAMES SLOAN
[Chicago Tribune Press Service]

LONDON, June 26 [By air mail]—Altho Britain abolished scores of governmental controls over her people after the end of the war in Europe, scores of regulations remain in force. Many will not be relaxed until Japan is beaten, while others will be reviewed from time to time for possible abolition.

Britain appears to have passed all danger of invasion, but it still is an offense to be caught without one's identity card. This card, which one obtains from the police or a rationing office, must be produced to any law officer on request.

Cameras still are under some restriction, altho photographs of areas open to the public are permitted. It still is a violation of defense regulations, however, to carry a camera into some areas.

Code Writing a Crime

Only governmental workers are permitted to write in code or cipher, and a civilian violator is liable to 14 years in prison or a fine of $2,000, or both.

If a Briton finds something that has dropped from a plane he must not keep it as a souvenir. He is required to hand it to the police, who may or may not return it to him.

No street repairs may be started without the permission of the minister of war transport.

Even if a Briton's lease prohibits it, he may still raise chickens, pigs, or rabbits in his gardens, a privilege officially extended to help increase food rations.

Autos May Be Seized

Altho motorists' basic gasoline ration has been returned, giving them about 75 per cent of the American A ration, their autos or tires still are subject to being commandeered. Motor boats also may be requisitioned.

Most workers still are subject to official direction to essential jobs and may not leave them without approval. However, persons compulsorily transferred to war work in other cities have no legal claim to reinstatement in their former job once they are demobilized from war work.

Britain's defense regulation 1AA, which was passed with high promise of ending strikes in war factories, died on VE-day plus one, and so unionists no longer are subject to legal action for striking or fomenting strikes.

Youth reaching 16 still must register for essential work or for army service, and both boys and girls of 19 are eligible to be sent away from home to take essential jobs. An official explanation for continued registration is the "need to organize young people's leisure, help them join youth organizations so as to broaden their outlook, and to help them avoid 'blind alley' jobs."

Pets Still Curbed

A demobilized service man may regain the home he leased when called into the army only thru a court order if the tenant refuses to move out.

Governmental controls extend even to pets, whose pre-war freedom still has not been restored. If a pet dog strays onto some one's victory garden on ground lent the gardener officially, the dog's owner may be fined $20 unless he can prove he took reasonable steps to insure that the pet would not trespass.

Stays Aloof

Mrs. Eleanor Thompson, who did not meet returning soldier husband, Staff Sgt. William Thompson, in Pittsburgh, Pa., when the avowed father of quadruplets born in England returned home. [Associated Press Wirephoto]

Pittsburgh, Pa., July 2 (AP)—S/Sgt. William [Red] Thompson, who said last February he was the father of quadruplets born to unwed British Nora Carpenter, came home last night alone. He declined to discuss the babies and their mother.

His Pittsburgh wife, the former Eleanor Jeneman, did not meet him.

When the quads were born at Heanor, Derbyshire, England, Thompson said he was in love with their mother and wanted to marry her.

His wife has said she would not consent to a divorce.

"He's made his bed, now let him lie in it," she once commented.

Miss Carpenter said in Heanor two weeks ago she planned to bring her three babies [one died shortly after birth] here and join Thompson after his army discharge and divorce.

CLARK NAMES STAFF TO ASSIST HIM IN AUSTRIA

[By Wireless to the New York Times and The Chicago Tribune]

VERONA, Italy, July 2—Entry of American forces into Vienna is believed to be imminent, and Gen. Clark hopes he will be able to establish headquarters there in time to leave for Brazil to share the homecoming celebration of the Brazilian expeditionary force about July 17, it was learned at 15th army group headquarters here today.

Discussing the personnel of his new command in Austria for the first time, Clark said he was appointing Maj. Gen. Alfred M. Gruenther—long his chief of staff both for the 5th army and 15th army group—as deputy commander. Chief of staff in Austria will be Maj. Gen. Donald W. Brann of San Antonio.

Keyes District Commander

As district commander in Austria, Clark has chosen Lt. Gen. Geoffrey Keyes, 2d corps leader. Maj. Gen. Willis D. Crittenberger, who heads the 4th corps at present occupying northwest Italy, does not figure in the plans for Austria, but will accompany Clark to Brazil.

Two divisions formerly with Gen. Patton's 3d army will make up the body of American troops in Austria. These are Maj. Gen. Harry Collins' 42d [Rainbow] division and the 65th division. There also will be a contingent of WACS, in line with Clark's theory that it is good for the men's morale to have American girls around.

Plans Fraternization Study

Clark said he intended to study the fraternization problem on the scene before laying down policy in Austria. He plans to give the men the full use of facilities at some of the famous skiing resorts as well as arranging leaves which in effect will permit them to see "all of Europe."

"I would like every man who wants to, to see everything from Spain to Cairo," he said. "It will help him appreciate more what he's got waiting for him at home."

Clark's political adviser is John G. Erhardt of Brooklyn, N. Y., who has the personal rank of minister. He and his associate, Cecil W. Gray of Tennessee, said today that the general framework of the allied government in Austria would parallel that in Germany, with modifications "in the light of the Moscow declaration looking toward a free and independent Austria," as Erhardt put it. Supreme authority will rest in the four generals.

CARRIER PIGEON FOUND

A carrier pigeon wearing a band marked "AU 45 G" and carrying the serial number 13284 alighted on a window sill at the home of Edith Ordeane, 2737 Kimball av., last night. It was taken inside to be cared for until its owner calls.

NAZI GENERALS STILL FIGHTING—AMONG SELVES

Carry On Feuds Even in Captivity

WIESBADEN, Germany, July 2 (AP)—Feuds and personal animosities that split the German general staff during the final phases of the war did not end with the capitulation, but are being continued with vigor in captivity, it was learned today.

Most of the general staff, headed by Field Marshal Von Rundstedt, has been assembled on an acre of ground in the home of the late Gen. Diego von Bergen, former German ambassador to the Holy See. Individual members are being interrogated there. The officers have fallen into two cliques with each ignoring the presence of the other.

When Gen. George von Thomas arrived he received a note from Von Rundstedt asking him to forget an earlier incident in which the field marshal had presided over a German army court of honor hearing for Von Thomas and others. The field marshal explained that only his sense of military duty had made him preside over the court.

Tosses Note in Wastebasket

Von Thomas, in the presence of his American captors, read the note and tossed it into a wastebasket, saying, "Tell Gen. Von Rundstedt I neither wish to see him nor to speak with him."

The cleavage dates to the Hitler bomb plot last July which resulted in the hanging of Field Marshal Erwin von Witzleben and a sentence to a concentration camp for Von Thomas and others.

Another ranking officer being detained at "the generals' house," as the rendezvous is called, is Gen. Franz Halder, former German chief of staff. At the time of the Sudetenland crisis he headed a panzer division which he said had orders to move into Berlin and kill or capture Hitler.

Von Rundstedt and his clique have different sittings at dinner than the clique represented by Von Thomas and Halder. They pass one another sometimes under the trees in the yard, but do not speak.

Wait to Wash Hands

Before Von Rundstedt arrived, Field Marshal Ewald von Kleist was the ranking officer and customarily sat at the head of the table. He sat there the night Von Rundstedt arrived, but Von Rundstedt moved in and grandly swept him aside.

At this time Von Kleist also occupied a room that opened into the only bathroom in their section of the house. The other generals didn't dare go thru Von Kleist's room, but washed their hands in the kitchen sink.

"It was nothing to see half a dozen generals standing around in the kitchen waiting their turn," an American officer said.

Gen. Alexander von Falkenhausen, former commander of German troops in northern France and Belgium, has become known as "Chow Hound Falkenhausen" because of his great appetite.

Pfc. Francisca Rolek of East St. Louis, Ill., a guard, declared: "Back in 1939 they said they wanted living space. They've got it now—one acre."

Investigate Crash

HOLLANDIA, New Guinea, June 30 [Delayed]—(AP)—While five paratroopers still awaited rescue from New Guinea's "hidden valley," authorities continued an investigation of the crash of a transport plane May 13 which brought death to 20 of 23 passengers. The three survivors were brought from the valley by glider and tow plane last week.

They told investigators emergency equipment of the wrecked plane did not contain flares which might have speeded discovery by search planes of their isolated position in the Oranje mountains. The trio said it was possible the flares were discharged when the plane burned, however.

Awaiting rescue are Capt. Cecil E. Walters, Master Sgt. Santiago Abrenccia, Los Angeles, Tech. Sgts. Roque Velasco, San Francisco, H. E. Casillo, Sacramento, Cal., and Sgt. Alfred Baylon, Chicago, members of the glider rescue party.

JAPS THREATEN SUICIDE DEFENSE OF HOME ISLES

San Francisco, Cal., July 2 (AP)—The Tokyo radio said today that "the curtain is about to be raised on the homeland battle," and reiterated that "both men and women, young and old" would join in a suicidal defense for an "ultimate victory."

It asserted that new and improved suicide planes would attack the invasion fleet, and, "If the enemy manages to barely reach the shores, our air force and surface special-attack corps will attack him in body-crashing action." And if the invaders get ashore, the broadcast added, "Our army forces will thoroly smash him with body-crashing tactics also."

Tokyo claimed that the United States and Great Britain, fearing defeat in invasion would crush the fighting spirit of their peoples, are trying to entice Russia to enter the conflict to end the war quickly.

HINT DEAL WITH JAPS TO FREE GEN. WAINWRIGHT

SALZBURG, Austria, July 2 (AP)—Thirty-three members of the Japanese embassy to Berlin left by plane today for the United States to figure in a prisoner exchange. It was suggested here that the exchange might liberate Lt. Gen. Jonathan Wainwright, hero of Bataan and Corregidor.

Among the Japanese were Gen. Hiroshi Oshima, Japanese ambassador to Berlin; Adm. Hideo Kojimabara, and Lt. Gen. Mitsuhiki Kamatso. The Japanese were seized at Bad Gastein in the Austrian Tyrol when Germany was falling.

They departed with this message, delivered thru an interpreter, from Pvt. Michael Cipkowski, New York, "You won't recognize your country when you get back."

AMERICAN ARMY ADVANCE UNITS ENTER BERLIN

PARIS, July 2 (AP)—Advance units of American occupation forces have entered Berlin to set up communication facilities and arrange billeting for the veterans of World War II, scheduled to march into the German capital tomorrow, it was disclosed tonight.

Supreme headquarters revealed that a mobile radio transmitter was sent ahead with an advance party of troops, and Press Wireless, Inc., announced in New York that the station had been set up in Berlin. SHAEF said the advance party had been sent ahead to arrange billeting for the main body of troops. The mobile transmitter will handle the file of some 200 allied correspondents who are due to enter the city with main American, British, Canadian, and French forces tomorrow and Wednesday.

The main occupation forces of the western allies already were moving toward the capital or awaiting the signal to go.

SHAEF KNOWS 'NOTHING' ABOUT MASS RAPINGS

PARIS, July 2 (AP)—Supreme headquarters said today it had no knowledge of an alleged incident at Stuttgart to which Sen. Eastland [D., Miss.] referred on Friday in a senate debate. Eastland said French Senegalese troops locked 5,000 German girls in a subway for five days and criminally assaulted them.

SHAEF also had no comment on Eastland's statement that it was necessary to disarm "a good many Negro soldiers in Normandy" because they broke into French farm houses nd attacked French women.

It was stated, however, that there were no Negro combat troops in the Normandy campaign. The only Negroes used there were service troops.

Zeeland Leaves Austria After Leopold Conference

SALZBURG, Austria, July 2 (AP)—Former Premier Paul van Zeeland left today for Brussels after a three day conference with King Leopold III. on the Belgian political situation. He was accompanied by other Belgian leaders.

THIS CHARTER OR NONE, TRUMAN TELLS SENATE

Foreign Dignitaries Beam from Galleries

[Continued from first page]

international court of justice is annexed to the charter.

"I am appearing to ask for the ratification of the charter, and the statute annexed thereto, in accordance with the Constitution.

World Watching U. S.

"The charter which I bring you has been written in the name of 'We, the people of the united nations.' Those peoples—stretching all over the face of the earth — will watch our action here with great concern and high hope. For they look to this body of elected representatives of the people of the United States to take the lead in approving the charter and statute and pointing the way for the rest of the world.

"This charter and the principles on which it is based are not new to the United States senate or to the house of representatives.

"Over a year and a half ago the senate, after thoro debate, adopted the Connally resolution, which contained the essence of this charter. It called for 'a general international organization based on the principle of the sovereign equality of all peace loving states, and open to membership by all such states, large and small, for the maintenance of international peace and security.' What I am now presenting to the senate carries out completely this expression of national and international necessity.

Congress Helped Shape It

"Shortly before that the house of representatives passed the Fulbright resolution—also favoring the creation of international machinery with participation by the United States.

"You and the house of representatives thus had a hand in shaping the Dumbarton Oaks proposals, upon which the charter has been based.

"No international document has been drawn in a greater glare of publicity than this one. It has been the subject of public comment for months. This widespread discussion has created the impression in some quarters that there were many points of disagreement among the united nations in drafting this charter. Naturally, much more public attention was given to the items of disagreement than to the items of agreement. The fact is that there were comparatively few points upon which there was not accord from the very beginning. Disagreement was reduced to a minimum—and related more to methods than to principles.

Differences Settled

"Whatever differences there were were finally settled. They were settled by the traditionally democratic method of free exchange of opinions and points of view.

"I shall not attempt here to go into the various provisions of the charter. They have been so thoroly discussed that I am sure you are all familiar with them. They will be so thoroly discussed on this floor that you and the people of the nation will all have a complete expression of views.

"In your deliberations, I hope you will consider not only the words of the charter but also the spirit which gives it meaning and life.

Objectives Are Clear

"The objectives of the charter are clear.

"It seeks to prevent future wars.

"It seeks to settle international disputes by peaceful means and in conformity with principles of justice.

"It seeks to promote world wide progress and better standards of living.

"It seeks to remove the economic and social causes of international conflict and unrest.

"It is the product of many hands and many influences. It comes from the reality of experience in a world where one generation has failed twice to keep the peace. The lessons of that experience have been written into the document.

This Charter or None

"The choice before the senate is now clear. The choice is not between this charter and something else. It is between this charter and no charter at all.

"Improvements will come in the future as the united nations gain experience with the machinery and methods which they have set up. For this is not a static treaty. It can be improved—and, as the years go by, it will be—just as our own Constitution has been improved.

"This charter points down the only road to enduring peace. There is no other. Let us not hesitate to join hands with the peace loving peoples of the earth and start down that road—with firm resolve that we can and will reach our goal.

"I urge ratification. I urge prompt ratification."

Frees Actor Carradine, Calls Arrest a 'Mistake'

Los Angeles, Cal., July 2 (AP)—Holding that the arrest of Actor John Carradine last week for alleged $4,116 alimony arrearage was a mistake, Judge Roy V. Rhodes today discharged him, vacated the arrest order, and exonerated his $2,000 bail. Carradine's divorced wife, Ardenella, had him arrested on the claim he was planning to leave the state with the intent of avoiding alimony payments. The court upheld Carradine's contention he was planning to go to New York to earn more money to fulfill his alimony obligation.

CUT RAIL TRAVEL OF BUROCRATS, WHEELER URGES

[Chicago Tribune Press Service]

Washington, D. C., July 2 — Sen. Wheeler [D., Mont.], chairman of the senate interstate commerce committee, urged in a letter to President Truman today that government agencies curtail the railroad travel of their employes. He told the President he has received numerous complaints that federal employes are crowding trains on unnecessary trips and cause delays at ticket windows filling out government travel forms.

Wheeler reminded Mr. Truman of the President's recent request that the public refrain from traveling while troops are being redeployed to the Pacific. Wheeler said that as interstate commerce committee chairman he has received letters calling his attention to the fact "that a tremendous lot of Pullman car space used in this country today is occupied by government employes going on what the writers of the letters claim to be useless journeys."

SENATE WASTES NO TIME GIVING O.K. TO BYRNES

[Chicago Tribune Press Service]

Washington, D. C., July 2—The senate wasted no time today in confirming James F. Byrnes, former South Carolina congressman, senator, Supreme court justice, and war mobilizer, to be secretary of state in President Truman's cabinet. He will succeed Edward R. Stettinius, who resigned last Friday.

Byrnes' nomination, announced by the President Saturday in Kansas City, Mo., was reported to the senate when it convened at noon today. He was confirmed without objection.

Thus Mr. Truman's fifth cabinet change since taking office was made official. Other new cabinet officers are Agriculture Secretary Anderson, Atty. Gen. Clark, Labor Secretary Schwellenbach, and Postmaster General Hannegan.

As secretary of state, Byrnes will be next in line for the Presidency under existing law. He will be sworn in tomorrow at 11 a. m.

CAMERA TAKEN BY THIEVES

U.S. FOREIGN POLICY IMPARTIAL TO REDS, BRITISH, SAYS GREW

Washington, D. C., July 2 (AP)—The state department emphatically set forth today a policy of impartial friendliness toward both Britain and Russia.

In a communication to an informal committee of congressmen it also restated the department's dedication to the principles of the Atlantic Charter and a determination to pursue an active course in international affairs, aimed at achievement of this country's own aims.

Acting Secretary Grew wrote the outline to Rep. Coffee [D., Wash.], leader of a group of four house members who called at the state department May 31 and asked five specific questions about this country's foreign policy.

"It can be stated unequivocally that the United States has no tacit understanding thru which it has become 'de facto' or otherwise a part of an Anglo-American or any other front against the soviet union," Grew wrote.

"Conversely there is no truth in assertions that we are 'playing into the hands of the soviet union' to the detriment of the British empire or any other nation."

REPORT CHARTER FLAWS FOUND BY HOLY SEE

VATICAN CITY, July 2 (AP)—An authoritative Vatican informant said today that the San Francisco conference had caused some disappointment at the Holy See. While the charter stressed the principle of self determination of peoples, he added, no mention was made of the fate of the Baltic states and Poland.

The Vatican approved of the spirit of the charter in general, Holy See was favorable to any initiative aimed at guaranteeing a just peace in the world.

The creation of economic and social councils is regarded by the Vantican as a "step ahead over the old league of nations because it is designed to strike at the roots of international conflict," the informant said.

PARIS SHOWS IN MANY WAYS GIs AREN'T WANTED

BY GRAHAM MILLER

[New York News Staff Correspondent]

WEIMAR, Germany, July 1 [Delayed] — American troops in Paris are feeling—and resenting—the fact that they don't seem to be welcome any more. The French are showing this in countless little ways. The drink you are paying so dearly for is slapped down upon the table in front of you. In the metro [subway] you get your toes rather needlessly trod upon and to sit in a bar pretending not to speak the the language is quite often to hear sneering references to "occupying troops."

This sentiment is not universal, but it is sufficiently widespread to be noticeable. When it becomes apparent to GI's that a Frenchman in a strangely fitting suit it trying to insult not only them but the uniform they are wearing and the country they represent, they very naturally lean over and take a poke at the offender.

Can Buy Only Trinkets

Then there's a free-for-all until the MP's arrive to break it up. One night last week there were more than 400 MP's on patrol in the Montmarte district alone.

The reason for this irritation isn't hard to find. For their part, the GI's, battling against the rate of exchange of 50 francs to the dollar, feel resentment when they find that almost the only presents they can send to the folks back home without enormous sacrifice are cheap trinkets and bottles of dubious perfume from which the scent evaporates with bewildering rapidity almost before the gaudy wrappers are taken off.

Then they see sleek and over dressed young men eating meals in restaurants which would cost them almost all the money they've been saving for their leaves.

Can't Lose Bad Behavior

The reasons for the French resentment go deeper. Fundamentally, the French have a sneaking suspicion that their war record isn't too good and, like all people with an inferiority complex, they tend to bluster and throw a chest. Also, the French as a nation seem to be suffering from a national sickness—years of occupation during which trickery was a virtue and the black market a patriotic necessity because it denied the Germans foodstuffs they needed.

All this can't be forgotten in a few months. The French created a sort of Frankenstein monster of unethical behavior and they can't get rid of it. The result now is that if the ordinary Frenchman wants something—from a pair of leather shoes to a pound of coffee—he has to plot and scheme to get it and pay highly for it in the bargain.

Still Romantic City

But on the surface Paris is still the romantic, glamorous city of song and story. GIs on leave from all over the continent sit on the cafe terraces along the boulevards, blinking in the sun and watching the crowds go by.

Almost every girl in town seems to have a bicycle and a more or less uniform cycling costume. It is rather like a skating costume—blouse, ultra-short skirt fluttering around bare legs and low heeled, colored shoes.

In the evening the street lights come on all along the boulevards, shining silvery green thru the leaves of the trees, and music from restaurant orchestras blends with the noise of traffic.

POST WARNINGS ON CARS LACKING $5 USE STAMPS

Several hundred warning notices were placed on automobiles parked near the Washington Park race track and Comiskey park Sunday without the $5 federal automobile use stickers which became valid July 1, Nigel D. Campbell, collector of internal revenue, said yesterday.

The car owners must appear at branch offices of the internal revenue department and prove they have purchased the stamps. Motorists who fail to buy them will be subject to criminal prosecution for tax evasion.

Campbell said that altho July 1 was the deadline for buying the new stickers, deputy collectors will not be out in force until July 10 to issue notices to negligent motorists.

ARMY RETURNS HUMMER PLANT TO WARD FIRM

Springfield, Ill., July 2 (AP)—The army late today returned possession of the Hummer Manufacturing company to Montgomery Ward and company, and withdrew military controls enforced when the seizure was ordered May 20, 1944, by President Roosevelt.

The action followed a demand by Chairman Sewell L. Avery of Wards on June 1 that the war department return the property.

Col. Nelson S. Talbott, war department representative, operating the Montgomery Ward subsidiary here, issued the following statement:

"Acting under the authority vested in him by the executive order of the President, dated May 20, 1944, the secretary of war has directed that the plant and facilities of the Hummer Manufacturing Co. of Montgomery Ward and company, Inc., in Springfield, Ill., be restored to private management.

"War department possession of the properties was relinquished at 4 p. m. [CWT.] today, July 2, 1945. The action was taken immediately after receipt of a report from Col. Nelson S. Talbott, war department representative, that recent developments in the labor situation at the Hummer plant had provided assurance that productive efficiency would be maintained if the war department withdrew."

The army seized the plant after a 17 day strike of 450 AFL machinists over Ward's refusal to accede to a war labor board order granting the workers maintenance of union membership. The men returned to work the day after the seizure and there have been no subsequent interruptions.

The Hummer plant manufactures airplane parts.

Two Yanks Steal Safe and $133,000 in Italy; Caught

ROME, July 2 (AP)—Crammed with $133,000, a United States army safe hijacked on the Rome-Florence highway has been recovered intact and two American prisoners who escaped from a stockade have been recaptured and accused of the holdup, headquarters said today. The recaptured prisoners are Sylvio T. Mathieu and Rodney S. Trevanion.

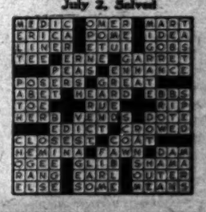
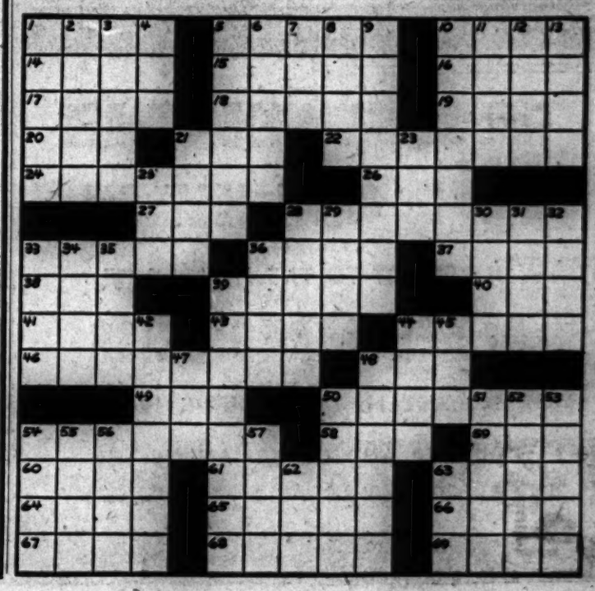
Puzzle of Monday, July 2, Solved





REPORT RUSSIA WORKS TO OUST TURKEY REGIME

Leftist Rule Seen as Way to Control Straits

BY CLAY GOWRAN
[Chicago Tribune Press Service]

ISTANBUL, Turkey, July 2—Altho the exact nature of the demands made against Turkey a week ago by Russia remains a secret, there are indications that Stalin, in his latest diplomatic drive on this strategically vital country, is after far bigger game than mere revision of the Black sea straits treaty and acquisition of two relatively unimportant sections of eastern Turkey.

Reliable sources said today that the Kremlin is resolved to stop at nothing to replace the strongly anti-communist Saracoglu government with a leftist administration looking to Russia rather than England and the United States for support. This is believed to be Russia's principal aim in regard to Turkey.

The Soviet Viewpoint

Months ago, a Russian, according to soviet sources, expressed the soviet viewpoint in the following words: "Russia cannot accept on her frontiers the existence of any government that is not disposed to follow a policy entirely friendly to soviet interests."

Soviet broadcasts to Turkey, night after night for months, have attacked the Saracoglu government as fascist, and have sought to sow seeds of dissension among Turkish subjects.

The establishment of a leftist government in Turkey would virtually complete the cordon of leftist buffer governments that Russia has built across Europe in recent months, it was pointed out. If Russia could achieve the Kremlin sponsored administration here, it would mean eventual control of the straits, long a Russian dream.

Contribute to Unrest

Turkish newspapers today headlined stories declaring such a government is the real goal of the Russian political moves against Turkey. The stories contributed to the general unrest and fear that Turkish citizens have felt since the news was first disclosed that Stalin has outlined to the Turkish government a list of revisions he demands before any new treaty can be discussed to replace the Russo-Turkish friendship and neutrality pact denounced in March by Moscow.

Pin Hopes on Allies

The Turkish press also dwelt at length on an unconfirmed report that Russia, in exchange for the two sections of eastern Turkey she reportedly is demanding, promised to do all in her power to force return of the Aleppo region in northern Syria to Turkey. Just how the soviets intend to persuade the Syrians to giving up this area was not explained.

The Turks put their main hope for a way out of their troubles in the visit of Foreign Minister Hasan Saka to London, where he is expected to report the crisis to Prime Minister Churchill. The Turks also hope England and the United States will be able to do something to halt the Russians at the next Big Three meeting.

In any event, the Turks say they will fight rather than yield to any humiliating soviet demands.

YANK SERGEANT TELLS OF BUYING ISLAND FOR $800

LEYTE, P. I. (AP) — Sgt. Francis Foster of St. Louis, Mo., revealed today that he owns a whole island in the Fijis, complete with coral reefs, lagoon, coconuts, and natives. He first saw it and fell in love with it while in the crew of a Dutch merchant ship in 1930. Five years later he joined the army air force at Scott Field, Ill., and in 1936, when he won $800 in a card game, he went to the British consul in St. Louis and amazed that official by saying he wanted to buy the island.

Sgt. Francis Foster

But after three weeks of red tape winding the consul gave him a deed to the island.

In 1938 Foster took his wife, formerly Georgette Meister of Athens, Ill., and his mother-in-law, Mrs. George Meister, to visit the island and they stayed two weeks. Some day, he says, he's going to retire from the air force and go back to his private Shangri-la.

20,000 CANADIANS TO STAY

WOKING SURREY, Eng., July 2 [Reuter]—During the Canadian Dominion day ceremony at Brookwood, Woking Surrey, yesterday F. C. Phipps, organizing secretary of the British legion [Canada branch] said that more than 20,000 Canadians had decided to remain in Britain.

Seek Custody of Her Son

Mr. and Mrs. Allen Ashcraft in county building yesterday where she sought custody of her son, Kent, 7.

[TRIBUNE Photos]
Berrien Tarrant, former husband of Mrs. Ashcraft, who seeks to retain custody of their son.

Avoided Publicity

Fear of publicity prompted Mrs. Jean Jackson Ashcraft, 35, of 618 Judson av., Evanston, to give Berrien Tarrant, 35, her former husband custody of their son, Kent, 7, 10 months out of the year, she testified yesterday before Judge John J. Lupe in Superior court.

Mrs. Ashcraft is seeking to gain full custody of the boy, and was represented in court by her husband, Atty. Allen Ashcraft, to whom she was married April 5.

She said she feared publicity and blackmail. "My former husband [Tarrant], without evidence, accused me of adultery," the attractive witness said, "and that accusation was found to be false."

Ashcraft last week was named defendant in a $50,000 alientation of affections suit filed by Tarrant.

Judge Lupe recessed the hearing until today and instructed Tarrant to bring Kent to court "so the court may learn what the boy has to say."

LABORITES DENY SECRETS WOULD LEAK TO PARTY

Dictatorship Charge Hurled at Churchill

LONDON, July 2 (AP)—In an exchange of letters on the eve of Thursday's general elections, Prime Minister Churchill asked Labor Party Leader Clement R. Attlee tonight what control the party's executive committee would exercise over a labor government, and Attlee replied none.

Churchill's letter reiterated his recent suggestion that the 27-man executive committee of the opposition party would be told the highest state secrets, and called upon the former deputy prime minister to say whether the committee would dictate government foreign policy.

Attlee said commons would determine policy under a Labor government and asserted that neither the committee nor its chairman, Prof. Harold Laski, had authority to instruct members of parliament.

"Who's the Boss?"

The prime minister charged that any Labor government would have to take dictation on foreign policy and military affairs from Prof. Laski, and demanded that Attlee establish his position in respect of Laski—in other words, "who's the boss?"

The Laborite, who might be Churchill's successor as prime minister in the event of a Labor victory, said Churchill's concern over the issue was due to what he termed "his lack of acquaintance with procedures of democratic parties in general and the Labor party in particular."

Churchill campaigned thru London for the city's millions of votes in an open auto, reiterating his plea for a heavy Conservative party majority to give him the power to speak for Britain in world councils.

Methods of a Dictator

Laborite Arthur Greenwood told other Londoners that Churchill's campaign methods were "those of a dictator because he has endeavored to make the election a personal matter, rendering his followers ciphers with no contribution to make to the struggle."

Laborite Herbert Morrison struck the same theme with the statement that "we are voting for a parliament and not for a fuehrer."

Attlee campaigned, too, asking London voters to "give us the chance to govern—we've never had it," and his lieutenant, Ernest Bein, campaigned on national issues.

FATAL SHOOTING CALLED SUICIDE

A verdict of suicide was returned yesterday at an inquest into the death of Louis L. Kramer, 40, of 4851 N. Albany av., who was found shot thru the head in his home Sunday.

BRITISH AND RED RIVALRY UPSETS DUTCH STABILITY

BY HAL FOUST
[Chicago Tribune Press Service]

THE HAGUE, Holland, July 2—British and Russian rivalry for continental influence is complicating Holland's struggle for domestic political stability, scores of Dutch interviewed during the last week said. They declared, however, that the pressure from these powers will not prevail, and that the Netherlands will resume its independence when it has settled its internal affairs in its own plodding way.

Dr. Willem Schermerhorn, the new prime minister, has merged the left wing elements of 53 prewar political parties. The new party, called the Netherlands People's movement, has removed P. S. Gerbrandy, who ruled as prime minister for the government in exile in London for five years.

Schermerhorn rose from leadership in the underground forces, which now constitute a new political factor. The Reds, professing to be independent of guidance from Moscow, are seeking more power in the post-war administration. Schermerhorn denied the Communists' request for three cabinet seats. The underground is now asking for 50 seats in the emergency parliament now in session.

Reds Want Elections Promptly

The Communists also are seeking prompt elections, while the country is in unrest, hungry, cold, and jobless, and while the Russian army's military glory—aided by American equipment—is still fresh in memory.

Schermerhorn has resisted this pressure, saying it will be a year before an election is held, unless it is precipitated by a parliamentary vote of no confidence.

The Dutch underground, which donned arm bands and displayed parachuted firearms after the German capitulation, appears to be losing some of the popularity gained during the hilarity immediately following the liberation.

It has arrested 35,000 alleged collaborationists, and harassed and interrogated others who contributed to the nazi ruled society.

Schermerhorn, sensing the resentment to the unusual police activity, has announced that the underground will be disbanded by September. One proposal for the disposition of minor offenders is to conscript the physically fit for the Dutch forces in the Pacific.

Four Red Papers Thrive

On other domestic fronts, the Communists have fared better. The conservative prewar newspapers are suppressed, awaiting government inquiry into their managements' loyalty to Holland during the nazi rule. Four Communist newspapers are thriving in the meantime. The largest is named De Waarheid, which, like the Pravda of Russia, means the truth.

British influence, on the other hand, is thru the government in exile, part of which is still in London, and, as in other European kingdoms, thru social contacts of royalty and interlocking financial interests. The Canadian army is billeted in the Lowlands, and has held a series of parades and reviews. The other day Queen Wilhelmina and Gen. H. D. Crerar, Canadian commander, reviewed the troops.

The British also are receiving favorable publicity from allied emergency rations which the Canadian army trucked to west Holland. A Dutch newspaper editor said that he had some of the cans from England in his pantry. He showed this correspondent four of them. Three were meat and vegetables with labels showing they were canned in Chicago. The fourth was salmon from California.

WORKER FOUND DEAD

Louis Barnack, 65, a worker in the Freeland Nurseries, Dundee and Founders rds., Wheeling township, was found dead in his quarters in the rear of the nursery yesterday. He had apparently died of natural causes.

PRE-MUNICH LINE O. K.'D BY REDS, CZECHS ASSERT

LONDON, July 2 (AP)—Czechoslovak Prime Minister Zdenek Fierlinger said tonight in a Prague broadcast reported by the Czechoslovak news service that Russia had assured Czechoslovakia she had a full right to her pre-Munich frontiers but insisted the Czech dispute with Poland over the Teschen district must be settled by mutual agreement. [The Czechs have agreed to cede their Ruthenian province to Russia.]

The broadcast was the prime minister's first report to the Czechoslovak nation since his return from a conference with the Poles in Moscow. Teschen, in dispute for many generations, was taken over by Poland from Czechoslovakia in 1938 shortly after Munich.

The prime minister also disclosed that the Czechoslovak delegation in Moscow had claimed the German areas of Kladsko [Glatz], Ratibor, and Hlumcice. Russia advised the delegation that these claims must be settled at the peace conference.

SEES SINO-SOVIET PACT GROWING OUT OF PARLEYS

MOSCOW, July 2 (AP)—A high foreign diplomatic source said today that the conversations of Chinese Premier T. V. Soong with Russian officials covered virtually every issue of Chinese-Russian policy and predicted the talks would bring "most heartening news to any one interested in inter-allied relations."

The diplomat said the arrangement of a new alliance or pact between China and the soviet union was "not beyond possibility."

He stressed that Soong's first meeting with Premier Stalin had been most encouraging and said the spirit in which Stalin received the Chinese premier should be applauded by all peoples interested in seeing closer unity between Russia, China, the United States, and Britain.

Priest Fined for Attack on Janitor in Moscow

MOSCOW, July 2 (AP)—Father Leopold M. Braun, formerly of Worcester, Mass., now pastor of Moscow's Roman Catholic church of St. Louis des Francais, was convicted today of assaulting the Russian janitor of the French embassy. He was fined 100 rubles. Representatives of the United States embassy were present at the trial of the priest, who is an American citizen.

Presses Divorce

MARTHA O'DRISCOLL

Hollywood, Cal., July 2 (AP)—Martha O'Driscoll, blonde movie actress, today was granted court permission to prosecute her divorce suit against Comdr. Richard Adams, who had blocked the trial under the soldiers and sailors act by refusing to give his consent.

Miss O'Driscoll's lawyers argued Adams had been in California more than a year, had been served with a copy of the complaint, which charged cruelty, and that no property is involved.

The couple was married in 1943 and separated March 24, 1944. Miss O'Driscoll filed her suit last January.

DYING BATAAN VETERAN COMES HOME SMILING

Fort Worth, Tex., July 2 (AP)—Corp. James E. Newman came home smiling from the war today, but he brought with him effects of the infamous Bataan march of death and three years in a Japanese prison camp which doctors say will be fatal.

He came in an ambulance and attendants carried him into the house.

Scarring his 6 foot 2 inch frame were the ravages of tuberculosis, laryngitis, malnutrition, and beriberi, which had reduced his weight to 98 pounds.

His parents, Mr. and Mrs. O. F. Newman, requested that he be allowed to return home from a hospital since doctors said he couldn't live, Mrs. Newman said.

On Dec. 7, 1941, Newman was to have boarded a ship which was to bring him home from the Philippines. His three year hitch in the army was up. The Jap attack halted his voyage.

Newman was among those liberated from Cabanatuan. Then he was taken to New Guinea.

RUSSIA WANTS A SEAT; TANGIER PARLEY STALLED

LONDON, July 2 [Reuters]—The conference on the future international status of Tangier, due to open in Paris tomorrow between Britain, the United States, and France, was postponed at the last minute today as a result of the soviet request to be included. It is now doubtful when the talks will begin.

While the soviet request was under consideration unofficial exchanges on the subject were proceeding between British, American, and French delegations already in Paris.

Soviet Ambassador Alexander Bogomolov is believed to have informer French Foreign Minister Georges Bidault that it was not a question of Russia being informed of the talks, as originally proposed, but of her being consulted in the same manner as the other three powers.

Hope for Stronger Control

Pending the result of the Paris talks, there appeared to be a general hope here that British and American influence in the administration to follow Spain's unilateral occupation would be stronger than in the past.

[An Associated Press dispatch from Madrid said Gen. Franco has called a meeting of the Spanish cabinet for tomorrow, and that the session is expected to last thru the British elections Thursday.]

Plan to End Spain Control

Washington, D. C., July 2 (AP)—The allies are about to end Spain's control of Tangier, where Gen. Franco made a grab to dominate the Straits of Gibraltar when it seemed that Britain had lost the war.

The plan is to work out a British, French, United States program for restoring the strategic stretch of the northwest African coast to its former international status, and then tell Franco how it is going to be done.

The state department bluntly announced today that Franco moved in "by unilateral action," and that in view of the end of the European war "there no longer appears to be any justification for the continued occupation by the Spanish of the international zone."

AN ANGRY CORPORAL TALKS HIS TEETH OUT BOSSING ISLANDERS

Washington, D. C., July 2 (AP)—An exasperated corporal in New Guinea really put teeth into his dealings with the natives.

The natives refused to take seriously their work for the quartermaster corps. The corporal had tried every way he knew to speed them up and then, in a burst of words, his false teeth popped out.

"The incident," the army gravely reported, "caused great concern among the natives. From then on, the corporal was looked upon with respect and awe, and his orders were obeyed with alacrity."

RESTORE HOME RULE IN AMERICA, GOVERNORS URGE

Burocrats Assailed at Mackinac Parley

BY ARTHUR EVANS

[Chicago Tribune Press Service]

Mackinac Island, Mich., July 2—Restoration to the 48 states and to local governments when peace comes, of powers taken by the federal government during the war was today's theme at the 37th annual governor's conference. The assembly hall of the Grand hotel, with plenty of coloring and flags was reminiscent of the San Francisco conference, on a reduced scale. Seven governors, Republicans and Democrats, argued for a return to grass-root home rule and self-government.

Gov. Maw

Private enterprise was held to be the major agency for carrying out the slogan "60 million jobs" if attainable. Calls were sounded to combat the extension of burocratic control into the post-war era, and of government into business.

Keynote by Gov. Maw

In his keynote address, as conference chairman, Gov. Herbert B. Maw of Utah, a Democrat, said citizens have gladly surrendered many cherished freedoms during the war, but in so doing have tasted "the bitter pill of autocratic government and do not like it."

"In our hearts," he said, "we rebel against having some agency tell us what we might eat, how we must run our businesses, what crops we might raise, or which we might work. Americans don't like to be told what they can do. They want the privilege of working out their own destinies. They want the American type of freedom."

Restore Old Freedoms

"Restoration of the old freedoms," Gov. Maw said, is the basic subject of concern to the citizens.

Taxation is a chief problem in preserving the entity of states, cities, and other local units, Gov. M. J. Tobin of Massachusetts, a Democrat, argued. He said the 123 billion dollars raised by the federal government, in the four war years, is more than the total federal revenue collected from the days of Washington up to Dec. 7, 1941.

"This astronomical debt," said Gov. Tobin, "can be handled only by intelligent coöperation of federal, state, and local governments."

Gov. Raymond E. Baldwin of Connecticut, Republican, said he had no illusions about the problem of putting the slogan "60 million jobs" into reality.

"Government doesn't make either jobs or wealth," Gov. Baldwin said. "Prosperity is not something that is poured in at the top in Washington and seeps back into the little town or village. It's the other way round."

Urges End of Handouts

If the states want to stop erosion of their powers, they must stop sticking their hands out for federal money, remarked Gov. Herbert R. O'Conor of Maryland, Democrat.

"Self-respecting action on the part of the states," he said, "instead of a policy of grabbing for federal aid and deploring federal extension, is not unduly costly."

Gov. O'Conor argued that when nation-wide programs are projected, the state is the proper agency for supervising such programs.

What Indiana has done in the last twp years in promoting relations between the state government and counties, cities, and villages, was described by Gov. Ralph F. Gates, Republican. He pleaded for a return to home rule of the grass-roots type.

"We must depend on the sound sense of the people who make up underlying units—townships, city, county, and village," he said.

Welcome Speech by Kelly

Major steps in which Indiana has given effect to this philosophy, cited by the governor, included: Flood control, a program to develop aviation; an effort to revise state and local tax laws; a public employes retirement act, aid for veterans, reforestation, health improvement and unemployment compensation.

In his speech of welcome, Gov. Harry F. Kelly of Michigan, a Republican, remarked that the problem of federal-state relationship is the most fundamental task before the conference.

Discussing decentralization of industry, Gov. Earl Warren of California, Republican, analyzed the shifts of population to war industries in new regions, California having gained a million and a half people, a 25 per cent increase over 16 in 1940.

"The western problem," he said, "is not reconversion but conversion to something new in the field of basic or secondary industry, if that region is to maintain full employment for its swollen people."

Comdr. Harold Stassen, a delegate to the San Francisco security conference, tonight spoke upon the results of the parley. He urged the governors to exert their power to insure solid support of the war against Japan, and to study questions of world policy and give full expression to their views.

DAY by DAY on the FARM

by BEN MARKLAND

Garden seeds before (left) and after coating with material containing insecticides, fungicides, and fertilizer.

Coated hybrid corn seeds which were planted recently in the farm garden.

July 2, 1945

★The GARDEN★

THE procedure for planting vegetable seeds in July and August is different from that followed in the spring planting period. The subsoil moisture is lower than in the spring and warm July and August weather hastens the capillary movement of water thru the soil. For these reasons, it usually is necessary to plant seeds deeper than in the spring and water the planting furrow before seeding.

In hot weather plantings of carrots, beets, Chinese cabbage, cauliflower, lettuce, and other vegetables, a good plan is to use a pointed hoe to make a furrow three to four inches deep, especially if the garden is on high, well-drained soil. If the soil is comparatively dry at that depth, the furrow should be soaked thoroly with a hose or sprinkling can. Dry soil then should be returned to the bottom two inches of the furrow before placing the seeds, leaving two inches as the planting depth. Capillary action will insure the seeds' use of water applied to the bottom of the furrow.

THE planting and cultivation of many vegetables and field crops will be changed by the the new seed-coating process developed by a Midland, Mich., chemical plant.

The process already has been widely accepted by sugar beet farmers, with resultant improvement in the rate of germination, method of seeding, and vigor of plants. In addition, the coating process reduces labor costs by eliminating the necessity of "thinning" the plants in the row.

The seed coatings contain chemical fungicides to prevent rotting and seed disease, as well as fertilizer and accelerating agents to hasten germination. Sugar beets were the first seeds to be coated on a commercial scale but experimental work has been started in coating the seeds of tomatoes, beets, carrots, onions, cucumbers, lettuce, corn, and other common vegetables. The Wheaton farm gardener has procured a supply of coated seeds for experimental planting in the sample garden this summer.

Holds Great Possibilities

The work already done in the sugar beet industry shows the future possibilities of the chemical coating process. The natural sugar beet seed is a rough, rather porous material. Because of its irregular shape and texture, it will not pass thru a precision planter. In addition, each seed contains several germs and before the coating process could be made practical, it was necessary to find a way of separating individual seeds into units containing only one germ. This was done by agricultural chemists.

With natural seed, sugar beets were planted in rows, then had to be thinned with hand implements, leaving only one plant to each 12 inches. Now the coated seeds are planted with precision drills which space them evenly and eliminate all hand thinning and hand cultivation. This saving of labor has more than offset the cost of the coating. In planting natural seed, the rate of germination is about 65 per cent. With coated seeds containing fungicide and fertilizer, and uncrowded in the rows because of perfect spacing, the rate of germination is 92 per cent.

Ends Thinning Process

The coating material will not crumble or disintegrate during handling or storage but dissolves immediately on contact with moisture in the soil.

In vegetable gardens, the coating process will mean elimination of the thinning labors for such crops as beets, carrots, onions, lettuce, and other vegetables having small seeds. The seeds will be dropped at the desired spacing in the furrow, just as peas, beans, and other large seeds now are planted. In addition, the new process, because of the fungicide content of the coating, reduces the danger of "damping off," black rot, and seed decay which occurs during wet, cold planting seasons.

Seize Washington Couple on Charge of Mail Fraud

Mrs. C. M. Hill, 60, and her stepbrother, George Driggers, 60, both of Washington, D. C., were arrested in a near north side hotel yesterday by Postal Inspector M. L. Goldsmith and lodged in the detective bureau for appearance before United States Commissioner Edwin K. Walker today on a charge of using the mails to defraud. Goldsmith said they carried on a correspondence with a Chicago man who thought he was in touch with the mother of a lonesome blonde as advertised in a matrimonial paper.

ROTARY BOARD SELECTS THREE VICE PRESIDENTS

The new board of directors of Rotary International, meeting yesterday for the first time in Rotary headquarters, 35 E. Wacker dr., elected three vice presidents. They are Herbert J. Taylor, 300 Ashland av., Park Ridge, first vice president; C. P. Wang of Chungking, China, second vice president, and Carlos Hoerning of Santiago, Chile, third vice president. Philip Lovejoy, 2033 Bennett av., Evanston, was elected secretary for the fourth consecutive year. No action was taken by a special committee appointed to study the question of shifting Rotary from Chicago, its birthplace, to Denver, Colo., and it was said no action is expected before another six months.

FOOD SCARCITY BIG 1946 ISSUE, BROWNELL SAYS

The prime issue of the Republican party in the 1946 congressional campaign will be the mismanagement of the nation's food supply, in the opinion of Herbert Brownell Jr., chairman of the Republican national committee, who met yesterday with Republican state chairmen and vice chairmen of 13 midwestern states in the Stevens hotel.

Brownell described the meeting, which will continue thru today, as an organization gathering to outline programs for radio, publicity, women's work, and small contributions. He said the national committee is a "service organization" and offered help to the Republican senators and congressmen who set the policy of the party and to the state party organizations.

Republican Veterans Organize

Brownell also will take part in another meeting being held concurrently in the Palmer House by Republican veterans' representatives. Twenty-eight Republican war veterans, selected by Republican state chairmen, are setting up a veterans' division under the national committee there, with the intention of attracting the veterans' vote to the party ticket.

"The food shortage will be a main political issue," Brownell said. "We gave the Truman administration opportunity to take our program of production and distribution of food, which was offered in a friendly spirit. It called for two major points, the appointment of a food czar authorized to see that there is food on the table of the average American family, and the making of necessary changes in the price control act, in line with the amendment of Rep. Andresen [R., Minn.]

"That offer was rejected and the Truman administration thus has taken the responsibility. Time will tell whether their program will work or whether there will be a continuation of the muddled food situation."

Asserts Charter Won't Be Issue

Brownell said foreign policy—at least the question of ratification of the San Francisco world security charter—will not be an issue in 1946. He praised the work of the four Republicans in the American delegation—Comdr. Harold E. Stassen, Sen. Vandenberg [R., Mich.], Rep. Eaton [R., N. J.], and John Foster Dulles of New York—as an example of "constructive leadership" of the party.

Brownell made his remarks at a press conference. In a speech earlier he told the state chairmen that "the Truman administration has given practical evidence of its adherence to practices thru which its predecessor sought to debauch the electorate by misuse of public funds.

"Where the early New Deal sought to buy votes with funds appropriated by congress to care for the unemployed and starving, the Truman administration, working thru one of the President's most intimate personal and official associates — until he was caught and moved to another office — sought to buy votes in a special congressional election in Montana with funds voted for the construction of a veterans' hospital. I am referring to Edwin McKim, erstwhile chief administrative assistant to the President."

Aims at Majorities in Congress

Brownell pointed to Republican gains in the Montana election and in the Illinois judicial elections as an "encouraging sign," and said that the party's object in 1946 is to win majorities in congress. He and the Republican state leaders were entertained last night at a dinner in the Stevens tendered by the Illinois state central committee. Chairmen from Indiana, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, South Dakota, Ohio, Wisconsin, Iowa, Oklahoma, and Illinois attended.

"I wish we weren't such modern parents. A good spanking is what they need."

COUNTY ALLOTS $100,000 FOR A SUPER-HIGHWAY

The Cook county board yesterday appropriated $100,000, to be taken from gasoline taxes, for use in the planning of the Congress street superhighway. George A. Quinlan, chief engineer of the county highway department, informed the board that this sum would be matched by the government. The city has already authorized $200,000 for the same purpose, and it is expected this also will be matched by Washington. Total cost of the project is estimated at more than 42 million dollars.

At the request of Dr. Edward A. Piszczek, county physician, the board will hold a special meeting next Monday to consider a proposal that a county health department be established separate from the public welfare bureau.

Pay raises aggregating $20,000 a month were authorized for workers in the public assistance division of the bureau. Actually, this will cost the county nothing. The employes work for the state, which is to reimburse the county for the increase.

STATE REVENUE AIDS TO DISCUSS FULL VALUE TAX

A conference is to be held Friday in the offices of the state department of revenue to discuss the duties of the department in connection with the recently adopted law to place properties in Illinois on the tax rolls at full cash value.

Paul C. Rosenquist, director of the department, said the law would mean much work for him and his associates. It requires the department to bring all county assessments up to full value.

Rosenquist said he did not believe the completely equalized assessments would be made for the 1945 taxes [to be paid in 1946]. Some legal experts have contended that the revisions must be made for the 1945 levies, and that there will be time to do this. It is expected this will be one of the points to be discussed at the conference.

K. P. Aldrich, Postmaster General's Aid, Resigns

Washington, D. C., July 2 (AP)—The White House today announced the resignation of Kildroy P. Aldrich, first assistant postmaster general since 1943. Aldrich, 68, was born in Alhambra, Ill.

New Director

Paul M. Angle, new director and secretary of the Chicago Historical society. [TRIBUNE Photo]

A. OF C. TO BACK CHICAGO AS SITE OF WORLD GROUP

The Chicago Association of Commerce will coöperate fully with Mayor Kelly in his efforts to have Chicago designated as headquarters of the united nations organization, Leverett S. Lyon, chief executive officer, said yesterday. Mayor Kelly, who is now in Washington, D. C., announced last week his plans to campaign for this objective.

Lyon pointed out that the association last May proposed to the then secretary of state, Edward R. Stettinius Jr., the advantages and inducements that Chicago offers as international headquarters. The association, he added, will continue its efforts in this direction.

The Chicago Rotary club's civic committee, which has just taken up its duties for the ensuing year, unofficially declared it is in favor of the mayor's proposal and believes Chicago to be the logical selection.

John S. Clark, Waukegan School Leader, Retires

John S. Clark, superintendent of Waukegan public schools, retired yesterday and Dr. H. R. McCall, former professor of education at the University of Missouri, was installed in the post.

HISTORY SOCIETY PLANS MUSEUM OF WAR'S RELICS

Plans for developing a great museum of exhibits of the relics that Chicago area soldiers and sailors have collected in World War II, were announced yesterday by Paul M. Angle, former state historian, who has succeeded the late Dr. L. Hubbard Shattuck as director and secretary of the Chicago Historical society.

Angle said many veterans of the war in Europe and the Pacific are bringing home valuable relics which will be displayed in the family parlor until their novelty wears off, then be moved to the attic, where they eventually may be lost or discarded. He urged that veterans offer their unusual souvenirs to the society, which can preserve them for the education of future generations.

Midwestern Museum

Some war trophies, such as invasion currency, maps, and documents, are highly perishable unless properly handled, and these should be turned over to the society before they deteriorate, Angle said. He said his plans include exhibits of arms, uniforms, flags, medals, and similar trophies and souvenirs for public display. He also hopes to get a photographic record of the war's events and personalities, especially as related to the central western area of which Chicago is the center.

Most of the society's exhibits are designed to be permanent, but several rooms will be devoted to temporary exhibitions. Angle said many war souvenirs would be of great interest now for the current display rooms while the permanent exhibit is being collected.

Concerning the operation of the society's museum, Angle said he wanted to continue its policy of presenting exhibits that are appealing, entertaining, and have real teaching value.

Campaign for Members

Angle said he hopes to undertake a campaign to increase the society's memberships, both for increased revenue and to boost interest in its work. Memberships range in price from $10 to $1,000. Next year the society will celebrate its 90th birthday.

Until his appointment to the Chicago post Angle was secretary of the Illinois State Historical society and secretary of the Abraham Lincoln association in Springfield.

BACKACHE, LEG PAINS MAY BE DANGER SIGN
Of Tired Kidneys
If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.
The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.
If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

WLB SUSPENDS VACATION PAY OF AKRON STRIKERS

Stops Other Benefits at Goodyear Plant

Akron, O., July 2 [Special]—Sharp disciplinary action from the war labor board in Washington against striking employes of the Goodyear Rubber company today added to the tenseness in this world rubber manufacturing center where rubber production has been at a virtual standstill for 24 hours.

The Goodyear plant, with 16,700 employes, and the Firestone plant, with 16,000 employes, are closed by strikes, and the plants of three other rubber companies, B. F. Goodrich, General Tire and Rubber and Mohawk, are down for a week's vacation for repair and rehabilitation of equipment.

Several hundred railway cars, loaded with crude and synthetic rubber, solvents, carbon black and fabric, are piling up in the railroad yards here, it was learned. These cars cannot be unloaded because of the strikes, it was said.

Vacation Pay Cut Off

The WLB blow at Goodyear strikers was a curt cancellation of its order of April 3 awarding shift premiums and vacation pay. The WLB simultaneously wired officers of the Firestone local URW-CIO that the Firestone strike "constitutes a direct interference with the nation's war effort," and is a "flagrant violation of the no strike pledge of your union."

The Firestone strike began yesterday. The Goodyear workers have been on strike since June 17.

Informed of the WLB action against Goodyear strikers, C. V. Wheeler, local head of the Goodyear URW-CIO union, said, "They've taken away our rights. We'll stay out until we get them back." He then advised strikers to apply for unemployment compensation.

The vacation pay provisions canceled by the WLB called for one week's pay for those with one year's service, and two weeks' pay for those with five years or more.

Bonuses on Two Shifts

The suspended shift premiums called for 3 cents an hour extra for persons working between 6 p. m. and 6 a. m., bringing the total bonus for 2d shift workers to 4 cents an hour and for 3d shift workers to 8 cents an hour.

Pickets guarded the gates of the Goodyear and Firestone plants today. At the Goodyear plant the pickets turned back some 3,800 clerical employes.

The WLB said the Goodyear strike is over the company's handling of grievances and the Firestone strike over negotiation of a new contract.

Paper Strike Continues

New York, July 2 (AP)—A union spokesman said today newspaper delivery workers, on strike since midnight Saturday, had no intention of conforming with a war labor board order that they end the stoppage by tomorrow.

The WLB in Washington had ordered the striking Newspaper and Mail Deliverers union [Independent] to go back to their jobs tomorrow morning or come before the board on Wednesday to show cause why the strike should continue.

William Mapel, vice chairman of the publishers association, said the organization will print papers tomorrow and expected deliverymen to deliver them.

CARNEGIE STEEL STRIKERS STAY OUT THIRD DAY

The 201st work stoppage in Chicago area plants of the Carnegie Illinois Steel corporation since war began completed its third day yesterday as 28 striking maintenance employes kept 234 other employes from working at their usual jobs. As of yesterday afternoon, 9,500 tons of steel had been lost by the strike.

The striking men are members of local 65 of the United Steel Workers of America [CIO], and are employed on motor maintenance in the No. 3 Bessemer shop. They demand a full maintenance crew on all three shifts as against the company policy of concentrating the majority of crews on the day shift.

The company has offered substitute jobs to all men made idle by the strike.

Police Lt. Flannigan Retires After 36 Years

Lt. Thomas Flannigan of Morgan Park station, a policeman for 36 years, holder of 10 creditable mentions and two awards of extra compensation, will retire Thursday, his 63d birthday.

4,000 THREATEN A WALKOUT IN 39 FOUNDRIES

Spokesmen for the International Moulders and Foundry Workers' union [AFL] said yesterday that approximately 4,000 workers in 39 foundries in Chicago and the Fox River valley have voted to go on strike if no agreement is reached at a July 9 meeting of union and management representatives.

The union said previous negotiations for paid holidays, sick leave, and rest periods have been deadlocked. If negotiations fail, a strike date will be set after the July 9 meeting.

Foundries affected, outside of Chicago, are in Aurora, Joliet, and Batavia.

30,000 Garment Workers Take Vacation with Pay

By agreement with manufacturers, members of the International Ladies' Garment Workers' union [AFL] and the Amalgamated Clothing Workers of America [CIO] started a one week vacation with pay yesterday. No clothing will be made here this week. More than 30,000 needleworkers are on vacation, 10,000 from the AFL and 20,000 from the CIO union. The unusual vacation for an entire industry was welcomed by both employers and workers, said Morris Bialis, international vice president of ILGWU, because it came between seasons.

WOMAN'S BODY TAKEN FROM POND

The body of Mrs. Ann Hayden, 68, of 639 Armitage av., was recovered from the North pond of Lincoln park yesterday. She had been dead an hour.

STRIKE ON ELECTRIC RAILROADS HELD IN ABEYANCE BY UNIONS

The wage dispute between the two operating unions of the Chicago, North Shore and Milwaukee and the Chicago, Aurora and Elgin electric railroads marked time yesterday as both sides awaited action by the national mediation board.

A strike scheduled for early yesterday was called off temporarily on Sunday to allow action by the NMB.

The unions involved are the International Brotherhood of Railroad Trainmen and the International Brotherhood of Locomotive Firemen and Engineers. They seek wage increases of 12 to 16 cents an hour.

The North Shore line carries 321,000 passengers a week and 38,000 tons of freight. The C. A. & E. carries 151,000 passengers and 6,500 tons of freight.

If the very first three doses do not relieve that cruel pain to your satisfaction—your money will be refunded. Don't suffer. See your druggist today and get NORITO on this guarantee.

STORY OF GIRL IN GANG DEATHS CALLED 'DREAM'

For nearly six hours yesterday State's Atty. Tuohy and police quizzed a bespectacled young woman with a diary who professed to "know something" about two gangland murders. One policeman even interrupted his vacation to be present. In the end, the girl's story was branded "a poorly fabricated dream."

The murders were those of James D. Larkin, alias Jens Larrison, who was killed in Mat Capone's Cicero tavern on April 18, 1944, and James [Red] Fawcett, who was shot in a south side barroom May 25 last. Capone, brother of the notorious Al, was charged with the Larkin murder, but later cleared.

Police Learn Her Name

The girl who said she knew something about these crimes at first identified herself as Annette Capone and said she was a former sweetheart of Mat. Once she suggested that she was his wife. [Capone's wife's first name is Annette.] Later she disavowed each relationship.

Last night police established that the girl's name is Rosemary Cushing, that she came from Dubuque, Ia., some years ago—she's now 24—that she once was married to a man named Wendenburghe, that she used the name Virginia Bland, and that she was sentenced in 1942 to a year and a day in a federal institution for women for a bad check deal across the Illinois-Missouri state line at St. Louis.

Miss Cushing was arrested Saturday by Fillmore st. police for allegedly trying to pass a $572 bad check. Later she told police she had information about the Fawcett and Larkin murders. Yesterday she was taken to the detective bureau for questioning.

Takes Diary with Her

She took with her a diary in which she had recorded her thoughts in shorthand. The book also was filled with newspaper clippings which told of the two crimes.

Among those who questioned her were State's Atty. Tuohy, his first assistant, Wilbert F. Crowley, Detective Chief Storms, Acting Capt. Tom Alcock of Fillmore st., and Lt. Phil Breitzke, head of the homicide detail, who interrupted his vacation to be on hand. Three police squads were held in readiness for possible arrests. Several agents of the federal bureau of investigation stood by.

During the examination three men were brought in. Miss Cushing had picked out their pictures. But they were innocent and freed. The rest of her information, State's Atty. Tuohy said hours later, was no better. What she knew, he added, was what she read in the newspapers or heard in tavern gossip, and it all added up to nothing.

Quizzed in Killings

(Story in adjoining column)

Miss Rosemary Cushing, known also as Virginia Bland, who was questioned yesterday in the investigation of the James D. Larkin and James (Red) Fawcett murders.

70,000 PACKING UNIONISTS TO GET WAGE HIKE

Retroactive wage agreements of three unions with the nation's five big meat packers were approved in Washington yesterday by Director of Economic Stabilization Davis, ending a long fight.

Patrick F. Gorman, secretary-treasurer of the Amalgamated Meat Cutters and Butcher Workmen [AFL] estimated here the 125,000 workers were involved in Armour, Cudahy, Swift, Wilson, and John Morrell plants. The war labor board said only 70,000 workers were involved.

The agreements, also made with the United Packing House Workers [CIO] and the Brotherhood of Packing House Workers [Independent], provide increases ranging from 1½ cents to 15 cents per hour, with a guaranteed work week of 36 hours.

STRIKE HINDERS BUS SERVICE ON GREYHOUND LINE

A strike of garage employes in Memphis, Tenn., and Paducah, Ky., has interfered with Greyhound bus passenger service south of Effingham, Effingham county, officials of the line said in Chicago yesterday.

James Stiepeck, dispatcher in the Chicago office, said ticket sales south have been suspended because no guarantee of service could be made.

O. J. Borree, dispatcher at Effingham, terminal for the Dixie Greyhound line involved in the strike, said the service from St. Louis to Memphis was the only run affected, and that the company was rerouting passengers on parallel lines.

SLAIN WOMAN'S HUSBAND WILL AID IN INQUIRY

Columbus, O., July 2 (AP)—Donald Berridge, 31, whose estranged wife, Marie Beavers Berridge, a former Chicagoan, was found strangled to death in a Detroit rooming house last Friday, reported to Columbus police headquarters tonight to aid police investigation.

"I see you are looking for me. Well, here I am," Berridge, a former merchant marine, told Police Lt. Howard Hinton. Berridge said he had read of the slaying in newspapers, and that he had been working in Columbus since he was discharged from the merchant marine last April.

The scantily clad body of his wife, 25 year old redhaired former night club singer, was found bruised and gagged in her Detroit rooming house.

Detroit police said they sought Berridge for questioning and reported they were told Berridge and his wife separated in June, 1942. Berridge told Columbus police he met his wife in 1937.

Russia Punishes Soldiers for Slaying of Bishop

VATICAN CITY, July 2 (AP)—An official Vatican source said today that Russian authorities are believed to have punished "the drunken soldiers" accused of fatally wounding Msgr. William Apor, bishop of the Hungarian city of Gyor, on April 1.

MASKED ROBBER GETS $56

A man carrying a revolver and wearing a handkerchief mask robbed Paul Joachim, 3102 Madison st., of $56 and 100 gallons worth of gasoline ration coupons at a service station at 1621 S. Western av., where Joachim is night attendant, he told police yesterday.

Richardson Offers to End Hawaii's 10 P. M. Curfew

HONOLULU, T. H., July 2 (AP)—Lt. Gen. Richardson said today he is willing to rescind Hawaii's 10 p. m. curfew whenever the public desires. It can no longer be defended on grounds of military security, Richardson said, "and I have felt that way for many months."

IN THIS WEEK'S POST—
A CLEAR, FORCEFUL ANSWER TO THE QUESTION THE WHOLE WORLD IS ASKING...
CAN WE LIVE WITH RUSSIA?
by Demaree Bess
AFTER four years spent in Moscow with an alert ear to things "inside" Russia . . . and now fresh from the San Francisco conference . . . Demaree Bess writes of the most important problem of the peace. And America may well read, and re-read, his interesting and practical conclusions.
Here, facing the facts as they are, is an answer to those who cry "totalitarianism"; here is a definition of what we and Russia fought for, a plain statement of Russia's aims, her creed, her political shrewdness, her attitude toward war.
It is written with a clear understanding of the workings of the Soviet system—and it states with candor the basic facts that should govern Russian-American relations if we are to work out some method of living amicably in the same world.
"Can We Live With Russia" is the kind of significant reading millions look for and expect to find only on the pages of the Post.

These Four Chaplains Died That Men Might Live
FROM the pen and heart of Joseph Auslander, one of the great poets of our day, comes this inspired tribute to the four chaplains who went down with the transport Dorchester. Two Protestants, a Catholic, a Jew. "Three faiths, one blazing Truth they knew." An illustrated poem for every home in the nation—of whatever faith—to read, frame and treasure.
THEY KEPT THE FAITH
by Joseph Auslander
The Tourists Say 'WOW'
Color-illustrated trip through New York's fabulous Rockefeller Center
by Don Wharton
THE Grand Canyon, Mount Vernon, the Statue of Liberty—all take second place to the nation's top tourist attraction, Rockefeller Center. If you can't take the trip yourself, here is its wonders and its miracles on these brilliantly colored pages. Band of dancers that has played to 75 million customers. And of the odd and unusual things people do and say at the Big Town's biggest attraction.
Democracy is Really Wonderful
by Paul Gallico
WITH the courage of a man who has no fear of women, Mr. Gallico bravely tackles the problem of putting a lady's social level. Two sweet young things from Chicago's fashionable North Shore stood the social set on its ear, and Mr. Gallico brings the whole thing out even, as usual, amid sounds of laughter. If you like Gallico, and most people do, you mustn't miss it.
MY JAPANESE JAILER
by Maj. Livingston P. Noell, Jr., Medical Corps, Army Air Forces
A SURVIVOR of the infamous Death March from Bataan, this American Major was a P.O.W. for thirty-four months, five of them in a prison camp under a Jap lieutenant named Sasaki. Major Noell's report on what he saw there—including wholesale beheadings—gives you a shocking, close-range look at a typical Nipponese officer . . . a man who was alternately a strutting rooster, a perplexed clown, and a brutally sadistic savage.

ARMY, NAVY LIST YANKS KILLED AND WOUNDED

49 from Chicago, Nearby Are Included

[Chicago Tribune Press Service]

Washington, D. C., July 2—A casualty list, containing the names of navy men killed and wounded, and army personnel killed and wounded in the Pacific regions, was made public today by the office of war information. The list includes the names of 49 men from Chicago and vicinity.

The next of kin have been informed of any changes in the status of casualties since this report was compiled, the OWI said.

CHICAGO AND VICINITY

Yanks Liberated from German Camps

[Chicago Tribune Press Service]

Washington, D. C., July 2—A new list of United States army personnel, liberated from prison camps in Germany, was made public today by the office of war information. The list includes the names of 15 from Chicago and vicinity.

CHICAGO AND VICINITY

Brucato, Louis D., T/5—Son of Charles Brucato, 2709 S. Princeton Ave.

Hopp, Paul, Pfc.—Son of Mrs. Rose Hopp, 3660 N. Orchard St.

Gumbar, Anthony G., Pvt.—Husband of Mrs. Frances R. Gumbar, 2858 N. Emerald Ave.

Sievers, Henry E., 1st Lt.—Son of Henry F. Sievers, 816 S. 21st St., Maywood.

Smith, Harry B., Pfc.—Husband of Mrs. Mary S. Smith, 3900 N. Menard Ave.

Therrien, John H., 1st Lt.—Son of Mrs. Emily M. Therrien, 3030 Walter Ave., Northbrook.

Walczyk, Charles J., Pvt.—Son of Mrs. Martha K. Walczyk, 2827 N. Rockwell St.

Wickman, Norman H., S/Sgt.—Son of Mrs. Minnie T. Wickman, 1421 N. Orchard St.

Wiesner, Reinhold C., Pfc.—Brother of Oswald Wiesner, 6430 Union Ave.

Williams, Walter F. Jr., Sgt.—Husband of Mrs. Lucy V. Williams, 601 S. Cumberland, Park Ridge.

Wojcik, William A., Pfc.—Brother of Miss Genevieve Wojcik, 1648 W. 21st pl.

Woodrich, John E., S/Sgt.—Son of Mr. and Mrs. Nicholas G. Woodrich, 6730 S. Artesian Ave.

Yanwieuich, Charles, Pfc.—Husband of Mrs. Rosaline D. Yanwieuich, 1838 N. Maplewood Ave.

Zak, George K., Pfc.—Son of Mrs. Agnes C. Zak, 836 Highland Ave., Forest Park.

Zusag, William T., Pvt.—Husband of Mrs. Gladys G. Zusag, 416 Grant Ave., Joliet.

INDIANA

Wright, Merris R., Pvt.—Son of Mrs. Ella Wright, 1705 Nelle St., Anderson.

U. S. NAVY HALTS SEGREGATION OF NEGRO RECRUITS

Segregation of Negroes for recruit training has been discontinued as of Sunday in execution of the navy's established policy of nondiscrimination among all personnel, the 9th naval district headquarters at Great Lakes, Ill., said yesterday.

Induction centers have been directed by the bureau of naval personnel to assign Negroes, except illiterates, to the nearest recruit training command on the same basis as white personnel. All recruits classified as illiterates will be assigned to Camp Peary, Va. Heretofore all Negroes were trained at the United States Naval Training center at Great Lakes.

Training commands also were directed to assign Negro and white recruits to the same companies and make barracks, recreation halls, and other facilities of training centers available to all personnel alike.

TRANSFER GIVEN JUDGE BORRELLI ON LOSS OF GAS

Because he has been deprived of gasoline coupons and also no longer has an automobile, Judge Francis Borrelli of the Municipal court was transferred yesterday from the South Chicago and Grand Crossing police courts to the Torts court, room 1125 in city hall. He exchanged places with Judge George L. Quilici.

Judge Borrelli's gasoline allotments were canceled by his rationing board because he took an unauthorized trip to Hot Springs, Ark. He then sold his car. He was recently transferred to the south side courts from the Torts court.

Chief Justice Edward S. Scheffler transferred him back on his showing of lack of auto transportation for the far south side trips.

Merit Medal Awarded to Columnist Ernie Pyle

Washington, D. C., July 2 (AP)—Award of a posthumous medal for merit to Ernie Pyle, war correspondent, was announced today by the army, navy, and state department. It will be presented tomorrow night to Mrs. Pyle, who will fly here from Denver. Military and diplomatic officials, including British Ambassador Halifax, will take part in the tribute to the correspondent who was killed by a Japanese sniper.

Free Again

Joe Infield looks between bars of his bed in Kansas City, Mo., after his head was freed by policemen wielding hammer.

Kansas City, Mo., July 2 (AP)—Joe Infield, 21, ice cream plant employe, awoke this morning to find his head caught firmly in a five inch space between bars of the footboard of his bed.

An hour later, he was freed—by the combined efforts of his wife, his mother-in-law, 10 neighbors, and two policemen.

"I really can't say just how I did it," Infield said, rubbing his neck. "It's impossible!"

"He seemed to be having a nightmare," Mrs. Infield said. "I reached out to shake him awake, and there were his feet on the pillow and his head sticking thru the bars."

When the bars failed to yield to pressure, Mrs. Infield's mother rushed out for a hack saw and returned with 10 neighbors. Everybody took turns at the saw, but after 30 minutes the bed rail had only a couple of scratches and Infield's neck was nicked when the saw slipped.

Then two policemen applied a chisel to the bar and whammed away with a heavy hammer. The rail broke cleanly.

TEEN-AGE CROWD GOES TO INQUIRY INTO FATAL DUEL

High school boys and girls crowded an undertaking chapel at 1837 W. 18th st. yesterday to attend an inquest into the death of Charles Dryden, 14, of 2919 Quinn st. He was fatally stabbed Saturday night in a knife and dagger duel with John [Jinks] Taubery, 17, of 1456 W. 18th st., in defense of Betty Albrecht, 1837 Loomis st., a Jungman High school student. The duel occurred in the home of Dryden's sister, Mrs. Catherine Brudnicki, at 3150 Green st.

Deputy Corner Edmond J. English ordered the inquest resumed in the county morgue July 26. By that date Taubery and Miss Albrecht are expected to have recovered from injuries they received in the duel.

Police said Taubery will be charged with murder, intent to rape, and intent to assault. He was paroled June 22 from Illinois State Training School for Boys, near St. Charles, to which he was sentenced last October for tampering with an automobile.

Rudolph Albrecht, 55, father of Betty, was released yesterday from alimony row in the County jail with the consent of his former wife, Saida.

BOY OF 14 KILLED AS FIREWORKS STAND BLOWS UP

A boy about 14 was burned to death and scores of children were imperiled early last night in the explosion of a fireworks stand in Kiddieland, an amusement park at 1st and North avs., in an unincorporated section of Leyden township, near Maywood.

Several other children buying fireworks and four girl clerks rushed to safety as fire enveloped the octagonal stand packed with about $20,000 worth of holiday explosives.

Police are investigating to determine whether the dead boy is Donald Lewis, 13, of 1631 N. Nashville av., who has been missing since he told a chum he intended to go to the stand.

Blast Heard for Miles

The first explosion, heard for miles, was followed by intermittent blasts of rockets, flares, and firecrackers, which scattered burning debris in all directions among children in the park. The stand, formerly a hamburger stand, was leveled.

Sgt. Dominick Colucci and Patrolman James Guangi of the state highway police, reported that the boy may have been knocked down by the blast or trampled by other shoppers. His body, burned beyond recognition, was found near the rear of the 35 foot wide structure.

Four young Negroes, seized as they rode bicycles away from the park, told Sgt. Colucci they saw a white boy about 16 light a match and touch it to a piece of fireworks stored behind wire.

The Negroes are Alonzo Brown, 12, of 411 S. 11th av.; John Hamilton, 14, of 617 S. 13th av.; Malvurse Mays, 12, of 638 S. 12th av., and Charles Gunn, 14, of 407 S. 11th av., all in Maywood. They told police they fled because they feared they would be accused.

Owner Closes Other Stand

Thomas Naples, 45, a Maywood truck gardener and owner of the stand who has three sons, closed another stand he had in operation directly opposite the park. His stands had been licensed by Cook county and the state.

Chief John McGinnis and county highway police yesterday closed three fireworks stands after they arrested the owner, Daniel Landerman, 4056 W. 16th st., on charges of illegal sales of fireworks. The stands are at 9300 and 9230 S. Western av., both in Evergreen Park, and at 6520 S. Cicero av., Bedford Park. All three are adjacent to the Chicago city limits.

Fireworks in the three stands were confiscated. Landerman will be arraigned July 12 before Justice of the Peace Henry J. Pendl in the Willow Springs county highway police station.

'ONE MAN ARMY' HELD IN JAPAN, COUSIN LEARNS

Capt. Arthur W. Wermuth, 29, the "One Man Army" of the Philippines before the fall of Bataan, is held in a Jap prison camp on Honshu Island, Mrs. Harry Wolfe, 2628 Farwell av., a cousin, was notified yesterday. Mrs. Wolfe said that the message, which stated Capt. Wermuth was in good health, was received by his mother, Mrs. Clara Wermuth, in Washington, D. C., from the Red Cross. It was the first direct information of him in many months, Mrs. Wolfe said, and dispelled fear that he may have perished on a Japanese prison boat which was bombed in the Pacific. The fifth and last message from the soldier was received by his wife, Jean, a surgical nurse in Traverse City, Mich. All of his notes have said he was well.

HIGHLAND PARK VETERAN NAMED AS AID TO WOLL

Hugo Sonnenschein, Jr., 28, of 327 Egandale rd., Highland Park, was appointed an assistant United States attorney yesterday by United States Atty. J. Albert Woll. He was admitted to the bar in 1942, a year after receiving his law degree from the University of Virginia. In 1943 he received a medical discharge from the marine corps after serving six months.

NEGRO OFFICERS ACQUITTED BY A NEGRO COURT

Fort Knox, Ky., July 2 [Special]—Verdicts of not guilty were returned here today by an all-Negro board of officers sitting in the general court martial of two Negro lieutenants accused of forcing their way into a club for officers at Freeman field, Ind., three months ago.

The officers acquitted were Lieutenants Marsden Thompson and Shirley Clinton. They were accused of violating the 54th article of war by inciting a melee thru jostling the provost marshal in an attempt to enter the club. Two violations of the 68th article of war were also charged against them, refusal to obey a direct order of a superior officer, and refusal to go under arrest when ordered to do so. The public relations office said the men were barred by an army policy to keep students and instructors apart while off duty. The Negroes were students at the time.

The board reached its verdicts after an hour and forty-five minutes of deliberation following a day of testimony.

U.S. GRAND JURY SWORN FOR QUIZ ON WAR FRAUDS

Federal Judge William J. Campbell yesterday swore in 15 women and eight men to sit thru the long summer term of the federal grand jury which will receive evidence in the government's intensive prosecution of war contract frauds, income tax evasions, and black markets. The jury will serve until the federal courts, now in recess, reconvene Sept. 10.

United States Atty. Woll conferred with Floyd J. Mattice, head of the war frauds prosecution unit of the department of justice in this area, who submitted information in three cases of alleged fraud in war contracts and two of alleged renegotiation frauds. One renegotiation case was reported to involve an illegal profit of 1½ million dollars on a war contract.

James R. Bryant, regional war production board attorney, has compiled information for the prosecution of violations of war building restrictions, which will be given to the jury. Black markets in liquor, meat, and other articles which are rationed or controled by price regulations will be the subject of additional information.

Dynamite Pete Cunniff Seized for Bombing Quiz

Peter [Dynamite] Pete Cunniff, 61, of 3057 Walnut st., an ex-convict who has been convicted of three bombings, was arrested yesterday by Sgt. Marshall Pidgeon of the police bomb squad, but released after questioning regarding a dynamite explosion Sunday at the rear of a building at 1910-12 Lake st. Policy slips were found in a room on the second floor.

Can BORDERLINE ANEMIA* Steal a Woman's Beauty?

Yes, Borderline Anemia is stealing the beauty of women everywhere. Thousands have lost the fresh glow of youth—look "washed-out"—frequently feel "ready-to-drop."

It's a medical fact—a Borderline Anemia is robbing as many as one out of every two women of their good looks and their vitality!

Healthy Red Blood Cells Needed to Release Energy

It's a shame that people who ought to feel radiantly alive should have a ferro-nutritional deficiency of the blood, a Borderline Anemia. Their red blood cells aren't big enough, rich enough, healthy enough to keep them feeling and looking fit. The blood alone supplies energy to your body—nothing can take its place!

Ironized Yeast—To Build Up Blood and Energy

If your color is poor—if you lack pep—you need Ironized Yeast Tablets! They give you the vital elements that, doctors say, 50% of us ordinarily don't get in amounts needed to build healthy, red blood cells. Ironized Yeast Tablets go to the cause of Borderline Anemia.

Of course, your condition may stem from other causes, so your doctor should be consulted regularly. But in a Borderline Anemia—take I. Y. Tablets to build up your blood, to improve your energy. At all drug stores.

*Resulting from a ferro-nutritional blood deficiency.

Energy-Building Blood

This is what the doctor sees through his microscope looking at blood rich in energy elements. Note big, plentiful red cells that carry oxygen to release energy to every muscle, limb, tissue.

Borderline Anemia

Thousands have blood like this—and never know it. Note puny size and irregular shape of red cells. Blood like this can't generate the energy you need! Only sturdy blood can give you top energy.

Lady beware! Your sweetest dress is a threat to your daintiness

Protect your natural SWEET SELF with NEW ODO-RO-NO CREAM DEODORANT

The very act of dressing stimulates perspiration. From that moment on, your freshest frock becomes a menace to your natural Sweet Self . . . by imprisoning and holding under-arm perspiration odor.

Don't wait for trouble. Stop this threat *before you dress* with fast-acting, long-lasting ODORONO . . . the new cream deodorant that goes to work to protect you *faster than you can slip on your slip.*

New, smoothing ODORONO Cream Deodorant contains science's most effective perspiration stopper . . . protects up to three days. Will not irritate your skin (even after shaving). Prevents perspiration stains, will not harm fine fabrics. No waiting to dry. Does not turn gritty in jar.

So before you think of what dress to wear . . . think of your Sweet Self . . . use immediately snowy-white ODORONO Cream Deodorant for instant, full, long-lasting protection. 39¢. Also 59¢ & 10¢ (plus Federal Tax).

BE JUST AS SWEET AFTER YOU DRESS WITH . . .

It's Refreshing!

"SALADA" ICED TEA

HART QUITS JOB NOBODY WANTS: DIES' OLD POST

No Bidders for 'Hottest Seat' in Congress

BY WILLARD EDWARDS
[Chicago Tribune Press Service]

Washington, D. C., July 2—There were no bidders today for the hottest seat in congress—the chairmanship on un-American activities—after Rep. Hart [D., N. J.] resigned because of ill health.

Rep. Hart

His resignation alarmed communist elements who are strongly entrenched in the government. Hart took the job last January, succeeding former Rep. Dies [D., Tex.], in a move engineered by Speaker Rayburn [D., Tex.] to curb the committee's probe into communist trends in the United States.

Jackson Mentioned

As a successor to Hart, Rayburn is now backing Rep. Jackson [D., Wash.], 33 year old left winger who has been a consistent New Deal supporter since he entered congress five years ago.

Hart's appointment violated congressional tradition because he had just voted against continuance of the committee, and an opponent of an investigation is usually the last man to be considered as the head of an inquiry. Jackson was recorded as "not voting" when the issue arose last Jan. 3, but in view of his record would undoubtedly have cast a negative vote if present. Despite Rayburn's pressure, however, he was reported to be backing away from the offer.

Committee Marks Time

Under Hart's chairmanship, the group did little but mark time while slowly assembling a staff. Leftists were content and hoped there would be no resumption of a probe which for six years had been a thorn in the side of the New Deal.

With Hart removing himself from the committee, an immediate undercover struggle began to put a man in his place who could be depended upon to soft pedal any inquiry into subversive activities. On the other hand, proponents of the investigation saw a chance to get a chairman who would conduct a fearless search.

Rep. Rankin [D., Miss.] is ranking Democrat and could have the chairmanship for the asking but he will not forsake his chairmanship of the committee on World War veterans' legislation, which he would be forced to do if he took the post.

John A. Stelle (left), McLeansboro, son of the former governor, and Telfer MacArthur, Libertyville, newly appointed members of the state veterans' commission.

Homer G. Bradney (left), Jacksonville, administrator of the veterans' commission, and James P. Ringley, Chicago, commissioner.

ANNUAL REVIEW OF ALIMONY ROW HELD BY JURISTS

Occupants of Alimony Row in the county jail, divorced spouses who have failed to keep up their support payments to their former wives, were given short shrift yesterday by Judge John A. Sbarbaro in Superior court. Judge Sbarbaro was one of three Superior and one Circuit court judges who conducted a semi-annual review of the Alimony Rowers.

Among 11 occupants of the row whom Judge Sbarbaro ordered returned to jail was Arthur Vodicka, 29, of 1413 S. 7th av., Maywood, who has been a tenant in jail since May 24 for being $733 behind in his payments to his former wife, Bernice, 25, of 8311 Hirsch st., and two sons, Arthur, 3, and Ronald, 2.

Judge Sbarbaro, who reviewed the cases of 17 Alimony Rowers, ordered the release of six after they gave him fervent assurances of their repentance and promised to catch up on their support payments.

Three jailed ex-spouses appeared before Judge Joseph Sabath in Superior court with their former wives and counsel. Two were released and one sent back to jail. One each came before Judge William J. Lindsay in Superior court and Circuit Judge Michael Feinberg. Both were ordered back to jail.

DE GAULLE TO SPEAK ON 4TH

PARIS, July 2 [Reuters]—Gen. Charles de Gaulle will broadcast in English to the United States on July 4, it was announced here today.

PEGGY BOYNTON DE SANTO WINS DIVORCE PLEA

Mrs. Margaret [Peggy] Boynton De Santo, 31, of 840 Glencoe dr., Glencoe, member of a wealthy north shore family, yesterday was granted a divorce from Samuel De Santo, 25, son of Dominic De Santo, a crossing guard for the North Shore railroad in Highland Park, by Judge Joseph Sabath in Superior Court.

At a hearing earlier Mrs. De Santo charged her husband with cruelty. She testified that he slapped her May 23 and on June 2 kicked her in the shins and struck her in the jaw. She won custody of their son, Samuel Anthony, 3.

Mrs. De Santo's first husband, whom she married in 1931 in an elopement, was Thomas Russell, son of a north shore conductor. This marriage was annulled and in 1938 she married Donald W. McClure. She divorced McClure in May, 1941, and married De Santo.

She is the daughter of Donald S. Boynton, 608 Hawthorne lane, Highland Park, vice president of the Pickands-Brown company, 332 S. Michigan av., and a granddaughter of the late Charles T. Boynton, multi-millionaire.

Fugitive, Found in Field, Returned to State School

Darrell Stark of Decatur was returned to the State Training School at Sheridan after he was found at 11 a. m. yesterday by Earl Ogden, a farmer. Stark was in Ogden's oats field three miles south of Sheridan. He was seized without difficulty and is now confined to his room at the school. Six other inmates who escaped with Stark had been recaptured.

REPORT GREEN'S 'SPENDING' WAS REALLY TO SAVE

BY GEORGE TAGGE
[Chicago Tribune Press Service]

Springfield, Ill., July 2—Gov. Green's main idea in putting thru a special 139 million dollar public works budget was to tie up the money so it would not be appropriated for other spending projects, his friends said today.

The governor anticipated tremendous pressure to spend the state's 130 million dollar general fund surplus, these sources said. To forestall the drive, the governor devised the so-called post-war budget for permanent improvements. Aside from the fact it was an administration measure, it held pork barrel appeal for many legislators.

May Mollify Critics

Only 25 million dollars of the sum appropriated can be spent during the new two year financial period because of the unavailability of materials and labor, it is said. On this basis, 114 millions will require reappropriation at the 1947 general assembly and the entire subject will be reexamined.

If events develop in accordance with this plan, much of the opposition to the "wild spending" of the administration may be mollified.

State Secretary Edward J. Barrett today predicted a special session of the legislature on the veterans' bonus question. He said public sentiment will force the governor to call a special session.

Session Later Possible

A bill sponsored by Barrett to provide 125 million dollars for a bonus died on the house calendar in the closing week of the session. Barrett said funds should come from the surplus, with an additional 10 per cent of sales tax revenues.

Administration sources concede a special session about six months hence is possible. By that time, a new commission of 16 which is to study the bonus question is to make a report. Consisting of five senators, five representatives, five men appointed by the governor, and the budgetary commission chairman, this group is to survey any bonus action by other states and the federal government.

Gov. Green left for the Mackinac Island governors' conference yesterday and will not return until July 16. More than 300 bills will be awaiting his action at that time.

2 SCHOLARSHIPS WORTH $1,600 GO TO BOY AND GIRL

(Picture on back page)

Two college scholarships of $1,600 each, known as the Parshad scholarships, were awarded last night to Cynthia M. Smith of Olympia, Wash., and Robert Strand of West Allis, Wis., at a dinner meeting in the Piccadilly tearoom, 410 S. Michigan av. The Rev. Isaac K. Beckes, youth work director of the International Council of Religious Education, 203 N. Wabash av., presided.

The presentation was made by Alfred H. Avery of Cambridge, Mass., prominent Methodist layman who founded the scholarships, which are offered thru the United Christian Youth movement and were granted as part of the nation-wide National Youth week observed Jan. 28 to Feb. 4. Parshad is a Hindustani word meaning "Gift of God." It was suggested to Avery as a title for these scholarships by a missionary to India. They were awarded to the boy and girl showing the greatest evidence of Christian service and responsibility.

Miss Smith, a member of the Congregational-Christian church, plans to attend Mount Holyoke college, South Hadley, Mass. Strand, a member of the United Presbyterian church, will enter the University of Wisconsin, Madison, Wis.

URGES REFERENDUM ON PLAN FOR DRAFT OF PEACE TIME ARMY

[Chicago Tribune Press Service]

Washington, D. C., July 2—A national referendum on the question of universal compulsory peace time military training was proposed today in a senate resolution introduced by Sen. Butler [R., Neb.].

Butler's resolution would provide for submission to the voters at the next congressional election of the question:

"Do you favor the passage of a law by the congress of the United States to compel one year of military training for young men in time of peace?"

Butler said introduction of his resolution was prompted by the flood of mail being received by members of congress on the question of universal training, but said he did not believe the mail being received represents an accurate cross-section of national opinion.

CAROL GOING TO LISBON

RIO DE JANEIRO, Brazil, July 2 [AP]—A reliable informant said today that former King Carol of Romania and Elena Lupescu would sail about July 14 on the Portuguese liner Serpa Pinto for Lisbon. The couple returned recently from the Brazilian summer capital of Petropolis.

Police to Put Unclaimed Goods on Sale Thursday

A wide assortment of lost, stolen, and unclaimed articles recovered by Chicago police will be sold at auction at the Michael Tauber auction rooms, 411 S. Market st., at 10 a. m. Thursday and Friday. Trunks, suitcases, radios, phonographs, automobile accessories, clothing, and jewelry are among the many articles to be auctioned.

Mr. Franklin

A CASTLE OF SOD

Jonathan thought he could never be happy anywhere but in England. Yet, when he came to America, his spirit was quick to take root in the soil of Kansas. The lonesome prairie land became his home and his "castle" was a tiny hut made of sod. So Jonathan and the town grew up together and each took strength from the other. There's a good, satisfying quality about "The Townsman" by John Sedges. It's a great favorite with Mr. Franklin's customers at the Post Office News . . . A character study under fire. Richard Tregaskis' first novel, "Stronger Than Fear," is the intimate portrait of an American officer in combat . . . True diplomacy—the kind which springs from sincerity and understanding—is a rare gift. Abraham Lincoln had that gift—not only with individuals but with nations. The complete story of Lincoln's role in foreign affairs, during and after the Civil War, is told in Jay Monaghan's "A Diplomat in Carpet Slippers." . . . Books a-plenty at the P.O. News, and magazines and greeting cards of every description. And the service is good, good, good! That goes for all these HANDY BOOK & GIFT SHOPS. . . .

THIS IS THE 37TH OF A SERIES

STEADY JOBS and EQUIPMENT BUYING

★

SUSTAINED employment is not an attainable goal unless we can moderate the erratic fluctuations which have characterized the markets for producers' equipment in past periods.

In the 35th editorial of this series, "Sustained Construction Activity", it was pointed out that there is no specific that can cure our economy of its "boom-or-bust" proclivities. Rejecting the notion that the construction industry could be so managed as to stabilize business as a whole, that editorial stressed the important contribution it could make to that end, and suggested several practical expedients through which construction activity might be regularized.

Producers' equipment represents an area of production quite as broad and diverse as construction, though smaller in aggregate value. The classification embraces all types of durable equipment bought and used for profit—locomotives, motor trucks, electric generators, conveyors, machine tools, farm implements, and so on down to surgical instruments and dentists' drills.

Although the output of such equipment averages over a long period only 5 or 6 per cent of the nation's total output, it resembles construction in its extraordinary ups and downs. While its component items differ widely in the amplitude and violence of their fluctuations, the class as a whole is one of the most unstable sectors of the economy, making therefore a quite disproportionate contribution to the cyclical swings of total production and employment. From 1929 to 1932, for example, the decline in the output of producers' equipment (at constant prices) was 65-70 per cent, in contrast to a decline of 25-30 per cent in the national output exclusive of such equipment and construction.

A more recent example of the volatility of demand in this field may be found in the movement of a monthly index of orders for industrial equipment, which rose from 92 in the spring of 1936 to 160 in the spring of 1937, falling thence to 65 in the summer of 1938 and rising again to 142 in the fall of 1939. Such fantastic oscillations present an obvious and inescapable challenge to all concerned with economic stabilization.

Not only are these fluctuations bad for the economy; they represent demonstrably bad buying policy on the part of the purchasers of equipment. Peaks in demand come characteristically just before a business depression (1919, 1929, and 1937, for example) when machinery costs the most to buy and install and when it has the lowest expectancy of continuous use. At exactly the wrong moment everyone wants to buy. In the depression itself, on the other hand, with costs down, and with nowhere for the economy to go but up, equipment is a drug on the market. No one wants it when it is cheap and has the greatest prospect for steady employment. Here is a behavior pattern so profoundly irrational there must be hope for its correction.

Importantly, the pattern results from business planning based upon the inadequate time perspective of a majority of equipment purchasers. Habitually, they appraise the future by projecting the trends of the immediate past, buying heavily at the very climax of a sustained boom, and holding off during depression periods in a skeptical attitude of "wait and see".

Moreover, there are other than psychological factors which contribute to the irregularity of equipment purchases. The peak demands for products and services at the crest of the business cycle pose to producers the awkward alternatives of expanding capacity or losing trade to competitors that have expanded theirs. In depression periods it is far from easy to justify increases in capital charges when existing plant and equipment are standing idle. Furthermore, it is generally easier to finance capacity expansion during boom times, regardless of whether the funds are supplied from earnings and reserves or obtained through loans or security flotations.

What can be done to reduce this instability and thus to bring equipment purchasing into a more sensible and constructive pattern?

There is no panacea, no royal road to the solution. The problem has been with us since the beginning of the industrial economy. It is complex and difficult. It is not, however, wholly intractable. We may reasonably hope that industry will, through intelligent effort, make substantial progress toward a satisfactory solution. The industrial equipment field is one in which government, except for war periods, has exerted little direct control. The best insurance against the institution of government measures is to so conduct activities in the equipment field that no justification for government interposition can be made.

☆ ☆ ☆

1. The first and most important step is for industry to reconsider its heretofore haphazard and opportunistic policy in the purchase of equipment, substituting so far as possible a regularized, long-range programming of expenditure that will resist both the excited long-buying of booms and the equally disturbing under-buying of depressions. Such long-range programming is particularly appropriate and advantageous for large enterprises in established industries such as railroads, electric power, steel, automobiles, and the like, but it makes sense much more generally.

Once executives come to realize that a reasonably stable equipment program contributes not only to the welfare of the economy but also to the lowering of their long-run equipment costs, the opportunity to combine a public service with private advantage should induce them to recast their policies accordingly.

There is an even more compelling reason for purchasers of industrial equipment to do everything possible to regularize their demands. Some concerns unquestionably will find themselves in a postwar position where speedy delivery of needed equipment, even though it involves the payment of premium prices, will seem to be justified. But there is no system of accounting that can show it to be a profitable transaction to promote an equipment industry boom that runs a brief course only to collapse when the backlog of deferred maintenance and development has been satisfied. That, historically, has been the trigger which trips the door to the depression phase of the business cycle. No immediate advantage can compensate for the contagious paralysis that infects all business enterprise when major layoffs occur in any major segment. No precautionary measures, self-imposed by business, can be regarded as unduly severe if they can prevent this devastating blight.

2. Financial agencies can and should play a responsible role in regularizing equipment demand. Funds for the purchase of producers' equipment should be offered boldly and at low interest during depression periods, and should progressively tighten as a boom market bids up the price of purchase and installation. Banks and financial houses have excellent facilities for gathering and interpreting market and general economic information. It is good business for them, and for the national economy, to exercise their accepted discretions in a manner that will help to promote economic stability.

3. There now is almost universal recognition of the need for a thoroughgoing revision of our corporate tax structure to the end that effective incentives may be offered for private capital investment. The possibility of including provisions which would offer special tax concessions to equipment investments made in depression periods is worthy of intensive exploration.

☆ ☆ ☆

The fundamental problem here is educational. If all business enterprises in a position to do so were to regularize their equipment expenditures, it would have a tremendously beneficial effect. True, it would accomplish no miracles. For many concerns it is not feasible to schedule equipment buying over a long period. Even those who do schedule it are likely in practice to attain only a relative stability. It must be acknowledged, moreover, that few programs could withstand indefinitely a very deep and prolonged depression such as we had in the thirties. Nevertheless the adoption of stabilization policies where feasible would make a signal contribution both to the restraint of booms and to the mitigation of depressions. Here is something industry can do for itself.

It is easy to disparage such remedies for economic instability as are here proposed on the ground that they are partial only. However, joined with others also partial, they can achieve in combination a solid progress toward the goal of sustained high level employment—progress that is unattainable through economic cure-alls. The road suggested is a slow road, and difficult, but it leads upward.

CONGRESS ABDICATES

OPA has been extended for another year. The question has been before congress for months. Both houses heard testimony to show that the organization was defeating the very purposes for which it was established. It was shown to be arrogant, inefficient, lacking in understanding of economic forces and processes. Its price controls were holding down production and thereby giving every encouragement to the black market. Proposals intended to restrict its scope were enthusiastically adopted in the house and some others less enthusiastically in the senate.

But when the pressure was applied, in the closing hours of the fiscal year, OPA survived and practically all of its powers were renewed.

Once again, congress has abdicated in favor of the burocracy. OPA has been given a new license to stumble and blunder. Congressmen will continue to hear from their constituents about the absurdities and the petty tyrannies committed by the agency. Business men will be able to prove that OPA regulations are preventing the speedy conversion of industry to civilian production. Labor spokesmen will be able to prove that the regulations are responsible for much needless unemployment. Consumers will protest against avoidable shortages of needed goods. No doubt congressmen will repeat these accusations on the floor, express indignation, and introduce denunciatory resolutions. Investigations will be demanded.

And that's all that will happen. Congress will scold and complain and attempt to persuade the people that the fault lies elsewhere but everybody will know or should know that the blame rests upon congress itself.

The plain fact is that the legislative branch once again has humbled itself before an utterly dominant executive branch. The rule of this nation by burocrats continues. Congress is as timid, as forceless, and as obsequious as ever. The presence of new faces in the house and senate has made no more difference in this respect than has the presence of a new face in the White House.

INCHES, FEET, AND HOURS

Mr. Morey, whose letter is published in the Voice of the People this morning, would like to see this country adopt the metric system of weights and measurements and number the hours of the day from 1 thru 23.

There is a good deal to be said for both suggestions, especially the first one. Our calculations of distance, volume, and weight are made needlessly difficult by the necessity of translating inches into feet, feet into yards, ounces into pints, quarts into bushels, etc. A great deal of tedious number work would be avoided if we all adopted the metric units which already are used universally in our laboratories. The only objection that makes sense comes from the engineering professions which fear that the changeover would hasten obsolescence in equipment and tools now in use.

If people want the 24 hour clock, we can't see any reason why they shouldn't have it, but there doesn't seem to be much demand for it. The change would be helpful, perhaps, in the preparation of time tables but the simple device of using heavier type for the hours from noon to midnight serves pretty well. Perhaps some people invited to an 8 o'clock meal can't be sure whether breakfast or dinner was intended but we imagine such doubts must be very rare, indeed. People who miss their appointments seldom, alas, miss them by 12 hours.

Mr. Morey might well have included calendar reform among his recommendations. A number of plans have been suggested to remove the inequality in the lengths of the months and so provide a more convenient basis for statistical comparisons. The objection to these rearrangements has come chiefly from those churchmen who don't want profane hands to interfere with the timing of the religious holidays. Otherwise calendar reform will meet with very general acceptance, we expect.

THE UNKNOWN CITIZEN

The Knickerbocker Weekly, a magazine publishing news about Holland, suggests that Dutchmen build a national monument to the "unknown citizen" to commemorate the thousands of obscure people who endured suffering and death as a consequence of war. The tomb of the unknown Dutch citizen, it is said, could become "the place where all can pray for all."

Altho the enmities among European nations are probably more aggravated today than ever before, it might be well for all of the states of the continent, ally and foe alike, to unite in an undertaking of this kind. The tomb of the unknown European would be a proper monument to the senseless strife of the past, the repeated blood lettings and destruction visited upon every European country.

If Europeans could sense the fact that all alike have been the victims of national ambitions which brought lasting advantage to none of them but redounded only in suffering, they might at last be united in the common cause of keeping the peace. Certainly the common people of every land have been the ones who paid with their lives and hopes for these incessant wars, and no one of them can be said to have suffered more than the others. The advent of the day of reconciliation would be viewed with sympathy and approval by this country, for we have had by now just about enough of sending our sons on pilgrimages to liquidate old world quarrels.

ELLIOTT THE TACITURN

The better part of a month has passed since the world learned of the $200,000 loan made by John Hartford to Elliott Roosevelt. It is known that Mr. Hartford lost $196,000 on the deal, and also that the treasury department has withheld approval of a deduction of this amount from his taxable income as a business loss. It is known that Mr. Hartford's company at the time the loan was made had reason to fear a New Deal attack on chain stores. It is known, also, that President Roosevelt urged Mr. Hartford to make the loan.

In the circumstances it is curious that young Roosevelt has volunteered no explanation either to the public or to the congressional committee which has undertaken an investigation. Brig. Gen. Elliott is, of course, under no legal obligation to say anything about the matter unless he is called to testify, but he can hardly be unaware that the facts as they have been revealed place not only him but his late father in an unenviable position. If the loan was a straight business deal, why has the treasury hesitated to recognize it as such?

Perhaps young Roosevelt feels that his honor and that of his family cannot be placed in question. Needless to say, it is his privilege to take that view of the matter, just as it is the privilege of everybody else to draw the same or different inferences from the available facts.

THE UNITED STATES AND 49 OTHERS

Sen. Vandenberg addressed his colleagues upon his return to Washington from San Francisco, where he helped draft the world security charter. He did not indulge in a highfalutin paean to virtues that don't reside in the document, but he did try to make the product look as palatable as possible.

First, Mr. Vandenberg told what he thought the charter would not do. "In my view," he said, "we sacrifice none of our essential American sovereignty and none of our essential American rights when, exercising intelligent self-interest, we join ourselves in this international enterprise to seek a peace and a security which are as essential to our welfare as the air we breathe.

"In a word, we have not created a superstate. We have not organized a world government. We have not hauled down the Stars and Stripes from the dome of the capitol. We have simply agreed to coöperate effectively with 49 other sovereign states in the mutual pursuit of peace and security."

President Truman in his speech at Kansas City had something to say about this. He said that it was "a most distasteful task" for Americans to learn that this country has to live with the world, and not by itself. "It will be just as easy for nations to get along in a republic of the world," he said, "as it is for us to get along in the Republic of the United States."

Mr. Truman could have made his meaning clearer. Was he looking ahead to a world government under which American sovereignty would be lost, whatever Mr. Vandenberg might say to the contrary, or was he merely trying to say something complimentary about the work at San Francisco? Whatever his intention, it is to be doubted that the nations of the world for a long time to come will manage to get along together as harmoniously as Americans do with one another.

Here we have a republic which in land area approximates the size of Europe. In 175 years as a nation we have had one war among ourselves. In the same time the nations of Europe have had so many wars as to defy count, all of them growing out of ambitions, rivalries, and hatreds so deep-seated as to be deemed ineradicable. It is this brotherhood which we are asked to embrace when Sen. Vandenberg talks of mingling our fortunes with 49 other states.

To American patriots the glory of this country has been that here, on a continent separated by wide oceans from the strife of the old world, men of all races and countries have learned to live together in peace, developing their land, their institutions, and the possibilities of their own spirits as brothers under one law and one flag. If we are taken into a world league, we shall never be quite the same as we have been. The corrosive agencies of Europe will have set to work upon the American amalgam.

We shall have to assent to things which we have long since agreed shall be no part of our country—the involuntary servitude of colonial systems, the denial of our constitutional freedoms to hundreds of millions of persons existing under tyranny, the rule of cynicism and not of law. Whether, under these circumstances, we can escape the adulteration of our own country and life is more than a little doubtful, and to this extent Sen. Vandenberg's promise that we shall not surrender our sovereignty is suspect. We need not surrender it to lose it; it can also be lost by having other systems and attitudes grafted onto ours by enforced association.

Sen. Vandenberg rested his argument upon the statement that "the facts of life" decree that the world is "at the mercy of Russia, Britain, and the United States," and that, whatever the infirmities of the San Francisco Charter, "there is at least the restraint of a peaceful contract, for whatever that may be worth, and the grim assurance that the aggressor who breaks this contract will stand in naked infamy before the embattled conscience of an outraged world."

The senator was simply confessing that there is nothing in the charter than can end war, but that, because he had signed a written instrument to keep the peace, the aggressor in time to come must brave the moral censure of the world. When has a warmaking country been reluctant to brave world opinion? When has the aggressor been deterred by having to break a treaty? The empty pages of broken treaties are as thick upon the ground as leaves in the autumn.

If the veto powers conferred upon the major powers serve to legalize the illicit profits of past aggressions and prove a license for new predacity, then, as Mr. Truman says, acceptance of the charter will be "a most distasteful task" for Americans.

Test Your Horse Sense

By Dr. George W. Crane

Select the answers which you consider best. The last problem counts five points. Then look for the correct answers below.

1. The Petrified Forest is located in which state?
   California Colorado Wyoming Arizona
2. A person said to be treading the "primrose path" would probably be
   Moody Dignified Hilarious Deeply religious
3. How many teeth does a dentist place in a complete set of upper and lower artificial teeth? 18 24 28 32
4. A Cairn would be likely to make which one of these sounds?
   Bow wow Meow Moo Chirp
5. If a traveler on a train informed you the boll weevil had ruined his main crop, you would expect him to live in
   Maine Georgia Wyoming Oregon
6. Some members of the feathered species walk like a man, using one foot at a time, while others hop along with both feet employed simultaneously. You deserve one point for each correct judgment in distinguishing between the walkers and hoppers listed in the left hand column below.

	Walker	Hopper
Pigeon		
Mallard duck		
Brahma hen		
Robin		
English sparrow		

Score yourself as follows: 0-2, poor; 3-6, average; 7-8, superior; 9-10, very superior. [Note—The last question counts five points].

[Reg. U. S. Pat. Off.: Copyright: By The Chicago Tribune]

ANSWERS

1. Arizona. 2. Hilarious. 3. 28 teeth. 4. Bow-wow. 5. Georgia. 6. The robin and sparrow are hoppers, the others are walkers.

A LINE O' TYPE OR TWO

How to the Line, let the quips fall where they may. Reg. U. S. Pat. Office

A QUEER, TRUE STORY

It happened in 1868, long before the invention of telephone, phonograph, dictaphone, and radio. After these devices came into general use, countless mystery and detective stories have been based upon similar incidents, realistically explained. Among the plot-makers of fiction, it is filed in the "empty room" pigeonhole.

* * *

The scene, says its narrator [see footnote] was "an old gray castle with battlements, a drawbridge and portcullis, grim stone walls, and mullioned windows." To this medieval retreat in Scotland, reconditioned for comfortable Victorian living, and occupied by a shrewd, learned skeptic, came as guest a painter and poet of considerable fame—Dante Gabriel Rossetti, whose representations of the typical Pre-Raphaelite heroine [his wife] hang in art museums, whose "Blessed Damozel" is in the anthologies of verse.

* * *

Rossetti had dabbled in spiritualism and acquired a horror of it. He had sampled chloral as a sleeping potion and become a drug addict. During his stay at this castle, he was in a state of overwrought nerves and emotions, for he wanted to exhume his dead wife, in London, and was waiting for permission. He had placed a manuscript book of poems in her coffin as an act of renunciation or expiation. Now, six years later, he wanted to publish those buried poems.

* * *

After dinner it was Rossetti's habit to leave the drawing room and go to the room overhead, where he would read aloud to himself. His voice, in this eccentric ritual, was plainly audible to the party below. This went on almost every evening thru the summer and into the fall. Then Rossetti returned to London to unearth his manuscript.

* * *

But the people at Penkill continued to hear his voice from the upstairs room after dinner until winter set in! There were three credible witnesses, one a priest.

["*The Pre-Raphaelite Tragedy*," by John Gaunt; Harcourt, Brace & Co., 1948.]

—‡—

THE CATBIRD SINGS

Dusk falls and still the western sky
Holds memories of a day gone by;
The hoe is scoured and stood away,
While the white-plumed syringas nod and sway.
The noisy robins hush and twilight grows,
Letting the day go by thru bars of rose;
When all is ready and the garden hushed and still,
The catbird tries a low, tentative trill;
His notes fall gently as the evening dew
While he tries something old and something new.
Within his bush he keeps his mood in tune
With the red cherry bough, the sickle moon;
He has no vogue, no rich and famous repertory,
But rings the changes oft on love's old story.

S'Amuser

—‡—

It Seems Ages Ago

[*From a soldier in Bavaria.*]

Linemaster: I am prompted to tell you about our gay town, altho all this seems ages ago.

When we first took her in September, it wasn't much of a scrap, and the people were so happy to see us that they took us into their homes. We celebrated all that night. We had a warm spot in our hearts for our gay town.

Then in December, when we heard she was in trouble, we wanted to go to her and help her, but you know how those things are. When we finally did get to her it was too late. For she lay there in the January snow strangely silent, with great wounds in her sides and middle. Gaping windows like sightless eyes were staring up at the ghastly full moon that was trying to cover everything with a cloak of mourning.

For Bastogne was dead. Long live Bastogne!

James I.

—‡—

HEARTHFIRE TRAVEL

Romantic seamen we who sit
Before this open fire,
Our fresh imaginations lit
By books of heart's desire.

Down thru the ages rides our bark,
Earth's heroes bid us hail;
Old Homer, Shakespeare, Joan of Arc
Salute us as we sail.

We course by Grecia's lyric isles,
Italia's vivid strand;
We greet Hispania's realm of smiles,
Brittania's rugged land.

The storm is blowing wild without,
But what have we to fear,
With fire aglow, and books about,
And best, with love so near!

Thomas Curtis Clark

—‡—

This column's gifted contributor, Casual, has frequently referred in verses to his son, as a typical high school boy at home and, during the last year or two, as a soldier. His lines of two months ago, carrying the refrain, "My heart's on Okinawa with the 6th U. S. marines," are easily remembered.

Last Saturday, in his home, 600 Riford rd., Glen Ellyn, Casual received a telegram stating that Arthur Frederic Otis Jr., private first class, 6th U. S. Marine division, 22d regiment, had been killed on Okinawa June 20. His only son.

CHARLES COLLINS

Friend of the Yanks

[*The Friend of the Yanks will answer questions of service men, veterans, and their dependents by mail if stamped envelope is sent to 435 N. Michigan av. The Tribune's veterans' bureau, 1 S. Dearborn st.; Superior 0800, gives personal interviews.*]

H. K. asks: "When I am discharged from service and prepare to resume my course in education, how can I obtain proof of the education I have obtained in service thru basic training, attendance at service schools, and other experience?"

At the request of a service man, the Armed Forces Institute, Madison, Wis., will supply to educational institutions and employers an official statement covering his military training and experience. The statement will not be limited to correspondence courses taken thru the institute but also will include information about basic training, service schools attended, special skills learned, and informal experience obtained during service. Service men should obtain and fill out an Armed Forces Institute form, "Request for Report of Educational Achievement."

H. N. asks: "Does a veteran have to invest any money of his own before he can obtain a business loan under the government guaranteed provision of the GI bill?"

Only the lender can determine this question. If the veteran buys a piece of machinery to establish a business where no working capital is required, it is possible that he will not be required to invest any of his money. If the veteran buys a business which will operate machines and has a pay roll to meet, then it is probable that the lender will require evidence of sufficient working capital to assure business success.

HOW TO KEEP WELL

By Dr. Theodore R. Van Dellen

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made, under proper limitations, when return stamped envelope is inclosed. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.

[Copyright: 1945: By The Chicago Tribune]

WHY THE HEART ENLARGES

PEOPLE marvel continually at the stamina of this machine or that, especially in these days when replacements are out of the question. Conversations about the old car going 80,000 miles or the refrigerator that is now 15 years old are routine.

Man has done many wonderful things in his day but they are insignificant beside those of our Creator. Consider the heart. This bit of equipment pumps blood day after day, year after year, without giving the majority of us any trouble. It never needs its oil changed nor its valves ground altho some cardiaq patients wish this were possible. When it finally stops it cannot be replaced, for that was not in the bargain with our Maker.

Like any device it can take a lot of abuse but it is not indestructible. When injured by infection the valves are usually involved, causing leakage. The muscle may also suffer but it is more prone to damage when the coronary arteries become thickened. Nutriment travels via these vessels, as practically none of the vital fluid passing thru the organ is used for this purpose. If the supply is deficient, pain occurs and many of the tiny fibers die off for want of nourishment.

The muscle is the important structure, regardless of the type of disease that exists. Only by its contractions can the circulation reach all the cells and tissues. When leakage is present the required amount must still be sent out. One might ask how this is done. In the first place, the rate can be increased so that even tho the quantity expressed with each beat is less, the total volume per minute is the same.

The other method is for the heart to enlarge. The muscle becomes thicker and stronger so that each pulsation is powerful enough to overcome the defect. There is a limit to the size it can attain but this depends upon how much work we expect the structure to do. Vigorous exercise calls for more blood and the apparatus will oblige as long as it can. In this way, those with various forms of cardiac disorders manage very well.

The situation may also be noted with high blood pressure because, in this condition, the "ticker" must overcome the increased resistance afforded by the narrowed arteries thruout the body. Were it not for this, the individual would be uncomfortable. In the circumstances, the heart is said to be compensated. Enlargement, therefore, is nothing to be greatly alarmed about provided it stays of respectable proportions.

Unfortunately, most sufferers get into trouble because of nature's attempt to help them. As long as the organ can enlarge there are no signs that anything is amiss. These patients are traveling on their reserve. Many use it up unnecessarily and must stand the consequences.

Others are more careful. They walk instead of run, avoid excesses, obtain plenty of sleep, and keep the general health up to par so that infections are minimized. An adjustment of business and home life will permit them to do almost as much as any one. Thus the average heart case can live his natural life expectancy in a happy and often productive manner.

SYMPATHETIC OPERATION

R. T. writes: What is a sympathetic operation?

REPLY

On each side of the vertebral column there is a chain of nerve fibers which have specific duties. They carry the impulses necessary to open and close our arteries, cause gooseflesh, and give rise to a number of other reactions over which we have no control. This is known as the "sympathetic system." In contrast, the spinal cord conveys fibers necessary for sensation and motion. In certain conditions, particularly when the blood vessels to the extremities are narrowed by spasm, relief may be obtained by cutting these nerves. The operation is called a "sympathectomy."

SHAKY

B. U. writes: All my life my hands and arms have trembled but no doctor has ever found anything wrong. Could this be a mild form of Parkinson's disease?

REPLY

Not if it has been present all your life. I have seen individuals like yourself in whom no cause could be found. They accepted the defect and did not allow it to interfere with relationships with others in pleasure or business. Naturally, they didn't take up surgery nor watch repairing but the handicap never prevented them from normal activities.

Test Your Facts

Below each of the following questions are listed three answers. Make your choice, see the correct answers below, and mark your score:

1. In biblical history the youngest of Jacob's 12 sons was: [a] David. [b] Saul. [c] Benjamin.
2. In what sport are an "epee," "foil," or "saber" used? [a] Hockey. [b] Fencing. [c] Jai alai.
3. When did the first draft registration for World War II. take place? [a] 1942. [b] 1941. [c] 1940.
4. What is Egypt's chief seaport? [a] Cairo. [b] Alexandria. [c] Port Said.

ANSWERS

1. [c] Benjamin. 2. [b] Fencing. 3. [c] 1940 [Oct. 16]. 4. [b] Alexandria.

To a Plain Petunia

These curled petunia plants were good
And ate their Vigoro as they should,
And that, my plain one, is precisely
Why their faces curl so nicely.

HAZEL DUNCAN

Keeping Up with London

[Latest bulletins of life in the British capital from our own indefatigable scout:]

According to a London columnist, this ad appeared in the Times not long ago:

WANTED—Automatic pistol, any make or caliber, in good condition. Also, set poker dice.

The London columnist aptly replied to this with: "Both loaded?"

A British workman recently received this note from the deputy executive officer, Billericay Food office: "I regret that I am precluded from granting you a permit for soap as your occupation is not in the class for which extra soap is allowed."

The workman is a chimney sweep.

Even the power of the press could not solve the housing problem of a Surrey lady who wrote the advertising department of a provincial newspaper: "Dear Sirs: Please send the account for settlement and cancel all further insertions of my advertisment for a large unfurnished room wanted. After four weeks there has been only one response—from a lunatic who offered to let me have his room in an asylum."

Commenting on American affairs, our scout concludes: "It strikes me that our new tariff act is a case of 'To Halve and Have Not.'"

Flowers That Bloom on Guam, Tra-la

[From a naval officer out that way:]

"Adm. Nimitz is quite a flower fancier. I saw him walking down the path, stop to pick some wild flower, sniff at it, show it to one of the admirals with him, then proceed on his way in his sturdy stride. He has an elaborate garden planted with the brightly colored flowers in which this island abounds. To me they are all nameless, but in the morning when they all seem to sprout up after a night's sleep, I can see yellow, white, lavendar, brick-red, and orange ones, and their perfume is sweet and fresh. Sometimes you see battle tough marines tenderly planting flowers along some barren slope where a bulldozer was shoving earth around a few days earlier. The way things are going, the CINCPAC area soon will look like the inside of Garfield conservatory."

British-American Understanding

The Illustrated London News of April 21 carried a full page picture of President Truman. A brief resumé of his life was given beneath the picture. It said, in part: "Sen. Truman, it will be recalled, won the race for the Vice Presidency, which carries with it the Presidency of the United States senate, from Mr. Henry Wallace in the Presidential election last January."

Move Over, Mr. Collins

Our hon. colleague, master of the Line-O-Type, ran what seemed to be two lines of prose the other day. Do you mind if we repeat it, Mr. Collins? It went like this:

"What should I do with the ark I was building now that the rain has stopped?" The signature was Marigold.

Now, any true student of the tongue poetic will realize, even after a swift reading of those words, that Marigold had started a poem. Since she for some foolish reason failed to complete it, our local poetaster, Halifax Gadley II., has done so:

What should I do with the ark I was building,
Now that the rain has stopped?
What with the lily I, foolishly gilding,
Kept for a day—and dropped?

What should I do with the wealth I've been saving?
Rubies and pearls and gold!
What with my love, that I once found enslaving—
Now that I've grown so old?

VOICE OF THE PEOPLE

Writers should confine themselves to 200 or 300 words. Give full names and addresses. No manuscripts can be returned. Address Voice of the People, THE TRIBUNE.

WAR AS AN ECONOMIC CURE-ALL

Chicago, June 22—Your editorials, "How We Got Where We Are," overlooked a very important contributing factor which brought war to us, namely, the prolonged unemployment in this country—a country overflowing with natural resources, industry, labor, and capacity to produce.

After eight years of experimenting and economic tinkering by the New Deal, mass unemployment still remained at approximately 11 millions. On the solution of this problem was based the future existence of the New Deal and the politicians to stay at the trough.

When war came to Europe, it was only natural for the politicians not to oppose outside influences and propaganda trying to line us up against the axis. The war even caused them to go out of their way meddling in international affairs. It was obvious that war with one sweep would automatically eliminate mass unemployment and give the political party in power a new lease on life—and it did.

Eliminate profit in war especially for politicians, make war appear as a failure rather than as achievement of political function, and you will find the chances of this country being involved in war very slim.

EDMUND JEDRZYKOWSKI

THEY HAVE FOUGHT, TOO

Chicago, June 12—The point system releasing army men is great. But what about the marines? My husband has 120 points, according to the army release system, and what good does it do him? It isn't my husband alone—there are a number of fellow marines that have seen five and six major campaigns in the Pacific and have received no consideration whatsoever. The marines deserve a point release system just as the army has one. They're all fighting in the same war, so how about giving them the same treatment?

A MARINE'S WIFE

LIBERATED OAT BURNERS

Chicago, June 13—Having contributed heavily to all previous war loans to help save democracy in Europe, I was rewarded with the announcement in your issue yesterday that "racing in France has been resumed after a strike of stable lads." It shows that a number of people apparently are not applying themselves to restore the food situation and other necessities, and that the populace takes time out for "sports."

T. M. C.

NO HELPING HAND

Chicago, June 18—A soldier friend in the Philippines writes of the industry, pluck, ingenuity, and loyalty of the Filipinos, but especially of their hunger and lack of bare necessities. However, here in this country we do not get the appeals for aid to the Filipinos that we do for aid to other nationalities.

KATHERINE POPE

NEEDED REFORMS

Chicago, June 5—Years ago, when I was going to school in Boston, I used to think the old Boston Transcript was about the best newspaper printed. Then I started to read the New York Times and changed my mind. Sixteen years ago I came out to Chicago and soon decided that THE CHICAGO TRIBUNE was the most readable paper printed. After six hundred thousand miles traveling over these United States, I still think so. Many times the "Trib" has taken the lead in espousing the cause of progress; consequently I am submitting the two following suggestions:

1. Isn't it about time we did something to change our antiquated methods of measuring and put this country on the metric system.
2. Place the United States on a 24 hour clock basis and stop once and for all the silly confusion that now exists. Where would the armed services be trying to operate on a. m.s and p. m.s?

Why shouldn't this be a job for the "Trib"? Somebody is going to do something about it; if not now, later on. Of course, it would cost considerable but Washington has spent money in the past on projects far less worthwhile.

ALBERT A. MOREY

PLAYING SANTA CLAUS

Chicago, June 17—I just heard over the radio where sugar is to be curtailed 50 per cent to the housewife and 37½ per cent to the manufacturer. One manufacturer I spoke to informed me that 35 employes would be discharged with the smaller allotment of sugar coming thru. This would mean thousands more without employment thruout sugar using industries. On the other hand, burocrats in Washington are sending 40 million pounds of sugar this month to Russia. Are we going to continue this stupid practice, giving our own people less and discharging our help, in order to continue to be a Santa Claus to an ungrateful nation?

AN AMERICAN FIRSTER

TRIBUNE SERVICE ALLOTMENTS

River Grove, Ill., June 6—I would like to thank THE TRIBUNE at this time for the allotment check which you send monthly on behalf of my husband. It enables us to keep up our home and live as normally as possible, despite the fact that my husband is in the service, and at the same time relieves his mind of worry and responsibility for us at home.

MRS. RAYMOND L. DELAHANTY

FRIEND OF THE PEOPLE

Letters to this department must be signed with names and addresses of writers.

DOWER INTEREST

Chicago, July 2—1. If a widow marries, can the second husband claim an interest in her property? 2. If so, to what percentage is he entitled? C. L.

1. Yes, he would acquire a dower interest in her real estate.
2. Dower is one-third life interest.

"Yes, yes, of course—I see now that I've been holding the wrong political views all these years."

Alumni Invited to North Shore School's Party

BY JUDITH CASS

THE more than 800 alumni of the North Shore Country Day school have received invitations to a garden party tomorrow which will make those who are serving overseas homesick when they open the attractive red, white, and blue announcement cards. The party will be given by the alumni council of the school in the Winnetka home of one of the council members, Miss Margaret Bell.

Swimming, tennis, and cocktails are on the program, which will begin at 5 p. m. Proceeds of the event will go to the alumni scholarship fund. Henry Stein of Highland Park heads the council, whose members have planned the gathering to encourage alumni to take a more active role in school affairs. Some of those who will assist at the benefit will be Miss Bell's sister, Mrs. Samuel H. Brown; Mrs. Ezra Pugh, Miss Margaret Burnham, Mrs. Gregory Durham, Miss Priscilla Korrady, and Ives Waldo Jr.

Another sister of Mrs. Brown and Miss Bell, Mrs. Gilbert Osgood, will miss the party, but she will arrive from Washington, D. C., Friday, accompanied by her little son, Christopher. Mr. Osgood will arrive later to spend his vacation.

Wedding News

Dr. and Mrs. Kellogg Speed of Highland Park have issued invitations to the marriage reception of their daughter, Ensign Helen Marjorie Speed of the WAVES, and Ensign James Howard Hensinger of the naval reserve, at 5 p. m. July 14 in the garden of the Speed home, weather permitting. The ceremony, at which only the families will be present, will be held at 4:30 p. m. in the Speed home, with the Rev. Louis Sherwin of the Highland Park Presbyterian church officiating.

Ensign Speed will be attended by her sister, Miss Ann Speed. Lt. Elbert Kaufman of Cincinnati, O., will be best man. He and Ensign Hensinger and his bride-to-be are stationed at Indian Head, Md., where Ensign Hensinger and his bride will live after a short wedding trip. Ensign Speed and her fiancé will arrive on the 13th in time for the bridal dinner, which will be a small family party in the Exmoor Country club. Ensign Hensinger's mother, Mrs. Helen M. Hensinger of Allentown, Pa., also will be here for the ceremony.

Mr. and Mrs. Charles McIntire of Grand Rapids, Mich., announce the marriage June 23 of their daughter, Elayne Marie, to John Williamson Baackes, son of Mrs. Abram Gaar Strattan of Winnetka. The ceremony took place in Grand Rapids, with Mrs. Strattan and Mr. Baackes' uncle and aunt, Dr. and Mrs. Mark Trude, among the relatives present. Mr. Baackes and his bride attended Lake Forest college. They will live in Chicago.

Other Weddings

The marriage of Miss Mary Deming Morrill, daughter of Mrs. George Crawford Morrill of Seattle, Wash., and the late Mr. Morrill, to Lt. Gordon Spens of the army, son of Mrs. Conrad Emmanuel Spens of Irving Park blvd., took place recently in the Church of the Epiphany in Seattle. The bride is a graduate of Smith college and a member of the Seattle Junior league. Lt. Spens was graduated from Amherst college and has returned from 38 months of duty in the South Pacific. He and his bride will go to San Antonio, Tex., where he will report for orders.

From Spencerport, N. Y., comes the announcement made by Mr. and Mrs. Leon Zimmerman of the marriage June 16 in Rochester, N. Y., of their daughter, Helen, to Dr. Wellington B. Stewart of the army, son of Mr. and Mrs. G. Ross Stewart of Evanston. Dr. Stewart is a graduate of the University of Notre Dame and the medical school of the University of Rochester. His bride also is a graduate of the University of Rochester. They are at home in Rochester while he is interning in Strong Memorial hospital. He will report for active duty with the army medical corps at the completion of his training.

In a ceremony June 23 in Harrisburg, Pa., Miss Elizabeth Buller, daughter of Mr. and Mrs. Ellwood Buller of that city, became the bride of Ensign Raleigh T. Williams II. of the naval reserve, son of Dr. and Mrs. Aubrey T. Williams of Winnetka. Miss Kathleen Deming, the bride's roommate at William and Mary college, was maid of honor, and Goodwin Turner Wilson served as best man. Ensign Williams and his bride are in New York awaiting his reassignment. He has returned from duty with the amphibious forces in the Pacific.

Here and There

Mr. and Mrs. Carl W. Enchelmayer [Gisela Sauer] of Evanston are being congratulated on the birth of a daughter, Donna Maria, June 12

[Continued on page 12, column 8]

Benefit to Aid Scholarship Fund

[TRIBUNE Photo]

Miss Alice Warner, following a tennis game on the courts of the Indian Hills club. Miss Warner and others who attended the North Shore Country Day school have been invited to a cocktail party at 5 p. m. tomorrow in Miss Margaret Bell's Winnetka home for the benefit of the school's alumni scholarship fund.

White Collar GIRL

BY RUTH MAC KAY

Distinction

As bosses come and bosses go
[And mine remains the same]
I notice other gals who boast
Of looks, or wit, or fame

Possessed by their employers, who
In contrast to the rest
Bring bon-bons to their steno's desk,
O, they are sweetly blest!

Yet mine has one distinction which
Surpasses all of that—
For winter, summer—my boss wears
A dashing derby hat!

THE UNDERWRITER'S GAL

Bambi in Reverse

For Bambi—the career girl going on a vacation honeymoon.

Suppose it were your third wedding anniversary. It would be something like this: You're going to spend it alone because your service man has been overseas for two-thirds of your marriage.

This is one date you can't share with his family; their oblique likeness to him would hurt too much. All your close friends are busy or on vacation, and a war time restaurant menu doesn't appeal to you, so you go home to the little apartment for a soup and salad dinner. The empty mailbox confirms your fear that the fleet postoffice wouldn't be clairvoyant enough to deliver the promised package on that day, or a V-mail even, to serve with dessert and coffee.

You decide to write a celebration letter before doing the dishes, but when your fingers touch the typewriter keys, the words aren't there. You sit, half listening to the radio, while your memory fits together the precious little fragments of your time together. Suddenly the apartment becomes unbearable and you rush around getting ready for the 7:10 movie down the street. On your way, you hope fervently that there will be a slapstick comedy to make you laugh. In your heart, tho, you know that running away from yourself won't help—really. For, until the war ends, wherever you go, loneliness will be a part of you. K.

Standees

Did any one else notice the WCG who stood up on the "L" all the way from Western av. to Union station this morning? The unusual part of it was that she wasn't hanging on a strap, a seat, or a fellow passenger. In fact, she just stood there and not once lost her balance. Is this the result of years of practice or some natural talent?

NOSEY PARKER II.

Dis and Data

The magazine Telephony reports a job applicant who said her last work was to perforate telephone directories so a strong man could tear them in half more easily. . . . The Chicago Public library has a small leaflet, "Services for Business Men," and very good it is—but how did we girls get left out of this? . . . One of United Airlines WCGs, Joan Norsworthy, sold a $10,000 war bond to Col. Hilton, new owner of the Stevens. Has any business girl sold a bond of larger denomination? . . . Louis P. Troeger has sent this column a charming old stereoscopic view of the secretary of the '90s—very cute.

Forest Echoes a Defiant Tune at Interlochen

BY RITA FITZPATRICK

[Chicago Tribune Press Service]

Interlochen, Mich., July 2—The woods and hills are alive with music. It might be a scene from "Midsummer Night's Dream," but it is too modern, too vividly real.

The stage is a glade; the backdrop, blue water, proud pines, and lowering sky; the setting, the Interlochen bowl, a natural amphitheater couched on the fringe of a whispering lake.

A central character stands at the podium, a small blue shirted, almost insignificant figure. Behind him and beneath an arched roof of hewn timber are 350 scarlet sweatered, young boys and girls with violins, horns, bassoons, harps, cymbals, and other instruments, kids with music in their hearts. At a nod from the baton, Beethoven's "Eroica" challenges the dark clouds.

This is the first musical gathering of the season for the students of the National Music camp. It is a symphony rehearsal, a harmony of players who have just met. It is the first 1945 sight reading class of Interlochen under the direction of the president and founder, Dr. Joseph E. Maddy, archenemy of James Caesar Petrillo, czar of the American Federation of Musicians.

Having stepped to the podium and taken up a baton, Dr. Maddy has risked being suspended from the union. His faculty is threatened by the union executive committee which placed on its "unfair" list any musician who participates in Interlochen, thus barring any radio appearance.

But this genial little man with a glint in his eye does not care. He has dared Petrillo to "do something about it."

"Now it's up to Petrillo," Dr. Maddy declared following the rehearsal. "The musicians are here to learn. I directed this morning and I'm going to keep on directing."

What matters mostly to Dr. Maddy is what is happening right now; that 350 youngsters who have never seen each other before, and many who have never seen the score before, are able to get together and to bring out the beauty that is Beethoven, or Bizet, or Bach. It is important to him that musical or artistic talent be freely and eagerly expressed by young people away from the embarrassment of parental prodding or the monotony of the metronome, and he holds that there is nothing like the natural acoustics of the forest to give a child confidence.

Talent finding is the most important phase of the Interlochen program. Under the direction of Arthur L. Williams, assistant professor and director of bands at Oberlin college, the talent finding project takes in every student who has come to the camp without a definite talent or liking for one particular instrument.

By a carefully arranged schedule, each child is given an opportunity to learn the fundamentals of a variety of instruments and is closely observed for his reaction and adaptability to one or several.

"Parents who insist that children learn piano first as a basic approach to music frequently imbue in the child, who has no liking for it, a distaste for all instruments," Williams maintains. "The boy who cannot be made to practice his piano lessons might be the one who would give up a baseball game to toot on a saxophone."

In the camp, however, there are many young virtuosos who have been sent to Interlochen on scholarships by clubs, schools, and individuals. A scholarship here does not mean a free ride to fame. In the democratic fashion, scholarship students work several hours a day in the kitchen, the dining room, the store, or the hotel.

"We do not permit any scholarship donor to pay the full tuition of a student, but suggest that two children be sent on part scholarships and work out the remainder," Dr. Maddy explained. "The first year of the camp we were given $9,000 for scholarships which we used for full tuition of a number of students. Those were the children who got the 'big heads.' A student has more appreciation for his lessons if he has to earn them."

The tuition at Interlochen is $300 for two months, a sum which goes to maintain the camp and its prominent staff. Interlochen is a foundation affiliated with the University of Michigan and supported by appropriations, endowments, and tuitions. Any profit made in a season is turned back into the development of the camp.

New Washing Machine to Be More Efficient

BY EDITH WEIGLE

A recent survey made by the Office of Civilian Requirements showed that 4,200,000 families intend to purchase washing machines when they are once more put on the market. What sort of units will be available?

A spokesman for 30 manufacturers says that there will be few radical changes in design or mechanism for some time to come. The two types of machines, the semi-automatic [where the operator does part of the work] and the full automatic or timed cycle, where the entire job is done mechanically, will be on the market again some months hence as they were in 1942.

The changes will be found in a refinement of mechanism rather than in the physical appearance of the exterior which is already streamlined and ultra modern. The knowledge of precision instruments gained in the war, during which many washing machine firms are making anti-aircraft and aviation equipment, will be turned to making their own products finer, more efficient, and less expensive to operate in the future, said the representative for the industry.

H also stated that since the average life of a good unit is from 10 to 15 years many of the post-war demands will simply be for new parts, repairs, etc.

Thousands of women who buy washing machines also will get the mechanical clothes dryers to be manufactured after the war. One firm claims its new model will damp-dry 18 pounds of wet clothes in 15 to 25 minutes at the turn of a switch. The heat shuts off by a timing device and the clothes are tumbled in clean, 190 degree, moving air. The price will be around $150 and the unit will be in square cabinet shape, 39 inches high.

Automatic ironers will make their appearance at the same time and the new ones will be made so that the housewife can sit down while she works. One model will offer 300 square inches of ironing surface so that two flat pieces can be done at the same time.

WPB officials estimate, however, that washers, dryers, and ironers will be generally available, in limited quantities late this year.

[This is the fourth of a series of articles on post-war accessories for the home. Others will follow.]

Music Note

Susanne Fisher will replace Vivian Della Chiesa, who is ill, as soloist with the Grant Park Symphony orchestra tomorrow evening in the band shell east of 11th st. Miss Fisher, who formerly appeared with the Metropolitan Opera, Berlin's Staatsoper, and the Opera Comique, will sing an aria from Massenet's "Herodiade" and a group of songs.

Unusually Active Little Girl Needs Outlet for Her Energy

BY GLADYS HUNTINGTON BEVANS

[Copyright: 1945: By News Syndicate Co., Inc.]

"My Sheila is just 5 and an only child in a family of grownups," writes a mother. "She does not obey any one and is not afraid of any one either. When being called she will not answer you. She will do things she is not supposed to do, even when told three or four times not to do it. This is annoying, as the wrong thing is usually what she does! I have tried spankings and also reasoning nicely, but neither seems to work.

"A very active, daring little girl should be allowed lots of physical freedom." [TRIBUNE Studio Photo]

"Of course, everybody pets and loves her and gives her everything, and she is also scolded by all, as the relations have the same trouble with her that I have.

"Can you tell me what to do, as I would love to have her behave like a little lady, not a tomboy? Sheila is a healthy girl and large for her age, but she is like a boy, climbing fences and walls and getting bruises all over her hands and knees."

This letter has two points of similarity with a number of others I have received lately. These points are [1] the fact that too many grownups do too much watching and correcting of an only child; and [2] the growing independence shown by an increasing disobedience, by running away and by mischievousness.

The third point not quite so usually found in this sort of trouble, is intimated in the question:

"Can you tell me what to do, as I would love to have her behave like a little lady, not a tomboy?"

If this little girl actually were a little boy, no uneasiness would have been felt about the climbing and getting bruised and battered. I think I'm safe in saying that most little girls haven't the great energy and need for very vigorous physical activity that little boys have. But when we do find it in small girls, we must, as you might say, bow before the storm. The "little lady" idea, where it is synonymous with quietness, sedateness, and constant cleanliness, must go by the board.

Considerateness and character will be developed of course. But lids clamped on are apt to be blown off; so that driving heed for physical activity must be satisfied. All it needs is to be given legitimate outlet. If it is, there will be less obstreperousness and more manageability. A very active, daring little girl should be allowed lots of physical freedom. Such an outlet is helped by supplying the child with skates, scooter, and other equipment for physical activity.

"You and Your Young Child" is a booklet of interest to parents. For your copy send 18 cents to Mrs. Gladys H. Bevans, The Chicago Tribune, Chicago 11, Ill.

Thru the Looking Glass

We don't know of a better way to cure the young girl of the unattractive habit of nail biting than to establish such genuine pride in the appearance of her hands that she'll think twice or count ten before she takes the tiniest nibble at a finger tip.

This can be done at home, by advice and example and manicuring. But it's best accomplished, we've found, by treating the youngster to a series of professional, gentle manicures. This serves two purposes. The manicures, given at frequent intervals, will condition the nails and cuticles so that there are no little fragments hanging loose to tempt the nail biter.

In a remarkably short time the cuticle will become pliant and healthy, rather than raggedy, and if a nail splits or breaks it can be expertly smoothed, erasing the jagged bit at which most nail biters rip away.

The manicures have another value. Usually they are a sure fire appeal to the girl's vanity. When her nails are groomed so that they are polished, and have the shape best suited to her fingers—in other words, when her nails are pretty—she'll be so proud of them she'll try to keep them that way.

We've seen this work miracles with the teen agers, especially chronic nail biters who think their hands are so ugly nothing can be done about them. Once the hands begin to take on the adult quality of good looks they find it possible to resist the urge to bite them.

This will work with boys, too, we expect. The boy who trots off to his father's barber shop at regular intervals for a manicure feels so grown up he finds the will power to abandon a bad habit of childhood.

ELEANOR NANGLE

Miriam M. Cousins to Sing at National College Today

Mrs. Miriam Mills Cousins, lyric soprano, will appear in a musical program at 9:55 a. m. today at the National College of Education in Evanston. The program, which is open to the public, is one of a series arranged for entertainment of summer students. Mrs. Cousins is the wife of Lloyd Cousins, who was head of the music department at the college until his enlistment in the army this spring.

The North Avenue Y. M. C. A. has an overnight camping trip planned for next Monday and Tuesday in the Indiana dunes for boys from 9 to 11 years old.

Here's an entirely New Idea in Cream Deodorants!

Triple-Creamed to unbelievable fluffiness . . .
Smooths on easier . . . Vanishes quicker

Today an entirely new idea in cream deodorants is waiting for you. It's *triple-creamed* HUSH*—a mere whisper of a cream . . . fluffy as your face cream. Smooths on easier, vanishes quicker. A delightful change from your present stiff deodorant cream.

Yet!—with all of its exquisite daintiness HUSH ends underarm odor the instant it's applied. Gives you freedom from further perspiration worries from 1 to 3 days. Does not stain nor harm your precious clothes.

Try this new *triple-creamed* deodorant at once and discover the thrilling difference. You can get HUSH at your drug, department or 10¢ store. 25¢ and 50¢, plus tax.

*REG. U. S. PAT. OFF.

ON THE RECORD

By Claudia Cassidy

Piano Albums by Horowitz and Rubinstein and Some Villa-Lobos Songs with Tourel

Piano albums by Vladimir Horowitz and Artur Rubinstein are on the scarce side, but Victor has one of each ready for your shelves. Mr. Rubinstein is concerned with Debussy [M-998; three 12 inch records], but Mr. Horowitz divides his attention among his version of the Liszt transcription of Saint-Saëns' skeleton rattling showpiece, "Danse Macabre"; Tschaikowsky's melancholy rustic scene, "Dumka," and the Czerny variations on the Angelica Catalani aria, "La Ricordanza," featured at his concerts last season [M-1001; three 12 inch records]. The performances are unmistakably Horowitz and quite a lot of fun, and the recording is good, barring some surface noise. Now how about recording those Prokofieff sonatas?

Mr. Rubinstein devotes his lucid attention and firm, full tone to Debussy's "Evening in Granada," "Homage to Rameau," the salon waltz, "La Plus que Lent"; a lovely performance of "Gardens in the Rain," a flashing, darting one of "Goldfish," and a lazily liquid one of "Reflections in the Water." Some surface noise here, too, and sometimes a little less than full Debussy magic, but on the whole a charming set to have around the house.

On the Exotic Side

An engaging, not too exotic album, is so new from Columbia it may not have hit the shops. It holds five of Heitor Villa-Lobos' "Serêtas" or Brazilian serenades written in Paris about 20 years ago, and "The Village Bell," one of six miniatures dating back to 1916-'17. The composer conducts an unidentified orchestra, and Jennie Tourel sings the Portuguese texts with beauty and skill [X-249; two 12 inch records]. This, like most of the Brazilian's music, is rather like a jungle mirror reflecting other composers' ideas, but that doesn't keep it from being delightful. The song of the bell might be a Brazilian intimation of "A Bell for Adano," and the serenades range from a lyrical love song brushed with Italian influence, to a brief "April" storm, an autumnal interlude with a hint of dancing in its blood, a snatch of song beneath a window, and the famous song of the ox cart driver, which Miss Tourel does vividly but rather in drawing room style compared with the primitive brilliance that was Elsie Houston's. Nice set.

"The Snow Goose"

Remember Paul Gallico's story of the snow goose that went to Dunkirk with a crippled man and a small but gallant rescue boat? Decca has recorded it with Herbert Marshall, Joan Loring, and others, in an adaptation by Nat Wolff and with music not so much composed as assembled by Victor Young, who conducts [DA-386; three 12 inch records]. The heart of the story remains vivid and touching, tho some of the touching-up is disturbingly phony, and Mr. Marshall is expert save when ghostly moods make him go sibilant with such sounds as "Have you ever seen a snow goose?" Miss Loring is what the Cockneys call "ever so eager," but the unidentified Cockney knows his job.

Odds and Ends

You can get the celebrated performance of Ravel's "Daphnis and Chloé" by Serge Koussevitzky and the Boston orchestra in a Victor Showpiece set with illustrated paper covers holding two 12 inch records. Some of the tag ends sound hurried but the performance is worth owning. . . . Risë Stevens has recorded some Jerome Kern songs with Sylvan Shulman and orchestra [Victor M-568; four 10 inch records], and I wish she hadn't. . . . Nelson Eddy has a "By Request" album with Robert Armbruster's orchestra [Victor M-571; four 10 inch records] ranging from "Red Rose Bush" to excerpts from "Song of Norway." Not my dish. Maybe yours?

Black Magic Casts a Cool, Stylish Spell

BY REA SEEGER

Dresses for sizzling weather, designed primarily for comfort but boasting sleek sophistication, dramatize the eternal lure of black. But the black is sheer and fragile, the fabrics thin enough to flutter coolly in any wandering breeze. Skirts are simple, using the thin, black stuff that drapes so assuredly and with definite magic to slenderize any figure.

Bodice tops are daringly sheer. Some are made entirely of lace with strategic cross bands of the opaque material in decorative appliqued motifs in front, and the backs mere delicate shadows of the lace pattern over the skin.

Less exposed black dresses of stunning rayon shantung are ideal for all purposes. They are ready for day time duty from dawn till dark. These dresses are extremely simple in line and detail. There is effective saw-tooth edging around the neckline and the cuffs, and shallow scallops around the cuffs and neck. Large softly tied bows on each side of the high chest sections, and the inevitable side swept controled drapery on both bodice and skirt are some of the interesting dressmaker details that make these dresses so deservedly popular.

Cross-bar lattice work of narrow bands of the crepe make very decorative flared peplums on dresses that otherwise are slim and simple. This lattice work also is used for deep yokes, deep cuffs, and half back sections. This method of combining super-cool comfort with a decorative motif is unusually effective, both in flattery and air conditioned coolness. Sheer black net is another fragile charmer, which becomes doubly flattering with appliqued motifs in leaf and scroll pattern. Simple band yokes and cuffs, and alternate bands of net and crepe, make other net and crepe dresses that are cool, smart, and slenderizing.

[For further information call Rea Seeger, Superior 0200.]

'The Wicked Mrs. Steel'

By Roy Vickers

(Copyright: 1945: By Roy Vickers)

INSTALMENT XIV.

TOO MUCH TO MANAGE

Ruth put a long manlike coat over her nightgown and silently descended. "It's always like this when she's specially upset," ran her thoughts as she caught up with Mrs. Steel at the foot of the stairs.

Mrs. Steel, a ghostly figure in her night dress of heavy white silk, entered the drawing room, stopped by the armchair as if Gillian were still there. Then she turned aside—to the cage that held the sleeping canary. This time Ruth understood.

"So that is in your heart, Margaret Steel!" The words were not spoken aloud. Gently Ruth took the outstretched hand, and the sleeper let herself be led back up the stairs to her room.

Ruth tucked her up in bed, gazed down at her sadly.

"She's getting too much for me to manage, Andrew," she muttered. "I'm scared I'll fail ye after all." She bent and kissed the sleeping woman on the forehead.

Back in the corridor, Ruth passed Gillian's room, hesitated and turned back. Noiselessly, she tried the door. When she found that it was locked on the inside she sighed with relief and returned to her own quarters.

Ruth did not notice that amongst the letters she brought to Mrs. Steel's room on the following morning was one addressed to Gillian.

In Ralph Hanshew's writing.

Mrs. Steel slit the flap.

"Dearest, sorry I went off the deep end last night. I meant what I said about Mrs. Steel and the money, but I ought not to have said it like that. There's something about that woman that arouses the murder impulse in me. And so it spoiled the most wonderful day of my life—heaven bless you! (I mean, of course, for saying that you love me.) Will ring you before I start work; i. e., about 9:15—Ralph."

Mrs. Steel glanced at the jeweled clock at her bedside. Ten past nine. She slipped on a house coat and went down to her study. Gillian was having breakfast in the morning room. For extra safety, Mrs. Steel locked the door and shut the window. At 9:15 precisely the telephone tinkled.

"Is that you, Ralph? Gillian asked me to take the call. She's not quite herself this morning, so I persuaded her to have breakfast in bed. Shall I give her a message?"

"I hardly feel like troubling you."

"O, don't be silly—I'm not offended! If I do feel a bit cross with you it's because you've upset Gillian. If I were you I'd let her have a quiet day to herself."

"I've no choice! I have to run up to London today and shall probably be kept there for a couple of nights. It's that Banston contract. Will you tell her—O, never mind, thanks!—I'll send up a note."

The note came about midday, with an armful of flowers. Mrs. Steel read the note.

The flowers she took to the back of the house, hiding her movements so that neither Gillian nor Ruth should see her. She lifted the lid of the ash bin.

"There's something about me that arouses the murder impulse in you," she muttered. "That's because you've let that girl come between us when you know you were meant for me."

In sudden fury she crushed the flowers, tore the petals.

Gillian wondered unhappily why no word had come from Ralph. Mrs. Steel, too intelligent to overdo her own effect, explained breezily that he had gone to London on important business.

His point of view still baffled her. He and she were not greedy like the family.

They would not want to live extravagantly. The Steel fortune was a public trust. They would use no more than a very little of the huge income. Enough perhaps for her to send her brother to a university and to relieve her mother of the fear of poverty.

Thus, without realizing it, she began to visualize the personal advantages of being Mrs. Steel's heir.

The next afternoon Valerie came to tea, bringing Charles Ludlow with her—for Mrs. Steel's inspection on Mrs. Steel's order. At a single glance Gillian could tell that Valerie was deeply in love with him. So could Mrs. Steel.

He was a pleasant young man, thought Gillian, the right type for Valerie.

He saw life from a humorous angle—could laugh at everything, including himself. He was almost ridiculously handsome.

"I shall never make a penny out of art," he explained. "When I do portraits there's generally trouble, because I haven't the knack of flattering. When I paint I tell the truth as I see it. So my clients generally refuse to pay me my modest tenner."

"There may be exceptions," said Mrs. Steel. "I'll give you a commission, Mr. Ludlow. Shall we say 20 pounds?—for painting the truth about Gillian."

"Thanks aw'fly, Mrs. Steel." He turned a critical eye on Gillian. "Twenty quid for an easy study like that!" he enthused. "I could make a rough sketch this afternoon if she'll let me—and finish in a couple of sittings."

Gillian professed willingness.

"Valerie and I will leave you to it," said Mrs. Steel.

"That is kind of you, Aunt Margaret," said Valerie when they were alone. "He so rarely gets any real encouragement. I'm ever so grateful."

"My dear, it's a pleasure," Mrs. Steel was in her most gracious mood. "He's a very nice young man, interesting and rather appealing."

"I can't tell you how glad I am that you like him. It means such a lot."

"I like him very much," said Mrs. Steel. "But I don't think he's much of a business man. He practically told me I was overpaying him."

"Most artists are like that," admitted Valerie. "Their heart is in their work—if they happen to get paid for it, so much the better."

"Exactly!" The word seemed to explode in Valerie's brain. "If he had control of Andrew's money he would turn the factory into a Venetian palace or something."

As she spoke, Mrs. Steel took from the drawer the 'last will and testament' that made Valerie her heir.

"Aunt Margaret!" gasped Valerie. "He never would have any control."

"Not legally perhaps, but that wouldn't make any difference," asserted Mrs. Steel. "In one way and another, a wife is subject to her husband, however modern she may think she is."

"He would never want any control—he isn't that kind of a man," she wailed.

[Continued tomorrow]

Engagements

In Cleveland Heights, O., Mr. and Mrs. Stanley M. Clancey, formerly of River Forest, have announced the engagement of their daughter, June Marie, to Joseph Clarence Frantz, son of Mr. and Mrs. Clarence Franz, also of Cleveland Heights. Miss Clancey was graduated recently from St. Mary's of the Woods college. Her fiancé attended Georgetown university. He has received a medical discharge from the marine corps reserve.

The engagement of Miss Virginia Carol Dearlove to Pvt. James D. Witherspoon of the army, son of Mr. and Mrs. William P. Witherspoon of Evanston, is announced by her brother-in-law and sister, Mr. and Mrs. Reynold E. Staffel of Park Ridge. Pvt. Witherspoon has returned from 30 months of duty in the European war theater and is stationed in Billings General hospital at Fort Benjamin Harrison, Ind. The wedding will take place in the fall.

Chicagoan Re-Elected as Secretary of Zonta

Miss Harriet C. Richards of Chicago has been reelected executive secretary of Zonta International, a post she has held since 1924, it was announced at a recent board meeting in the Edgewater Beach hotel. Another Chicagoan, Mrs. Lucille D. Edgar, was named new director of public relations for the international business and professional women's organization, and Miss Ruth Gates of Evanston continues as treasurer.

ORPHAN ANNIE

NOW, ANNIE — JUST ANSWER MY QUESTIONS - DID YOU KILL MRS. BLEATING-HART?
NO! OF COURSE I DIDN'T! HOW COULD I?
DID YOU RUN AWAY?
YES! YOU BET I RAN AWAY!
WHY?
BECAUSE MRS. BLEATING-HART WAS CHASING ME WITH A BLACK-JACK, TRYIN' TO KILL ME!
WOW!
SHAME!
HIS-S-S!
GOOD FOR HER!
STRIKE OUT THAT ANSWER! ORDER IN THE COURT!

GASOLINE—A18 coupons expire Sept. 21; B7, B8, C7, C8 coupons good until further notice.

WASTE FATS—Each pound worth 2 red ration points and 4 cents.

July 3, 1945

BY MARY MEADE

[Copyright: 1945: By The Chicago Tribune]

French and Scandinavian cooks long have known what many an American cook has yet to learn about preparing fish: That the fish, if it is to be baked or boiled, has much more flavor if the head, tail, and bones are utilized. These parts should be boiled in salted water with a slice of onion, a slice of lemon, a bay leaf, a few celery leaves, and perhaps a few whole cloves or allspice berries. The broth thus obtained has fine flavor and may be used to cook the fish itself, or to make a sauce with which to dress it.

By the way, "boiled fish shouldn't really be boiled. You don't really boil coffee or eggs, either, if you want them good, but the protein of fish is particularly averse to being boiled. Tenderness depends on simmering until tender. The fish should be placed in a cheesecloth bag so that it may be kept intact.

"I studied domestic science for three years and know all about canning, so don't tell me I can't do it in the 'oven,'" writes an indignant reader.

I, too, studied "domestic science", the modern term for which is home economics, and for somewhat longer than three years. But I learned enough to know that canning and cooking methods change as continual research turns up newer, better ways to prepare foods safely and with the retention of the most food value. A few years ago oven canning was condoned. But because dry oven heat does not produce temperatures high enough to insure sterilization of certain spoilage organisms which may be present in foodstuffs being canned, and even more important, because oven canning has been proved to be fraught with danger, it has been abandoned by canning authorities. Reports of oven-canning explosions, many of them with fatal results for the home canner, should convince any doubter that this method of food preservation should be forgotten.

This is the season for stuffed tomato salads, good eating on any summer day. For a party, stuff tomatoes with lobster salad and park them on watercress. For every day, a less expensive fish salad, egg salad, cole slaw, a fine cut meat salad or potato salad, or a combination of cooked vegetables and mayonnaise will do beautifully. Peel the tomatoes before hollowing them, and combine the removed pulp, less some of the juice and seeds, with the salad filling. And have the whole salad cold.

"Yogurt," that healthful cultured milk food, is available again in Chicago. It's wonderful with fresh fruit, and makes an excellent salad dressing. The owner and manager of one of my favorite restaurants tells me that yogurt dressing is going to solve a big problem for her, now that salad oils are so difficult to obtain.

TURN IN WASTE FATS FOR POINTS AND PENNIES!

Wednesday Menu

BREAKFAST
Broiled Grapefruit Halves
Shirred Eggs
Bakery Coffee Cake
Coffee Milk

LUNCH
Nut Waffles, Sirup
Mixed Vegetable Salad
Fruit Bowl Milk

DINNER
Creamed Canned Halibut on Noodles
Corn on the Cob
Carrot Slaw

Amusing Motifs

BY NANCY CABOT

These amusing gay '90s motifs will be "the talk of the town" when embroidered on towels, cocktail napkins, or wall pictures. These figures are ideal for embroidered gifts. The hot iron transfer pattern contains 16 motifs, which measure from 1⅛ by 1⅝ to 4 by 4½ inches.

For the hot iron transfer pattern, No. 517, send 15 CENTS in coin [wrap coin securely] to the Needlework Bureau, Chicago Tribune, 220 Fifth av., New York 1, N. Y.

Stage Notes

The Playwrights company has shifted its production schedule to open its season with Robert E. Sherwood's first play since "There Shall Be No Night." It is "Out of Hell," which takes its title from Milton's "Paradise Lost," and is in two acts and 15 scenes, to be designed by Jo Mielziner. Neither the cast of 30 nor the director has been announced. The tentative tryout date is Sept. 27 in Providence, R. I., with Boston and Washington on the pre-New York schedule. Subsequent plays include Elmer Rice's "Dream Girl," Maxwell Anderson's "Girl of Lorraine," and probably a new comedy by S. N. Behrman.

Tentative casting for the Theater Guild's revival of "A Winter's Tale," promised to Chicago next season, includes Florence Reed, Whitford Kane, Henry Daniell, and Romney Brent.

V-Mail a Day Frightens GI Blues Away

BY SHEILA DALY

[Copyright: 1945: By The Chicago Tribune]

When fellows were still at home, calling every night at 7, stopping over for a bit of chatter in the evening, or making plans for some bright lights fun for Saturday night, gals found plenty to talk about. It was that daily contact, the fun of thinking and talking about the same things, on which the friendships were based. And now that those particular Joes are overseas, they still want to hear about the same girl, the same crowd, and the same simple things that make home such an important memory. Just as every civilian is eager to see the headlines on the morning paper, so every soldier is eager to get that home front report in daily mail call. A letter a day keeps the blues away—a short, interesting letter every day rather than a longer occasional letter with long, lonesome intervals in between. And V-mail is the answer.

on the SOLID side

With more than 40 million individual pieces of mail being dispatched to American troops overseas every week, it has become more and more necessary to lighten the load. V-mail permits the maximum number of letters to be transported in the minimum amount of space. And with over 5 million fellows [and that includes your special hunk of heartbreak] waiting anxiously for that mail, it is important not to clog the air and sea lanes with bulky letters sent by air or regular mail.

Remember these facts about V-mail. It is patriotic because it conserves critical cargo space. It is private; a microfilmed V-mail letter is the size of a postage stamp, impossible to read. V-mail letters are processed at the rate of 1,500 per hour. Speedy mechanical processing insures privacy. V-mail is ideal for short, frequent letters. The form has room for at least 200 handwritten words or about 500 typewritten words. It is inexpensive—flies overseas for only 3c postage. The V-mail forms are easily obtained. They are on sale at most stores or can be obtained free at local postoffices.

In the past three years, since V-mail service was opened, more than 937,000,000 letters have been sent via the microfilm service, and the army postal service will see that your Joe gets his, too.

* *

English Novel to Be Topic of U. of Chicago Lecture

Edward K. Brown, professor of English at the University of Chicago, will be presented in a free public lecture at 4:30 p. m. today in room 10 of the Classics building, 1155 E. 58th st. He will discuss "Some Recent Tendencies in the Novel in England."

Goren on Bridge

By Charles H. Goren

[Copyright: 1945: By Charles H. Goren]

Both sides vulnerable, North deals.

NORTH
♠ A Q
♥ 10 8 6
♦ K J 10 9
♣ A Q 10 2

WEST
♠ 10 9 8 7 3 2
♥ —
♦ 8 6 4 3
♣ J 8 4

EAST
♠ K 6
♥ 4 3
♦ A Q 7 5
♣ K 9 7 6 5

SOUTH
♠ J 5 4
♥ A K Q J 9 7 5 2
♦ 2
♣ 3

The bidding:

North	East	South	West
1 diamond	Pass	1 heart	Pass
1 no trump	Pass	5 hearts	Pass
6 hearts	Double	Pass	Pass
Pass			

Opening lead, three of diamonds.

The East of today's hand submitted it to me as a hard luck story and tried to enlist my sympathies. He related the bidding, recorded his 13 cards and then asked plaintively, "Wouldn't you double?" My reply was that on the merits of the hand I would like to double because I really believe the hand could be set. The only objection that I have to the effort to collect an increased toll is that my double might unduly influence my partner in the selection of his opening lead. I was quite certain that if West were left to his own devices, in view of the bidding, he would lead a spade, and that is the lead that is really desired.

Unfortunately, for the purposes of this particular hand under modern conventions, the double of a slam contract calls for the lead of dummy's first bid suit and West is under compulsion to lead it. If declarer happens to have a singleton, the effect may be disastrous. This is no time to get hungry for an extra 100 points.

West, as can be seen, without the undue influence exerted by his partner, would have led the 10 of spades, but the double gave him no option but to obey his partner's command. The three of diamonds was led and the nine went to East's queen. He was now helpless to make a damaging lead and after trumps were drawn, declarer entered dummy to push the 10 of diamonds thru the avaricious Mr. East, establishing two good tricks upon which to shed the superfluous spades.

It is well to remember that a double of a slam contract by a player who has not the opening lead is made not for the purpose of enrichment, but solely with intent to signal a lead to partner.

TOMORROW'S PROBLEM

As South you hold:
♠ K Q 8 7 5 4 3 ♥ 5 ♦ 8 ♣ K Q 3 3
The bidding has proceeded:

South	West	North	East
1 spade	2 diamonds	2 hearts	Pass
2 spades	Pass	3 clubs	Pass
4 clubs	Pass	5 spades	Pass
?			

What do you bid now?

Looking at Hollywood

By Hedda Hopper

HOLLYWOOD, Cal., July 2—**Johnny Considine** sold "The Mercer Girls" to Metro for $25,000. It's a highly entertaining yarn. Asa Mercer, first president of the University of Washington, was a friend of Abraham Lincoln. There was a scarcity of nice girls in Seattle. So Mercer, aiming to benefit both the New England girls and his friends, decided to bring a boatload of young Civil war widows and ladies from east to west. Went back east to get 'em. When he got there Lincoln had been shot. But he got the girls to agree to come, and he put 'em on a ship. They had to be brought around the Horn. When they arrived in San Francisco they'd been shipwrecked, were practically without food, and mighty forlorn. There they met up with a man named Pennell who owned a dance hall. He tried to employ the girls, but got nowhere. When he learned they were going on to Seattle, he decided to take some of his fancy ladies on another ship, and beat Mercer's ship into port. But heaven, or something, helped the Mercer girls. They got there first, and found themselves good husbands. But then, so did the fancy ladies.

How Helen Hayes Got a Producer

Love this one about **Helen Hayes** and **Gilbert Miller.** When they were rehearsing "Harriet," Helen was sitting in the corner holding her head in her hands and Gilbert said, "What's the matter? Can I get you something?" "Yes," she said, "a producer for this play." That's when **Elia Kazan** was sent for. . . . **David Selznick** won out. He doesn't have to deliver **Jennifer Jones** to 20th for "Cluny Brown" for three months, but he's still lost out with **Joan Fontaine.** He dickered with RKO for two pictures for her, and insisted both be made within the few months which remained of her contract. The company couldn't guarantee that. David wanted to make sure of the excess profits he'd get from Joan's contract.

No Soap; De Mille Won't Enter Politics

No, **Cecil De Mille** is not selling his Hollywood home. His family's been happy there for years. Said Cecil, "I expect to welcome my first great-grandchild in this house. When that happens, I'll build an addition." Cecil goes into picture production in January. His story is a slice of American history laid in 1763. He's just back from speech-making in Wichita, Kas. When I asked if he was going to run for congress, he replied, "I don't want to be mayor, governor, congressman, or Vice President. I'm a picture producer. When I hear my speeches are making enemies, I think back over what critics have written about me for 50 years and smile. [Who was it said, 'I can defend myself from my enemies, but not from my friends'?]" . . . **Tom Brenneman** got the highest pay check ever paid a cowboy when he rode at the rodeo here. Turned it right over to the Encino community house fund. He's mayor there. . . . Family day at the Brown Derby with **Maggie Ettinger** guesting **Bebe Daniels'** daughter, and **Mrs. Bob Cobb** with a party of 10.

She Multiplied—and Audience Cheered!

At a preview of "Mildred Pierce" something went wrong with the film and in a few scenes **Joan Crawford** came out with two heads. Audience cheered. But after that mistake was rectified, the audience kept on cheering for Joanie. I've always maintained there's no audience in the world like Americans. Years ago I was playing "Six Cylinder Love" on the New York stage. We had an automobile on the stage which was driven by a comedian who'd never driven a horse and buggy. So one matinee he started the car. It was in gear and it went right over the footlights into the audience, pinned one woman against her seat, but didn't hurt her. The audience joined the stage crew in lifting it back on stage. We picked up the show just where we'd left off. And I'll be darned if that audience, which almost witnessed a tragedy, didn't laugh and applaud at the first line spoken.

Happy, Happy Near Bride

Cornered **June Allyson** on set of **Dick Powell's** "Cornered." She said, "I'm having a busman's holiday. The picture's been shooting seven days, I've been here five." She tells me there isn't any definite date set for their marriage in spite of all reports. All I can say is Dick is getting a girl every man in America loves. . . . **Edgar Bergen** brought **Peggy Chandler,** his 21 year old protege, back from Chicago. She'd been playing there in "Kiss and Tell." She got her education thru the Bergen scholarship fund in speech and dramatic arts at the University of Chicago. . . . A radio theater is searching high and low for something to star two of our most beautiful voices—**Ethel Barrymore** and **Charles Boyer.** Any suggestions? . . . **Dick Winslow** of "Our Gang" comedies now playing in "To Each His Own," works at a defense job, directs his own band at Bar of Music, and writes special songs for **Paula Drake.** Whatever does he do in his spare time?

Paris Post-War Shoes to Have Sculpted Heels

BY ANNE BRUYERE

[Chicago Tribune Press Service]

PARIS, July 2—Parisians will be wearing their hearts on their shoes after the war. Hellstern has fashioned elegant new models of priceless gold and silver kid whose buckles and heels are formed of sculpted hearts, cherubs, and seraphim.

All the soles of the post-war footwear will be flat and noiseless, in contrast to the 2 to 4 inch high wooden soles the French have been clattering about in for the last five years.

Another new feature in shoes is the draped effect of leather, satin, or crepe. On one night blue and silver satin model the drapery begins at the toes and swathes to the ankles, where the loose ends tie into a simple knot.

Hellstern also displays in his Place Vendome shop stout sports as well as fragile formal shoes in triple colors. One pair of brown brogues has narrow rows of yellow and green leather between the soles and the instep. Bands of silver, gold, and purple kid are plaited to form evening sandals.

Carven features exquisite hand embroidery on her new summer suits and sports clothes. Even beach togs are embellished with brightly embroidered fast color figures of sea lions, lobsters, starfish, sail boats, and swimmers.

Wide patch pockets embroidered with an oblong geometric motive appear at the hips and create the suit silhouette on a one piece banana beige linen dress. The turn over collar and cuffs are edged with the same motive.

Bold Chinese red and jade green embroidery trims the shawl collar and borders the long jacket of an otherwise classically tailored white linen suit. A three piece amber yellow costume in sheer wool is high fashioned with inserted bands of embroidered flowers.

Fashion Flashes: Antonio has created a new coiffure for the bronze colored tresses of Princess Edmond de Polignac. It consists of fluffy loose waves at the top of the head and at the nape to contrast with the severe braids covering the ears. . . . White rope and nothing else forms the latest bra and shorts swim suit created by Laure Belin. . . . Worth has a dramatic formal with a wasp-waisted bodice of red and black organsoie [combination of organdy and mousseline] and an asymmetric slit skirt of white faille.

Miss Barnes to Attend British Y. W. Parley for World Committee

Miss Lilace Barnes, professional member on the board of directors of the Chicago Young Women's Christian association, has received an appointment to the foreign division staff of the National Y. W. C. A. and will sail sometime this month for England. Miss Barnes will attend a convention of the British Y. W. C. A. in August as a representative of the World Y. W. C. A. executive committee.

In her new office, Miss Barnes has the title of Y. W. C. A. foreign field advisory secretary. Her work will be chiefly to develop associations in other countries thru an advisory service.

Daughter of the late Mr. and Mrs. Clifford W. Barnes of Lake Forest, she follows her parents in Y. W. C. A. activity. Mrs. Barnes served for many years as a board member and finance chairman and Mr. Barnes was a trustee.

Morning and Afternoon Tours Listed at Museum

In addition to the regular afternoon guide lecture tour at the Chicago Natural History [Field] museum, the summer time schedule will include daily 11 a. m. programs. The morning tour today will be conducted by Mrs. Roberta Cramer and will have for its subject "Animals the World Around." The 2 p. m. tour, a general survey of the museum, will be conducted by Bert Grove. There will be no tours tomorrow, Fourth of July, but the museum will be open to the public from 9 a. m. to 6 p. m.

Two New Designs

Figures in all sizes from 12 to ample 48 will be flattered by the simple frock offered in one of today's patterns. The V neckline leads into a self-fabric bow, the waistline points down and the skirt is plaited. The other pattern creates tailored lingerie you will like under your summer things. Style No. 2809 is designed for sizes 12 to 48. Sizes 36 requires 3¾ yards of 39 inch material. Style No. 3811 is designed for sizes 34 to 50. Size 36 requires ¾ yard of 35 inch material for bra; one yard for panties. Each pattern is 10 cents, plus 2 cents for mailing.

Order Clotilde patterns from Chicago Tribune, P. O. Box 537, Grand Central Annex, NEW YORK CITY. Print name and address; state size. Each pattern is 10 cents, plus 2 cents for mailing. The summer fashion book, on sale at Tribune Public Service offices, is 15 cents; 18 cents if ordered by mail with a pattern.

Household Forum

By Louise Bargelt

Grace F., Chicago—If you lose the the key opener to a sardine can or similar container and can't find another one, bend a large nail in the center at right angles and slot the end after cutting off the point. My husband has made several of these "keys" for me and slots the end easily with a hacksaw blade.

Mrs. Bill S., Gary, Ind.—If you are repainting a grass or fiber rug which is old and porous give it a coat of starch sizing first.

Mrs. Sam J., Chicago—To patch a canvas awning, fasten the patch on securely with rubber cement or similar compound and let it overlap an inch. Apply the patch to the outside of the awning with material which matches as nearly as possible. Patch won't be conspicuous when you paint over it.

2 HOUSE GROUPS REFUSE TO VOTE FUNDS FOR FEPC

Senate-Approved War Agency Bill Tabled

Washington, D. C., July 2 (AP)—The fair employment practices committee finished a dizzy legislative day on Capitol Hill today right where it started—moneyless and technically out of business.

Within two hours two attempts of the agency's backers to toss it a financial life line were rebuffed by major house committees.

First the rules committee, by a vote of five to five, refused to approve procedure allowing the house to act on a senate amendment to the house-passed 771 million dollar war agencies supply measure giving the FEPC $250,000.

Agencies Bill Tabled

Soon afterwards the appropriations committee, by a vote reported as 20 to 11, tabled the whole war agencies bill as passed by the senate and reported out a new measure without a penny for the FEPC.

The action of the committees left the FEPC and 16 war agencies on a legislative merry-go-round that threatened to keep whirling long enough to block house plans for a two month vacation starting next week.

The difficulties of the FEPC do not affect the finances of the other agencies. Congress took care of their financial needs for the fiscal year that started yesterday by allowing them to spend money in anticipation of the funds they will receive when the war agencies measure becomes law.

Action Expected Today

House action on the new war agencies bill—virtually identical with the bill passed by the house June 8—is slated for tomorrow.

However, supporters of the FEPC can block its consideration then and have indicated that they will. The bill finances agencies which have not been created by law and any member may, by an objection, knock out their funds unless the rules committee grants a special rule denying such right.

Anticipating such a move by friends of the FEPC, the appropriations committee has requested a rule which it may not obtain in time for the bill to be considered Tuesday.

Should the committee approve such a rule, supporters of the FEPC will seek to amend it to permit consideration of money for the agency. The crucial house test will come on that amendment.

Bill Is "on Merry-Go-Round"

Once the bill passes the house, it must be considered anew by the senate and any changes it makes will necessitate a senate-house conference. One house objection can block such a conference, and the bill would be back again before the rules committee.

"This leaves us on a merry-go-round," said Rep. Cannon [D., Mo.], chairman of the appropriations committee.

There is a possibility, Cannon admitted, that the bill will bounce back and forth between the senate and the house indefinitely.

The Inquiring Camera Girl

BY MARYON ZYLSTRA

[The Tribune will pay $5 for each interesting question submitted by a reader and used by The Tribune. Today's question was submitted by Etta A. Mason, York, Neb.]

THE QUESTION

What criticism that you have received have you appreciated the most?

WHERE ASKED

35th and Wentworth sts.

THE ANSWERS

Steve D. Obuchina, policeman, 8112 Vincennes av.—Both my mother and my friends worked on me a long time before I was finally convinced that I was too stubborn for my own good. I'm still stubborn to a certain extent but knowing it is half the battle and I'm learning that to get along you have to go 50-50 on everything.

Alice Stopyra, student, 2635 W. 25th st.—I have always had all the clothes I've needed but it didn't interest me if the clothes I were were in good taste. A girl friend explained the importance of wearing clothes that match and how easy it is, since you're getting dressed anyway, to wear things that look well together.

Irene Bartosiak, student, 2629 W. 25th st.—A boy once told me, "Irene, you have a sweet little voice and could be a good singer if you'd put a little more volume in it. Don't be so meek." I took his advice and since then people have been complimenting me on my singing. I hope some day to make singing my business.

Doris Schultz, secretary, 5426 S. Christiana av.—I was once told that I walked too stiff. It looked like I was trying to show off, because the way I walked attracted attention. This person told me to relax and walk as if I were in a room all by myself. I tried it and now when I think of the way I used to walk it makes me laugh.

Lorraine Stach, 2630 W. 25th st.—Being shy was bad enough but to have someone tell me that I was shy made it all the worse. A friend convinced me that I should go out among people every time I had the chance. I started talking to more and more people and looked at them while I talked to them. I'm not so shy now.

300 LB. SHERIFF GETS YES AND NO FROM CLOTHIERS

Suits Promised

Rockford, Ill., July 2 [Special]—Rockford's 300-pound sheriff, Kirk S. King, who threatened Sunday to don a hogshead and to picket the office of price administration because he had been unable to buy a summer suit big enough for him, received some help today. He found a hogshead on the jail steps, crawled into it, walked to the ration board office, and talked with clerks there. Back at the jail, a representative of a Rockford clothing store told King a suit was being prepared for him. Several Chicago stores telephoned offers to fit him.

Whether Sheriff Kirk S. King of Rockford must wear a hogshead or may get some new clothes was a subject of speculation among Chicago clothiers yesterday. Some said the garments could be had; others indicated their money was on the barrel.

United States Takes Most of Output

The looms are tied up with federal contracts for heavy woolens, and the mills are short 200,000 workers. Light weight woolens are especially scarce, the clothiers said.

A ready to wear store reported that summer suits are being received now, but in lots of only three or four of a size as compared with customary lots of 100. Another such store said it could fit Sheriff King from stock and took his name.

The clothiers are advising their customers to take good care of the clothes they have. One tailoring house official said there was no reason to expect conditions to improve within 18 months.

Offers to Join Picket Line

Dick [Two-Ton] Baker, W-G-N radio entertainer, said he would be glad to join Sheriff King's proposed group of fat men to picket the OPA.

But State Sen. Peter P. Kielminski [D., 15th], who is assistant superintendent of the Bridewell, said his only trouble in getting clothes for his 360 pound frame is being able to pay for it. Everything must be made to order.

A mere woman, a buyer, suggested: "Let 'em suffer and reduce."

OFFICIAL WEATHER FORECAST

The United States weather bureau forecast for today and tomorrow and yesterday's table of records follow:

INDIANA: Fair and warmer today and tomorrow.

LOWER MICHIGAN: Fair today and tomorrow except partly cloudy with scattered light showers in north tomorrow; warmer, today and in south tomorrow.

UPPER MICHIGAN: Fair and warmer today and tonight; tomorrow mostly cloudy with scattered light showers; little change in temperature; moderate southwest to west winds, becoming fresh tomorrow.

WISCONSIN: Fair and warmer today and tonight; tomorrow partly cloudy; scattered light showers in north; little change in temperature.

IOWA: Generally fair today and partly cloudy tonight and tomorrow; scattered thunderstorms in southwest and south central late tonight or tomorrow; warmer today and tonight, becoming cooler in extreme west.

Moss Speaks at Protest Against Tavern Spread

Ald. Moss [5th] spoke at a meeting of the newly organized Civil Rights and Private Property Protection Coöperative, held last night in St. Anselm's church, 61st st. and Michigan av., to protest the spread of liquor stores and taverns in the south side Negro community. He said the objectors could call a local option election next year or could start a boycott immediately.

MORTON SALT CO. EXECUTIVE SUED FOR ALIENATION

Suit for $10,000 charging alienation of affections was filed in Lake county Circuit court yesterday against John Sims, 51, an executive of the Morton Salt company, by Charles H. Haase, 61, proprietor of a general store at Long Lake. Sims, the complaint stated, has married the former Mrs. Haase, Jean, 45.

The court action followed closely on the grand jury's clearing Haase of a charge of assault with intent to kill. He was arrested May 10 for firing an automatic pistol at Sims in Deerfield, where Mrs. Haase was living with a sister. The shot missed and the grand jury returned a no bill.

Haase's bill stated that he married Mrs. Haase March 17, 1923, and enjoyed her affection until Sims rented a cottage from them.

FOUR WHO LEFT CHILDREN ALONE GET JAIL TERMS

One couple and two other mothers were sentenced to the county jail by Judge Victor A. Kula in Domestic Relations court yesterday on charges of contributing to the dependency of children who were found alone in their homes or on the streets.

Helmut Jenke, 28, of 3017 Clark st., a leather cutter, and his wife, Geraldine, 22, who fainted in court, were sentenced to six months. Their five children, from 1 to 7 years old, were left alone and hungry, police said.

Mrs. Anna Sura, 27, of 4448 S. Honore st., whose husband is overseas, was sentenced to one year. Police said she left four children, 2 to 8 years old, at home for several hours.

Judge Kula sentenced Mrs. Helen Chucka, 27, of 1525 N. Bell av., to one year but reduced the sentence to six months when she said she expects another child in seven months. Her two children, Robert, 4, and Ronnie, 2, were found crying at 4 a. m. by neighbors, who said the mother had been out all night.

BANDIT'S WOMAN COMPANION GETS 60 DAYS IN JAIL

Miss Louise Trimble, 22, 4612 Sheridan rd., who accompanied a holdup man in a $4.70 robbery at the Armitage av. elevated station June 16, was sentenced to 60 days in the Bridewell yesterday by Judge William V. Daly in Felony court on a charge of petty larceny. The robber, Roy Haisler, 26, of 842 Irving Park rd., has been sentenced to three to five years in the penitentiary. Judge Daly dismissed a charge of disorderly conduct against Miss Jo Donna Schmidt, 21, Miss Trimble's roommate, who remained outside in Haisler's car.

The World, the Peace and Andy Gribbin

It takes people to make a house a home and it takes people to make the earth a world. That's what the world is—*people.* Andy Gribbin here is the essence of the world because he's just about as small as people can be.

Now an important thing about Andy Gribbin's education is that his whole early life is spent in learning the essential business of *cooperation,* of *getting along* with fellow-beings. First, he has to learn how to fit into his immediate family, learn the give-and-take necessary to get along with brothers, sisters, elders.

Then, after a few years, his world enlarges, he is sent to school. Pretty soon he learns how to spell C-A-T, a moderately useful thing to know. *But about this same time he learns something much more valuable, which is that he mustn't pull the cat's tail because a cat is a being, and therefore entitled to certain inalienable rights.*

He also learns that 1 plus 1 equals 2. That also is fairly useful. *But much more useful is learning that 48 equals 1, that 48 states make 1 nation, indivisible, with liberty and justice for all.*

As Andy grows up his world will continually expand. At church, at school, in business. And through it all will run the theme of cooperation, of getting along with people of different religious, political and economic beliefs; with people some of whom he doesn't even like.

But — the tragedy of world history is that the Andy Gribbins have not learned that in a constantly shrinking world, cooperation must extend beyond the borders of the country; that just as it is necessary to get along with neighbors and neighbor states, so is it necessary to get along with *neighbor nations.*

And today, with no spot on earth more than sixty hours away by plane, with oceans shrunk to the width of rivers, with the age of rocket-travel upon us, *all* nations are *neighbor* nations.

There are hopeful signs that finally we are awake to this. There are hopeful signs that Andy Gribbin will *not* face a World War.

Even so, a lack of determination, of responsibility, of effort could again ruin the peace and set the stage for World War 3.

What can you do to help make sure that war will never come? You can . . .

First, get and *keep* yourself informed about the *specific* proposals for peace and international cooperation which are now before us. Read and listen to the discussions of them. Ask your Public Library, school, church for material on them.

Second, interest your friends in these questions. Get them discussed in any social, labor, business, religious or other groups to which you belong.

Third, say what you think—for or against—in writing, to your Congressman and Senators, to your newspaper. Declare yourself. Speak up.

BILL TALBERT, SEGURA WIN IN CLAY COURTS

Misses Arnold and Hart Advance

BY DAVID CONDON

Top seeded Billy Talbert of Wilmington, Del., second ranking tennis player in the nation, yesterday started his bid for the National Clay Courts crown currently held by Francisco [Pancho] Segura.

Billy Talbert

Talbert, just arrived from his triumph in Cincinnati, O., where he won the Tri-State meet by defeating Elwood Cooke, had little more than a workout as he defeated Charles Schaaf of Highland Park, 6-1, 6-3, 6-0, in a first round match on the first court at the River Forest Tennis club. Talbert ran out the last set with the loss of only eight points after he had played easily thru the first two sets, keying his game and behavior to the courts and the gallery, which cheered him as the player holding top ranking among midwest tennis players. Prior to this year, Talbert lived in Indianapolis, and still retains top rating among players in this section.

Segura Beats George

Talbert was preceded on the number one court by Segura, who advanced to the third round by beating Alex George of Kansas City, Mo. Senor Pancho romped thru the first set in 13 minutes, the average length of time it takes him to say, "Ecuador, Coral Gables, Fla., and University of Miami," all of which he claims to represent, individually and collectively.

In the second set, George extended Segura into extra games, but Pancho repeatedly forced his opponent out of position to win the third with ease. Segura is seeded second.

Pancho was joined in the third round by Nick Buzolich of San Pedro, Cal., who ousted Grant Golden, Sullivan High school star, 6-1, 6-1, 6-1.

Lt. Hal Surface Advances

Fifth seeded Lt. Hal Surface Jr. of Berry field, Nashville, Tenn., scored a first round victory when he beat Thomas Burke of New York City, 6-0, 6-3, 6-4.

Bernard Bartzen of San Angelo, Tex., lived up to his advance billing as sixth seeded when he beat Richard Warner of Salt Lake City, 7-5, 6-2, 6-2, in the second round, altho Francisco Arcocha of Mexico City, Mexico, only player to draw a foreign seeding, encountered a little difficulty before beating Pvt. Fred Houser of Fort Sheridan, 6-2, 7-5, 5-7 6-3.

Misses Arnold, Hart Win

Third seeded Mary Arnold of Los Angeles and Doris Hart of Miami, Fla., fourth seeded, paced the advance in the women's singles as each scored effortless triumphs.

Meanwhile, several seeded players had not yet arrived, with the whereabouts of eighth seeded P. Morey Lewis of Los Angeles, and his wife, an entrant in the women's singles, constituting the chief mystery.

Miss Pauline Betz of Los Angeles, who is top seeded in the women's division, was late in leaving Cincinnati, O., yesterday and sent notice she would be on hand at an early hour today.

Today's schedule features a second round match between Talbert and Hubert Rance of Chicago, while Miss Betz is scheduled against Elizabeth Goetsch of Oak Park in a match to complete the women's singles first round. Mrs. Cooke

[Continued on page 17, column 4]

Probable Major League Pitchers in Games Today

New York, July 2 (AP)—Probable pitchers for tomorrow's major league games with won and lost records:

AMERICAN LEAGUE

Washington at Chicago [night]—Wolff (8-4) vs. Caldwell (3-3).
Philadelphia at St. Louis [night]—Knerr (1-5) vs. Wurt (1-1).
Boston at Detroit, [twilight]—Ferriss (12-3) vs. Newhouser (12-4).
New York at Cleveland [night]—Donald (8-3) vs. Smith (3-6).

NATIONAL LEAGUE

Chicago at Boston—Passeau (8-3) vs. Andrews (4-5).
Pittsburgh at Philadelphia—Butcher (6-4) vs. Scott (0-3).
Cincinnati at Brooklyn [night]—Walters (8-7) vs. King (4-6).
Only games scheduled.

In the WAKE of the NEWS

BY ARCH WARD

BALL players, generally speaking, are not too particular about starting times of games, altho most of the Cubs and White Sox are highly pleased with the 1:30 get-away for all daylight contests in Wrigley field and Comiskey park. . . . Stanley Hack, the Cub third sacker, says his only complaint is that "the sun is right in your eyes on pop flies at my position, but I suppose while it is worse for me, the rest of the club is getting a break, so you can say the early start is O. K. with me too." . . . Lt. Bernard Carman, who was a member of Loyola university's last big time basketball team in 1943, has just returned from Italy, where he was a bombardier with the 15th air force. . . . Carman's squadron flew the Atlantic by way of Casablanca, Natal, Georgetown, and Puerto Rico to reach the United States. . . . He will spend a 30 day leave in his home in Rogers Park before reporting for assignment to the Pacific.

Ensign Charley Keller

Stan Hack

. . . Our recent reference to Willie Hoppe's match with George Sutton in 1910 and the comment by Hughie Keough on the former's cue skill, got a rise, as the saying goes, from Edmond Velleux, a Chicago cue fan who has seen all the great and near-great of the sport. . . . Ed admits Hoppe was and is a great competitor but insists Bill could not have become an expert at angle shots without the coaching of Johnny Layton, king of three-rail performers. . . . This department, which avoids controversies whenever possible, agrees with our correspondent that Layton was a master of the angle game, BUT, it should be remembered that Hoppe was winning balkline championships long before he met Layton and Bill would have had to know angles to be able to play the beautiful position which became his trademark. . . . Angle play, most cue fans claim, is merely a DEPARTMENT of balkline. . . . We hope that will close the matter. . . .

Of the 263 American league players fighting for their country, only one—Charley Keller of the New York Yankees—is a member of the merchant marine. . . . Of the others, 151 are in the army, 92 in the navy, 10 in the coast guard, six in the marine corps, and three in the Canadian forces. . . . After going thru campaigns in France and Germany without suffering a scratch, Sgt. Joe Meschuk, former Northwestern university pitcher, was hospitalized with a dislocated knee, the result of a slide in a baseball game in Trier, Germany. . . . Says George Sisler: "If Hank Greenberg is in good condition, if his eyes are right and if he still can run, there is no reason why he shouldn't start slugging as hard as he ever did. . . . After all, Hank's not what you'd call an old man." . . . Doc Cramer's two home runs for the Tigers in a single game the other day equaled his entire 1944 output. . . . He now has three for this season. . . . Sammy Byrd, the Detroit professional, who is 37, is confident he can continue to play competitive golf for eight or 10 years, but he also plans to go into business, possibly taking over an auto appliance agency in Florida after the war.

Holes in One

Mrs. Edwin C. Hedler, Inverness Golf club, 18th hole, 133 yards.

W. V. Johnson, Four Lakes [Mich.] course, 6th hole, 188 yards.

M. Koch, River Forest Golf club, 11th hole, 148 yards.

Mrs. Daniel J. McBride, Pipe of Peace Country club, 4th hole, 135 yards.

Mickey Clegg, Glenoagles Golf club, 7th hole, 138 yards.

Pete Pedersen, Sportsman's Park, Northbrook, Ill., 15th hole, 147 yards.

The Folks Across the Track

He used to be one of the grandest guys
Before World War No. I.,
But when he came back there was something alack,
He was quieter, less full of fun;
And he took to avoiding his old time pals,
For what reason never was known,
And began to hang out down past the tracks
And to make its people his own.

But a part of his old self must have remained
With him right to the end,
A something that down there among those folks
Made of many a one a friend;
For last week at the funeral home
His old friends were taken aback,
When the largest and loveliest spray of flowers
Read: "From the folks across the tracks."

It doesn't, I guess, make much difference,
On which side of life's tracks we abide,
There are human warmth and sympathy
Among the folks on either side.
—Jasbo of Old Dubuque.

Dreams

Lovely as are fragile flowers
Clinging to sweet scented bowers,
Warming as the summer's breeze,
Soft as the rustle of green leaves,
My heart is filled with dreams of yore,
Memory hearkens back once more;
Their lyric laughter like soft rain
Is here to hearten me again.
'Tis but a dream; I know I'll wake
And consciousness is sure to take
The dear ones who return in dreams
To old familiar happy scenes.
But ere the purple curtain falls
O'er sweet scented garden walls
I'll gather to my heart and keep
The memories gathered in my sleep.
—Charles Evans Perry.

Pet Peeves

The waitress who looks at me with that "O, dear, another woman and no tip!" expression on her face and serves me accordingly.—Nobody's Wife.

Chewing gum poppers.—Bruce's Better Half.

Ten Years Ago Today—The White Sox won, 5 to 2, as Ray Phelps held the Browns to five hits. . . . Ernie Lombardi's 10th inning home run gave the Cincinnati Reds a 4 to 3 victory over the Cubs. . . . Baron Gottfried von Cramm of Germany eliminated Don Budge from the Wimbledon tennis tournament.

ROUTINE, A.L. CHIEFS SAY OF CHICAGO MEET

Prepare for Joint Session July 12

Every American league club except the New York Yankees was represented yesterday at a meeting over which Will Harridge, league president, presided in the Palmer House. Tho some of the delegates were somewhat surprised that Larry MacPhail, head man of the Yankees, missed an opportunity to display his conversational skill, Harridge said there was nothing significant in his absence.

Rehearsal for July 12 Meeting

The league chief further declared that the club representatives were called to Chicago merely for a routine meeting, such as always preceded the annual All-Star baseball game, which is a transportation victim this year. "We're here just to talk over our own internal problems," he said. The meeting adjourned at 4:15 o'clock with the word there would be no announcement on what transpired.

Unofficially, it was reported that the delegates held a dress rehearsal for the joint major league meeting in Washington on July 12, which has been called by Sen. A. B. [Happy] Chandler, the new commissioner of baseball. It was learned that the National league will hold a meeting in Washington the day before it goes into session with the American league and Chandler.

Seven Clubs Represented

The following club officials attended yesterday's conference:

Tom Yawkey, Boston; Connie Mack, Philadelphia; Don Barnes and William DeWitt, St. Louis; Jack Zeller, Detroit; Alva Bradley, Cleveland; Edward Eynon, Washington, and Harry Grabiner, Chicago. Also present were Joseph C. Hostetler, American league attorney, and his Cleveland law associate, Benjamin Fiery.

The American league's peak of men in military service has been reached and the graph has started downward for the first time since Pearl Harbor. The high mark of 268 has decreased to 263 in the last few days. This was accomplished by the return to civilian life of Charley Ruffing, Yankees; Sam West, White Sox; Hank Greenberg, Tigers; Pete Appleton, Browns, and Chester Bowles, Athletics.

Earl Hilligan, the American league's publicity chief, says that the Athletics, with 38 in service, are tops in the league, taking the place away from the Tigers, who have been most fortunate in the return of several players.

A rapid advance sale for the White Sox-Cubs war charity game in Comiskey park next Monday night indicates the crowd may reach 40,000, Hilligan reported. On the same night the Cincinanti Reds will meet the Indians in Cleveland's municipal stadium and the Yankees and Giants will play in the Polo Grounds.

Three night games next Tuesday will pair the Cardinals and Browns in St. Louis, the Dodgers and Senators in Washington, and the Phils and Athletics in Philadelphia. In an afternoon contest the Braves and Red Sox will play in Fenway park, Boston. The contemplated eighth game, between the Pirates and Tigers in Pittsburgh, was ruled out because of transportation difficulties.

THUMBS UP OUT OF SANTA ANITA $50,000 EVENT

Arcadia, Cal., July 2 (AP)—Thumbs Up, winner of Saturday's $100,000 Santa Anita handicap, today was declared out of the track's closing day feature race Saturday, the $50,000 San Juan Capistrano handicap at a mile and one-half.

Owner Louis B. Mayer and Trainer George Odom said they would not ask for weights in the San Juan Capistrano, since Thumbs Up and undergone a gruelling training campaign and a hard race Saturday, and they want to keep him in condition for eastern stakes engagements.

Induction Center Rejects Johnson, Sox Pitcher

Johnny Johnson, Chicago White Sox relief pitcher, was rejected for military service at the Chicago induction center yesterday after several days tests confirmed the fact he has undulant fever. Johnson, aged 29, previously had been classified 4-F because of the same malady. He is married and lives in Milan, Mich.

AMERICAN LEAGUE LEADERS IN CHICAGO

Will Harridge (center), president of the American league, with Tom Yawkey (left) of the Boston Red Sox and Jack Zeller of the Detroit Tigers at yesterday's midseason conference in the Palmer House.

MIGHTY LUCKY WINS ARLINGTON SHARON PURSE

BY MAURICE SHEVLIN

Col. C. V. Whitney's highly regarded Big Push, ridden by Johnny Adams and the 1 to 2 pre-race favorite, had no more success yesterday in the $3,500 Rose of Sharon purse than other odds on choices have had during Arlington Park's meeting at Washington Park.

The big 4 year old daughter of Peace Chance, winner of eight of her 16 starts last year, finished third behind L. H. Thompson's Mighty Lucky, which beat H. W. Ostle's Donna Brand a length and a quarter in the mile event for fillies and mares which drew six starters.

The Ladies' day crowd estimated at 16,000 went overboard for Big Push, altho Mighty Lucky, in a winning effort lato last month at Hawthorne, showed a liking for a fast track, and the Washington racing strip was that for the first time yesterday. The track had been cleaned of tons of sand over the week-end. Yesterday's mutuel handle was $1,026,665.

Highest Daily Double, $242.80

The best daily double reward of the meeting and the highest return for a $2 winning ticket were recorded after Fred A. Lange's Army Grey scored in the second race at $54.60. The double was worth $242.80. W. J. Walden's Tiger Tillie won the opener at $10.60. Army Grey, a 7 year old son of Equipoise, was making his first start of the year after winning once in nine starts in 1944.

J. Howard Rouse's sensational Three Dots, holder of the track record of 1:10 for six furlongs, will make his season's debut today in the $5,000 Satin handicap, sprint feature of the afternoon.

The 5 year old gelded son of Good Advice will carry top weight of 122 pounds, six more than when he set his mark in the 1944 running of the Myrtlewood handicap. He will face the barrier with, among others, Frank P. Letellier's mare, Sun Flower, which scored a four length victory over the 1 to 5 favorite, Ocean Wave, in a seven furlong event last Friday. Sun Flower is in with 107 pounds, two fewer than she carried last week.

Three Dots to Be Busy

Also entered are Ruth Sidell's Burgoo Maid, Nick Burger's Traffic Court, Herbert M. Woolf's Adulator, Hyman Friedberg's Harriet Sue, Calumet farm's Bullweed, and Pot o' Luck, but the latter is expected to be withdrawn for his engagement tomorrow in the $25,000 Equipoise mile, feature event of the Fourth of July program. Trainer Ben Jones, who also has entered Ocean Wave and Miss Keeneland in the Equipoise, has not indicated his starters in the big race tomorrow.

Racing Secretary Fred Burton announced a list of 23 entries for Saturday's $15,000 Skokie handicap, first of the stakes exclusively for 3 year olds of both sexes. Twelve of the nominees for this seven furlong dash are pointing for the $50,000 Classic stakes and the $50,000 American Derby, most prominent of these being Pot o' Luck, Fighting Don, War Jeep, Fighting Step, Amiant, Air Sailor, and Bergolater.

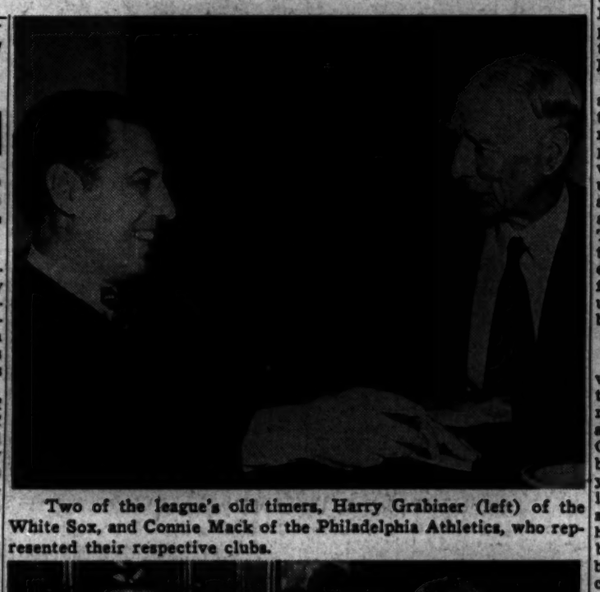
15,000 Marines Watch Dodgers Triumph, 8-3

Cherry Point, N. C., July 2 (AP)—Before a crowd of more than 15,000 marines, the league leading Brooklyn Dodgers of the National league defeated the Flying Leathernecks of this marine air base 8 to 3 today.

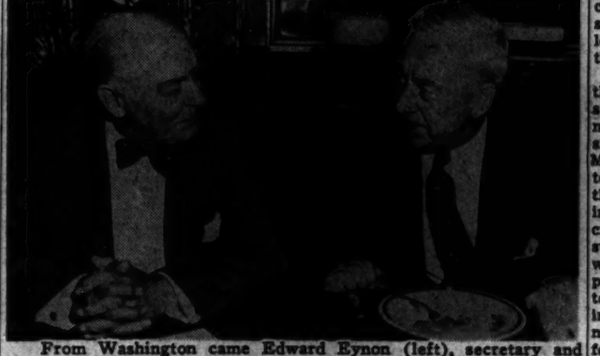
Score:

Brooklyn	331	000	010	8	12	0
Cherry Point	101	000	010	3	8	4

Batteries—Seats, Prund and Peacock, Dantonio; Scott and Calvin.



Two of the league's old timers, Harry Grabiner (left) of the White Sox, and Connie Mack of the Philadelphia Athletics, who represented their respective clubs.



From Washington came Edward Eynon (left), secretary and business manager of the Senators, and Alva Bradley, president of the Cleveland Indians. [TRIBUNE Photos]

COSTNER KNOCKS OUT MIKE SOPKO IN FOURTH ROUND

George Costner, hard hitting Cincinnati welterweight, knocked out Mike Sopko of Indiana Harbor in the fourth round of a scheduled 10 round bout in Marigold outdoor arena last night. Sopko, who weighed 156½ pounds, six more than Costner, held his own in the first three rounds, scoring with lefts and rights to the head.

Shortly after the fourth opened, however, Costner landed a left to the body which sent Sopko to his knees in apparent pain. He remained in that position while Referee Tommy Gilmore completed his count. It was Costner's 26th victory and his 25th knockout in his last 28 starts.

A crowd of 3,050 attended, the best turnout of the season. Gross receipts were $6,300.

Three of the four supporting matches ended on first round knockouts. Winners were Bill Petersen, Indiana Harbor heavyweight; Jack Hill, Bloomington, Ill., 165 pounder, and Roy Lewis, Muncie, Ind., junior welterweight. Petersen stopped Johnny Vorce of Detroit; Hill knocked out John Heinowski, Milwaukee, and Lewis stopped Bobby Lee, Chicago.

In the only preliminary to go the limit Sam David, local 150 pounder, beat Jimmy Varketta of Cleveland.

Golfer Knocked Out by Dynamited Rock

St. Louis, Mo., July 2 (AP)—A stone hurled by dynamite blasting 300 feet away today knocked a golfer unconscious and cut a two and a half inch gash in his head. The victim was Herbert Curtis Moore, 16, of Kirkwood, who was playing on the Greenbriar Country club course. The blasting was being done by workmen broadening a railroad right of way. The youth's condition was described as fair.

Fight Decisions

LAST NIGHT'S RESULTS

At Marigold Gardens—George [Sugar] Costner knocked out Mike Sopko [4]; Bill Petersen stopped Johnny Vorce [1]; Jack Hill knocked out John Heinowski [1]; Roy Lewis knocked out Bobby Lee [1]; Sammy Davis beat Jimmy Varketta [4].

At Baltimore, Md.—Joe Maddick beat Johnny Finasso [10]; Ellis Stewart stopped Bert Daniels [7].

At New Orleans—Bert Lytell beat Anthony Jones [10].

SOUTH SIDERS GAIN 3D PLACE DESPITE SPLIT

New York Leaves 17 on Base

BY IRVING VAUGHAN

James Dykes' White Sox slipped into third place yesterday even tho trimmed in one portion of their chores with the Yankees. In the front half of a double bill the Chicago fellows slapped their guests around, 11 to 6, for the fourth straight time but were sort of meek for the remainder of the afternoon, the New Yorkers, triumphing, 6 to 1. However, Boston's Red Sox lost a pair at St. Louis, thereby leaving third place open for occupancy by Dykes' entry.

A combination of happenings served to make it easy for the Sox to cut fancy capers for 9,562 customers in the first game. They hit pretty well, especially Ed Lopat, whose three singles helped to make up his southpawing deficiencies, and more than a little unexpected aid was tendered by the Yanks. They kicked in with five errors, three of these being bunched with eight of the hits in the fourth and fifth innings in which the Sox piled up nine of their runs, the victims being Floyd Bevens and Joe Page.

Sox Slow Down to Whisper

The pitching of Bill Zuber, except when Wally Moses doubled after two had walked in the fifth, a run resulting, slowed the Sox down to a whisper in the second game, but Orval Grove had no such luck in bidding for his ninth victory of the year. He was mauled for four runs in two innings but permitted to stick thru the fifth, by which time he had encountered so much trouble that 11 Yanks were left on base. Then Frank Papish took charge for three innings, the Yanks scoring two more and raising their left on base total to 17, one shy of the major league record.

The Sox took a one run lead in the first game by scoring in the second inning on a pass to Cuccinello, his steal of second, and a single by Tresh. Singles by Crosetti, Martin, and Etten enabled the Yanks to tie it in the fourth but only for the moment. The home half of the inning opened with a single by Cuccinello and double by Hockett, who stood their ground while Michaels was being thrown out. Tresh was purposely passed and Lopat replied to this by singling to center, sending in Cuccinello and Hockett. Two more followed when Moses tripled for a 5 to 1 Sox lead.

Yankee Errors Help Sox

A run scored on singles by Garbark and Stirnweiss in the fifth was followed by a strange exhibition of Yank fielding in the home half, the net being the five run splurge that completely submerged Bevens. Dickshot singled, Cuccinello walked, and Hockett singled for the first of the five runs. Page came to Bevens' aid and the first thing he did was to fumble Michaels' bunt, filling the bases with none out. A moment later Garbark dropped a throw to the plate, Cuccinello scoring. The other runs resulted from another error by Garbark and singles by Lopat and Schalk.

Page wasn't around after the sixth, during which the Sox picked off their eleventh run on a single by Dickshot, a pass to Cuccinello, an infield error, and a pass to Michaels with the bases filled. Then the Sox were sort of pushed around in

Passeau and Cubs to Face Braves Today

BY EDWARD BURNS
(Chicago Tribune Press Service)

Boston, Mass., July 2—The Cubs, who split two games with the Giants Sunday, will open a four game series with the Boston Braves tomorrow. Claude Passeau, who suffered one of his two losses this season in a bobtailed rain-out here on May 13, will pitch the opener.

It is expected the Braves will be rather frisky after beating the Cardinals three straight over the week-end, and they also boast a 3-2 advantage over the Cubs in the season play. However, the Cubs are figuring on taking at least three out of four during their visit here.

After they have finished in Boston the Cubs will move on to Philadelphia for five games against the tail-end Phillies. By that time, the Cubs anticipate, the Phillies will be settled down to form after the excitement attending the appointment of a new manager, Ben Chapman.

MICHIGAN OPENS SPRING GRIDIRON DRILL; 70 ARE OUT

Ann Arbor, Mich., July 2 [Special]—Michigan's first football practice call this afternoon brought out 70 candidates who spent most of the time posing for news photographers and answering reporters' questions. A total of 112 uniforms has been issued.

DON'T RUN, BUT WALK RAPIDLY

To the nearest mail box and send in your application for tickets to the All-Star football extravaganza in Soldiers' field Aug. 30. The supply of tickets is dwindling, for Chicagoland fans want to see the Champion Green Bay Packers test the mettle of the nation's outstanding college stars.

Applications are being accepted by mail only. Checks or money orders should be made out to Chicago Tribune Charities, Inc., and directed to All-Star Football Ticket Manager, Tribune Tower, Chicago. Applicants are asked to enclose a return self-addressed envelope. The prices, including tax, are:

~~$4.60~~ $5 $3.60 $2.40 $1.20

MOON MULLINS

MR. MAGOOK WILL WANT TO KNOW HOW MUCH I REDUCED.
GOOD GOSH!
MAMIE'S GAINED SIX POUNDS OVERNIGHT ON A DIET OF TEA AND TOAST!
WELL, THAT AIN'T MUCH OF A MYSTERY TO ME
BUT IT SURE SOLVES THE ONE ABOUT HOW MY ICEBOX, WHICH AIN'T ON A DIET, LOST A LEG OF LAMB AND TWO QUARTS OF MILK OVER-NIGHT.

GARST TO SEEK FOURTH TITLE IN TRIBUNE SWIM

Kenosha Star to Compete in Class D

BY WILFRID SMITH

Dorothy Schwartz and Rusty Garst of the Kenosha [Wis.] Youth Foundation, winners in class C in the 100 yard free style swimming races sponsored by the Chicago Tribune Charities last year, will return to competition this month in the 16th annual meet. They will swim in class D for contestants 17 and 18 years of age.

While official entry has not been received, Chief Specialist John Galvich, who coaches the Kenosha team, already has written that they will be in The Tribune meet and that at least 10 other Kenosha boys and girls will compete. Garst is one of the finest young swimmers in the middle west. He holds the Wisconsin state record, having started his current series of victories in Chicagoland 100 yard events in 1941 when he won the class A championship for boys 11 and 12. In 1943 Rusty won the class B title and took his third title last year.

So Rusty Moves Up

Garst undoubtedly will be swimming out of his age class, as he did in 1942, but champions are not permitted to defend their titles. They may move to the next higher age class, however. This rule—the only one governing the races other than amateurism—automatically bars the class E champions each year from further competition.

The first entries received yesterday—they were mailed Sunday afternoon—came from Richard and Helene Daskal, 1628 Columbia av. They are entered in class B [13 and 14 years of age] and have chosen Whealan pool for their qualifying tests. The races at Whealan pool will be held July 22 and on the same afternoon the other site is California park. Trials on July 21 are scheduled for Cermak pool, Lyons, Ill., and Sherman park.

120 to Qualify

Approximately 120 boys and girls will qualify in the four sections for the 10 championship races which will be held July 29 at California park. Each of these qualifiers will receive a gold medal. All swimmers reporting for their tests will get bronze buttons, while winners of each race will be given ribbon badges.

MARSHALL HITS 2 HOMERS IN 8-3 SAILOR VICTORY

The Great Lakes Bluejackets yesterday won their 15th game of the season, beating Milwaukee of the American association, 8 to 3, at the naval training center. Max Marshall, former Cincinnati outfielder, made his debut with the sailors by hitting two home runs and two singles in four times at bat. Bob Feller and Denny Galehouse pitched. Feller fanned seven in six innings.

Milwaukee	000	002	001—3 11 0
Great Lakes	101	123	00*—8 12 4

Batteries—McGlinn, Davis and Edwards; Feller, Galehouse and Droege.

Zivic-Shank Bout Set Tonight in Pittsburgh

Pittsburgh, Pa., July 2 (AP)—The Fritzi Zivic-Ruben Shank bout scheduled for tonight at Forbes field has been postponed until tomorrow night because of bad weather, Matchmaker Jake Mintz announced this afternoon.

DELAWARE PARK RESULTS

FIRST RACE—Purse $1,500 and $750 war bonds, claiming, maidens, 2 year olds, 6½ furlongs:

Aeflant	118	Gilbert	10.90 7.10 3.70
Prancing Ted	116	Re'n'd	7.90 4.90
Lost Mate	118	Root	3.20

Time, 1:07 3-5. †Sightseer, Tim B., Lermontes, †Magic Step, Tintarry, Noble One, Mary Novick, Skean, Tettington ran. †Entry.

SECOND RACE—Purse $2,000 and $1,000 war bonds, steeplechase, maidens, 4 year olds and up, about 2 miles:

Soldier Song	151	McC'th	3.70 3.00 2.40
Sander	150	Harrison	3.60 2.50
Navigate	148	Cruz	2.50

Time, 3:55 4-5. Fleet Town, Stunt Man, Cal Log ran.

THIRD RACE—Purse $1,500 and $600 war bonds, allowances, 3 year olds, 6 furlongs:

Geronimo	110	Root	8.50 4.50
Star Red	115	Snellings	4.80 3.80

Floral Park	115	Rough Ally	113
Pilates Own	105	†Dibber	110
Carley Ace	98		

†Entry.

THIRD RACE—Purse $1,700, claiming, 3 year olds, 5 furlongs:

Salpan	115	First Brother	115
Intriguing	112	Gay Salient	115
Seaboard	113	Quick Lick	115

FOURTH RACE—Purse $2,000, claiming, 3 year olds and up, 6 furlongs:

Diego Red	120	Cab Sir	111
Mibob	101	†Gypper	120
Jack's Girl	115	Ariel Beam	115
Two Kick	116	†Desert Battle	116
Amazed	120	Jo Fier	115
Leo McLaughlin	120	Valdina Alpha	118

†Entry. ‡Entry.

FIFTH RACE—Purse $2,000, allowances, 3 year olds and up, 6 furlongs:

Yim	108	Our Candidate	101
Bowling Green	120	Merry Sunshine	107
Top Transit	110	Simo T	108
Grim and Gay	103	†Can Double	108
‡Super Frost	108	‡Dauntless Gal	106
Plane Shadow	111	J. J. Lynch	108

†Entry. ‡Entry.

SIXTH RACE—Purse $2,000, allowances, 4 year olds and up, mile:

Topsy Sun	100	Rosante	117
Plane Spotter	105	Doctor Jeep	117
Scottsville	113	F. B. Eye	122
Unknown Reward	110	Boy Soldier	122
Sir Alfred	111	Gothic	110
Magdala	112	Boot and Spur	116
Salvo	117	Oneobill	115
Bill Sun	122		

SEVENTH RACE—Purse $2,000, claiming, 3 year olds and up, 1 1/16 miles:

Aircraft	119	Dr. Johnson	117
Bottom Rail	112	Indiana	112
Busy Nine	117	Arbor Vita	110
Night Bomber	120		

EIGHTH RACE—Purse $1,700, claiming, 3 year olds and up, mile:

Wake Robin	116	Buena Ventura	116
Single	111	Flying Silver	110
On Double	117	Voucher	120
Valetta E.	112	Red Vulcan	118
Brown Flame	106		

Martin, Sioux City Prep Coach 26 Years, Resigns

Sioux City, Ia., July 2 [Special]—Lloyd B. Martin, athletic coach at Sioux City Central High school for 26 years, resigned today because of his wife's ill health. They will live in California. There has been no announcement of Martin's successor.

Sixteenth Annual Tribune Swim

Please enter me in the qualifying trials of the sixteenth annual 100 yard free style Chicagoland swimming races sponsored by The Chicago Tribune Charities, Inc.

CHECK SECTION IN WHICH YOU WISH TO COMPETE

- ☐ July 21, Cermak pool, 7600 Ogden avenue, Lyons, Ill.
- ☐ July 21, Sherman park, 52d street and Racine avenue.
- ☐ July 22, Whealan pool, Milwaukee and Devon avenues.
- ☐ July 22, California park, 3901 North California avenue.

(Entries Close Midnight July 15.)

CHECK YOUR AGE CLASS

☐ Boys ☐ Girls

- ☐ 11 and 12 years of age, Class A
- ☐ 13 and 14 years of age, Class B
- ☐ 15 and 16 years of age, Class C
- ☐ 17 and 18 years of age, Class D
- ☐ 19 years of age and over, Class E

Print your name and address plainly in pencil. There are separate races for boys and girls. All contestants 16 years of age and over must register at the preliminaries with the A. A. U. The registration fee will be paid by The Chicago Tribune Charities, Inc.

Name .....

Street .....

City .....

Club (if any) .....

Mail entry to Wilfrid Smith, sports department, Chicago Tribune, Chicago, Ill. Finals will be held in the California park pool July 29.

SMILIN' JACK

ARLINGTON PARK ODDS & JOCKEYS

[At Washington Park]

FIRST RACE—Purse $2,500, allowances, maidens, 3 year olds, 5½ furlongs:

THREE TIE FOR GOLF MEDAL IN JUNIOR TOURNEY

Abraham, Pinns, Lindgren Score 75s at Medinah

BY CHARLES BARTLETT

The Chicago District Golf association's annual junior open tournament, which in the last two years has finally realized its destiny as an incubator of fairway talent, yesterday ran off its qualifying round over Medinah No. 1 course to assemble the cast of 64 youngsters who will open match play work today with 18 hole first and second round bouts. The boys will take a recess for tomorrow's holiday, then return for two more 18 hole sessions Thursday, with the semi-finals and finals scheduled for Friday.

Abraham Misses Short Putt

Three of the juniors did so well in the test yesterday that no medalist was determined. This threesome of authors of 75, five over Medinah's par, were Bob Abraham of La Grange, former state prep titleholder and a mainstay of the 1945 Northwestern squad; Kenneth E. Pinns of Butterfield, and Charles Lindgren, one of Rockford's perennially brilliant juniors.

Abraham missed a short putt on the 18th for the 74 which would have given him the qualifying medal off by himself. Elmer Miller, the Tilden Tech star who hopes to enroll at the University of Michigan, nearly made it a foursome at 75. He settled for a 76 after missing a one yard try on the home carpet.

Fourteen members of the starting company of 90 players, an ensemble which doubled the entry of a few days ago, broke 80.

Decide Medal Winner Today

The winner of the qualifying medal will be decided in this morning's first round of match play, beginning at 8:30 a. m., with low man for the trio of Abraham, Pinns, and Lindgren taking the honor. The second round matches this afternoon will get under way at 12:30 o'clock.

Sailors Jack Coyle Jr. and Gordon Glenz, the 1944 finalists at Medinah, will be among those at the first tee this morning.

Leading 18 hole scores follow:

Bob Abraham	38	37 75
Kenneth E. Pinns	37	38 75
Charles Lindgren	37	38 75
Elmer Miller	38	38 76
R. R. Smith	38	39 77
Henry Hainey	39	38 77
Stanley Arendt Jr.	38	39 77
Jack Charron	38	40 78

[Continued from first sports page]

the seventh, the Yanks scoring three times on hits by Stainback, Stirnweiss, and Mike Milosevich and a bad throw by Michaels. They got another in the ninth on triples by Stirnweiss and Martin.

The first batter to appear in the second game—Stirnweiss—was sufficient to convince Grove and others there was mischief afoot. Stirnweiss doubled and skipped to third while Milosevich was beating out a bunt. Stirnweiss scored on Martin's infield out and Milosevich got home when Metheny singled. The second inning started badly for Grove on Drescher's single and Farrell's bad throw while trying to force him at second on Zuber's bunt. Stirnweiss walked, filling the bases. One of these scored on Milosevich's fly ball and another on a wild throw to second by Tresh.

Papish added two to the number left on base in the sixth and three more in the seventh, but during the latter accumulation two runs scored. With one out Stirnweiss walked and Milosevich singled. Etten's double drove in Stirnweiss and Milosevich was forced to score when Metheny and Grimes walked.

JAN NIEUKIRK, MUSIC MAIDS, BEAT QUEENS, 2-1

Pitcher Jan Nieukirk scored her 11th victory of the season last night as the Music Maids defeated the Queens, 2 to 1, in Hilburn stadium in the National Girls' softball league. In the only other game, the Chicks beat the Bloomer Girls, 4 to 1.

Tonight the Bloomer Girls play the Music Maids in Rock-Ola stadium while the Chicks meet the Sparks in Bidwill stadium. All league teams see action in three double headers tomorrow night.

HOLIDAY GAMES IN WINDY CITY LEAGUE LISTED

The Windy City Softball league will present an Independence day celebration tonight in Hilburn stadium, 5500 N. Wolcott st. The Fewer Boilers, league leaders, and the Triplex Yankees, defending champions, meet in the feature of the two game program. In the opener the Steelers will face the south side Owl club.

Freytag Whips Canadian Star in Curling Tourney

St. Paul, Minn., July 2 [Special]—Elmer W. Freytag of Chicago today scored an upset in the St. Paul curling tournament by beating Ken Watson of Winnipeg, one of the world ranking players in the sport. Freytag was behind, 11 to 5, when he tied the score in the ninth. Then he won the match with a spectacular shot. The Chicagoan represents the Exmoor club.

Veenker Is Honored by Iowa State Letter Men

Ames, Ia., July 2 [Special]—George Veenker, retired head of the physical education department for men at Iowa State college, has been given an honorary membership in the I club, it was announced today.

BROWNS BEAT RED SOX TWICE; KREEVICH HERO

St. Louis, Mo., July 2 (AP)—Mike Kreevich was the hero of the St. Louis Browns' double header with the Boston Red Sox today, clinching a tightly pitched second game with a double in the ninth to drive in two runs for a 3 to 2 victory and hitting his first home run of the year with the bases loaded in the Browns' 7 to 1 triumph in the first game.

The fateful double robbed Boston's Randy Heflin of a victory in his first major league pitching role after two years in the navy.

Boston led in the second game, 2 to 0, at the start of the seventh, after going for seven innings in the opener without advancing a runner past first base. Mark Christman scored the Browns' first run in the seventh to pave the way for Kreevich's winning double.

NORTH EVANSTON HOLIDAY SHOW STRESSES SPORT

North Evanston's famous Fourth of July celebration, which has a strong accent on sports, will attract 1,000 contestants of all ages and both sexes. In charge of the program are Donald B. Calhoun, former Northwestern track star, and Milton Ferguson. They will be aided by Luke Johnsos, co-coach of the Chicago Bears, and Heinie Schultz, Evanston Township High school track coach.

The program includes two softball games, three track meets, and nine championship tennis matches. Youngsters from the Willard and Lincolnwood playgrounds will contest among themselves in 25 events tomorrow morning. The winners will meet in the afternoon in Dyche stadium.

The Oak Park Merchants and an Evanston All-Star team will meet in the softball headliner at 3 p. m. on the Northwestern diamond at Isabella and Ashland avs. A 579 piece fireworks show in Dyche stadium in the evening will be the climax.

70 CANDIDATES OPEN ILLINOIS' FOOTBALL DRILL

Champaign, Ill., July 2 [Special]—Seventy candidates reported today for the opening of summer football practice at the University of Illinois.

Eleven letter men in the group included Ray Ciszek, Hobart, Ind. and Bill Heiss, Aurora, ends; Lester Bingaman, Gary, Ind. and Lester Joop, La Salle, Ill., tackles; MacWenskunas, Georgtown, Ill., Alex Prokopis, Gary, Ind., and George Bujan, Christopher, Ill., centers; Clyde Perkins, St. Clair Shores, Mich., quarter back; Eddie Bray, Utica, Ill., half back, and Jerry Cies, Carlinville, Ill.

Fox Head Girls Held to 4 Hits But Beat Toronto

The Fox Head 400 Girls softball team made the best of four hits last night in defeating the Toronto, Canada team, 2 to 1, after the Canadian girls had taken a 1 to 0 lead. The game was played in Shewbridge field, where the teams meet again tonight.

Pirates Score Victory Over Mitchel Field, 10-1

Mitchell Field, N. Y., July 2 (AP)—The Pittsburgh Pirates today defeated the Mitchell Field post nine, 10 to 1, in a six inning exhibition. Score:

Pittsburgh	301 402—10 15 1
Mitchell Field	000 010—1 6 1

Batteries—Gables and Davis; Teasley, Thomas and Mitchell.

LACK OF FACTS UPSETS HEARING ON MENU PRICES

OPA and San Francisco Operators Differ

Washington, D. C., July 2 [Special] —A hearing before an office of price administration hearing officer on an appeal by owners of the St. Moritz restaurant, San Francisco, from an OPA edict condemning the restaurant to three months of "hardship" prices ran into a snag here today for lack of facts.

Arthur L. Brown, the hearing officer, threw up his hands after attorneys representing OPA and the restaurant failed to agree on basic facts usually subject to stipulation on appeals of this character. Brown adjourned the hearing after asking for affidavits on disputed questions, copies of leases and building permits, and files of the San Francisco war price and rationing board.

Hearing Held Significant

The hearing was regarded as especially significant because it is to be followed by an investigation of the entire scope of OPA actions in regard to the St. Moritz case by a special subcommittee of the house small business committee.

This subcommitteee, which will conduct hearings both here and in San Francisco, has been designated by Rep. Patman [D., Tex.], chairman, to inquire into charges by owners of the St. Moritz that the OPA has prevented them for the last seven months from selling food in their restaurant.

The St. Moritz is a new enterprise which the owners hoped to open last Dec. 15 after sinking most of their savings into its furnishings and equipment. It is located at 528-530 Broadway, next door to a "hole in the wall" lunchroom known as "Louis' place," which the same owners operated before they got the idea of opening "a nice place."

Bribery Bid Reported

The owners are three American born Swiss-Italians, Sil Antogoli, Louis Margnetti, and Francis Rodoni.

The congressional inquiry is expected to be enlivened by an investigation of charges by the restaurant owners that their difficulties with the OPA stem from their refusal to pay a $3,000 bribe solicited by a person who said he was an OPA emissary. The OPA contends that the St. Moritz restaurant is "Louis' place" under another name and must charge the same menu prices as the old lunchroom.

At today's hearing the OPA was represented by Jonathan Richards, assistant general OPA counsel, and the St. Moritz by Roderick Wilson, San Francisco attorney. After opening in a small room it was adjourned to a larger room because of an overflow crowd.

Menus Termed Different

Richards produced a statement signed by the three owners referring to the address of the old restaurant at 524-528 Broadway. Wilson said the owners didn't know what they were signing. He said there is no physical connection between the old restaurant and the new.

Wilson said the menu items proposed for the new restaurant differed from those on the old menu. Richards offered a menu from the old restaurant, but Wilson said the prices on it were not the list approved by the ration board.

Brown said he wants sworn statements on how much new equipment was purchased for the new restaurant, statements from people who know what time the old restaurant was open, such as the policeman on the beat, and copies of building plans for both the old and new establishments.

MRS. F. K. HOOVER SHARES ESTATE WITH EMPLOYES

Two maids and a chauffeur who remained in the employ of Mrs. Effie Phelps Hoover, widow of Frank K. Hoover, one of the founders of the Hoover Vacuum Cleaner company, will share in her $742,573 estate, it was disclosed yesterday in an inheritance tax appraisement filed in County court.

William Bowden, the chauffeur will receive $5,000, and the maids, Agnes Nicholas and Delia Tarpey, $500 each. Mrs. Hoover, who died Sept. 5, 1944, at the age of 84, said in her will that the bequests should be made if the servants were in her employ at her death.

Mrs. Hoover also provided a $200,000 trust fund from which four nieces will benefit. The remainder of the estate is to be divided between two sons, Ray P., 1103 Sheridan rd., Evanston, and Howard E., of 1801 Green Bay rd., Glencoe. Federal inheritance taxes were fixed at $232,710 and state taxes at $12,625.

Hoover died in 1921. Their home was at 4841 Woodlawn av.

PARK DISTRICT'S FLOWER GARDENS HIRE GIRLS OF 16

(Picture on back page)

Women and girls who crave a suntan can make 50 cents an hour while getting it this season by going to work for the Chicago park district in the conservatories and flower gardens. Because of the shortage of man power, the district is hiring high scnool girls 16 years of age and up and women for such light tasks as weeding, cultivating, and disbudding. There are about 32 girls and women working now. Starting salary is 50 cents an hour for an eight hour day six days a week. Other lines of work in which women are being used, besides office jobs, include paper picking, assisting in the storehouses, and as service guards in the police division and lifeguards on the beaches.

DISHES, GEMS, $375 STOLEN

Burglars, who entered his home, took jewelry valued at $85, three bottles of brandy valued at $30, a $230 set of dishes, and $375, Michael Karamesines, 5034 Phillips av., reported to police yesterday.

DICK TRACY

WGNB TO START SHARE YOUR FM SERIES TONIGHT

Program Starts at 8, Ends at 11 o'Clock

BY LARRY WOLTERS

Something similar to our share the ride clubs is to be introduced by WGNB, sister FM station of W-G-N, between 8 and 11 o'clock tonight. It's to be called a Share Your FM evening. Since no new high fidelity FM sets are available for purchase, WGNB conceived the idea of asking set owners to invite their friends and neighbors in to hear them. Listening groups are being organized. One of the groups will gather in the Allerton hotel this evening thru the courtesy of Eloise Keeler of the WGNB staff, who has lent her receiver for use there every Tuesday evening.

Mrs. Clark Will Speak

Programs to be aired during the three hour period have been selected with the view toward illustrating the advantages of FM sound reproduction.

Tonight's program will be introduced with a brief talk by Mrs. Charles S. Clark, president of the conference of club presidents and program chairmen. Her talk will be followed by Evening Serenade, featuring semi-classical transcriptions. At 8:15 p. m. the Artist Recital program will feature songs by Claudia Muzio in recording. This will be followed by a full hour "live" concert by the Chicago Philharmonic orchestra, directed by Henry Weber.

Interview at 9:30 p. m.

A new series of programs, titled the World of Tomorrow, will be introduced at 9:30 p. m., with Miss Keeler as conductor. She will interview William A. McGuineas, commercial manager of W-G-N, on "FM and Tomorrow's Radio." At 9:45 Keyboard Impressions will offer recorded selections by world famous pianists. At 10 p. m. WGNB will present a recorded Symphony hour.

JOHN RIDDELL, WAR HELMET'S INVENTOR, DIES

John Tate Riddell, 59, sporting goods manufacturer, whose plastic football helmet was adopted by the army for the use of paratroopers, died yesterday in his home, 1922 Sheridan rd., Evanston.

He was football coach at Evanston Township High school from 1913 to 1927, when he entered business. He developed the plastic helmet to meet the war time shortage of leather and the army found it adaptable for war needs.

Mr. Riddell was graduated from Bethany [W. Va.] college in 1909 and took post-graduate work at Yale and at Northwestern universities. Services will be held at 3:30 p. m. Thursday in the chapel at 1567 Maple st., Evanston.

STRITCH SEEKS TRUSTEESHIP OF MISER'S ESTATE

Probate Judge John F. O'Connell yesterday held a hearing on a petition of Archbishop Samuel A. Stritch which sought appointment as trustee of the estimated $250,000 estate willed to Catholic charities by Chelestino Chiesa, 69, former occupant of a 20 cent a day flophouse room.

Also in court was Richard J. Cooney, attorney for the 14 known relatives of the wealthy recluse.

Judge O'Connell granted a request by Ayers W. Keplinger, representing Archbishop Stritch, that three appraisers be appointed to fix the actual value of the estate and continued the hearing until Aug. 1.

Indiana Man, 10 Others Killed in Plane Crash

Las Vegas, Nev., July 2 (AP)—Eleven members of the air forces stationed here were killed and two seriously injured Saturday as a heavy bomber crashed and burned on a gunnery school training flight, the army announced today. The dead included T/Sgt. Stanley N. Nice, son of Mrs. Anna P. Nice, Salem, Ind.

Five Killed in Texas

Lubbock, Tex., July 2 (AP)—A C-47 army transport plane crashed and exploded near Olton, Tex., yesterday, killing five persons, the Lubbock army air field public relations office said today.

The dead included Staff Sgt. Merle W. Sullivan, son of Mrs. Ida J. Sullivan, Bushnell, Ill.

Father Struck by Truck Where Son Was Killed

Sabato Pinto, 61, of 140 S. Sacramento blvd., owner of a newsstand at Van Buren and LaSalle sts. for 30 years, was reported "doing nicely" at St. Luke's hospital last night. He is receiving treatment for a skull fracture suffered when he was struck by a mail truck last Thursday near his newsstand. Seventeen years ago, July 9, 1928, his son, Joseph, 9, was killed by a mail truck at almost the same spot.

OBITUARIES

Mrs. Gladys McF. Read

Services for Mrs. Gladys McFarland Read, former resident of Oak Park and Hinsdale, who died Saturday at Tucson, Ariz., will be held at 4 p. m. next Monday in Mount Hope cemetery, where she will be buried. She leaves her husband, Rollin I. Read, formerly for many years in the insurance business in Chicago, now a hotel executive in Tucson; two daughters, Nancy Irene and Mrs. Betty Jane Fickett, and two sisters.

Frank M. Ragen

Services for Frank M. Ragen, 74, Democratic county commissioner from 1908 to 1920, will be held at 9:30 a. m. Thursday in St. Barnabas' church, 10154 Longwood dr. He died Sunday night at the home of his sister, Mrs. Nellie Farrell, 10321 Oakley av. Mr. Ragen was a colorful figure in south side politics and was founder of Ragen's Colts, an athletic organization that once had 3,000 members.

Bessie L. James

Services for Miss Bessie L. James, press representative for the Canadian Pacific Railway and Steamship Lines, 71 E. Jackson blvd., will be held tomorrow in Montreal, Que. Miss James, who had been with the railway company for 30 years, died Saturday in Passavant hospital. A brother and two sisters survive.

William N. Fleischmann

Los Angeles, Cal., July 2 (AP)—William N. Fleischmann, 76, son of the founder of the yeast fortune, died yesterday. Survivors include two brothers, Paul of New York and Ernest of Chicago, and a sister, Mrs. Edna Benedict of New York.

Robert E. Peacock

Services for Robert E. Peacock, 69, chairman of C. D. Peacock, State st. jewelry company, will be held at 2:30 p. m. today in Westminster chapel of the Fourth Presbyterian church. He died Sunday night in Wesley Memorial hospital.

5 AURORA CAFES CLOSED BY CUT IN RED POINTS

Restaurants in Aurora were crowded yesterday as five of the 20 downtown cafes were closed, throwing their customers elsewhere, and one more was scheduled to close today and another tomorrow. Altogether, six others have announced closing dates between now and July 30, and the Leland hotel dining room will be shut for a period in August.

Closing periods will vary from a week to 15 days. Proprietors claim their point allowances are inadequate. Under the office of price administration point slash for July and August, red points to restaurant users are cut 20 per cent. Restaurant owners say this figures out just half a point per customer.

In Chicago yesterday, the Chicago Restaurant association office said it had no reports of closings here so far.

PRIEST IS DEAD OF INJURIES IN AUTO ACCIDENT

The Rev. L. J. De Frene, 53, of Fowler, Ind., a Catholic priest, died in St. James hospital, Chicago Heights, last night of injuries suffered Sunday when his automobile struck a culvert on the Dixie highway, near 10th st., in the suburb.

An unidentified man about 65 was killed on route 41, near Buena rd., west of Lake Forest by an automobile driven by J. S. Granstrom, 54, of 5958 Ohio st.

Jesus Santiago, 3, of 1915 Canalport av., was killed by a truck as he played in the street near his home. The driver was Sie Piatt of 904 W. Broadway, Bradley, Kankakee county.

Former Peru President Dies of Heart Attack

LIMA, July 2 (AP)—Oscar Raimondo Benavides, 69, twice president of Peru, died in a hospital here today of a heart attack. Benavides served his last term as president from 1933 to 1939. He previously had been provisional president for one year in 1914.

SUBURBS JOIN IN PLAYGROUND PAPER SALVAGE

3,000 Ton Collection Expected by Fall

Suburban Cook county was being organized yesterday for a playground paper salvage campaign which Chicago waste paper drive officials predict will produce nearly 3,000 tons before school is resumed in the fall.

John R. Robinson, chairman of Chicago paper salvage, said war production board salvage directors in each suburb were organizing the playground campaign and expect to have it in full swing this week.

2 Weeks to 1st Drive

A two week drive will be held in the suburbs so that the end of the first drive coincides with Chicago's. Three week drives will begin July 15 and Aug. 5. Special prizes will be awarded at the end of each drive. The summer campaign is sponsored by the Chicago Newspaper Publishers association.

Funds received from the sale of the salvaged paper will be used to purchase playground equipment and to furnish prizes for end collectors, Robinson said.

Schools Earn $431,528

Robinson announced that from February, 1944, until June, 1945, 77,815,628 pounds of paper had been salvaged by pupils at Chicago public schools. The elementary school collection was worth $287,000, and the high school collection $144,528, a total of $431,528.

Each school received the revenue from the sale of paper its pupils have turned in.

HARMON, DONOR OF AIR TROPHY, DIES IN FRANCE

New York, July 2 (AP)—Clifford B. Harmon, 80, donor of the Harmon national aviation trophy and pioneer balloonist and plane pilot, died June 25 in Cannes, France.

Announcement of the death of Harmon, millionaire real estate man who was founder and president of the International League of Aviators, was made here today by his sister-in-law, Mrs. William E. Harmon.

Harmon, who suffered a stroke several years ago in Paris, was taken to Cannes at the outbreak of the war. Too helpless to move without aid, Harmon remained in his hotel apartment during the occupation.

He received a trophy from Harvard in 1910 as winner of the first bombing meet in which a flyer dropped a missile from a plane upon an object on the ground.

WORKER SEIZED BY FBI; HELD AS AWOL 17 YEARS

Roy McDowell, 40, of 6104 N. Paulina st., a crane operator in the Semi Steel Test Foundry company at 909 N. Kilpatrick av., was seized in the plant yesterday by federal bureau of investigation agents who took him away in an automobile.

His wife, Harriett, who became agitated when he failed to come home, calley Atty. Charles Liebman. Liebman, after a long search, found that McDowell was a prisoner of the military police, and had been arrested on a charge of being AWOL in 1928.

The FBI would not comment on McDowell's arrest. Liebman said McDowell had registered for the draft, had reported for induction, and had been classified 4-F.

W. RHINELANDER STEWART DIES; SOCIETY LEADER

New York, July 2 (AP)—William Rhinelander Stewart, 56, died today in his Hotel Pierre apartment.

Socially prominent, he was a director and member of the executive committee of John C. Paige & Co., Inc., insurance brokers.

His widow is the daughter of Mr. and Mrs. Fleming Newbold of Washington, D. C.

HILL—Carrie E. Hill, beloved wife of the late Arthur J., fond mother of Harold A., Birchie M. Buehren, and the late Karl G., sister of Mary Gaines, 16 grandchildren, one great-grandchild. Resting at funeral home, 3918 Irving Park road. Service Thursday, July 5, at 2 p. m. Interment Montrose cemetery.

HIRSCH—David M. Hirsch of Palatine, Ill., July 1, 1945, beloved husband of Anita G. Hirsch. At chapel, 5501 N. Ashland, where services will be held Thursday, July 5, 1 p. m. Interment Memorial Park.

HOFFMANN—Emma Hoffmann, nee Sawottke, beloved wife of Otto, loving mother of Florence Zilske, sister of William. Funeral Thursday, July 5, 2 p. m., at chapel, 2834 N. Southport avenue. Interment St. Lucas'

HORALEK—Mary Horalek, nee Hesik, 7318 W. Pershing road, Lyons, Ill., beloved wife of Frank, fond mother of James, Frank Jr., Libbie, Frances Pyle, and Antonio Sayers. Funeral Thursday, July 5, 1945, at 10 a. m. at chapel, 9049 W. Ogden avenue, Berwyn, Ill. Interment Bohemian National cemetery. For information, call Berwyn 5506.

HOWARD—Frederick H. P. Howard, July 1, 1945, of 5227 Woodlawn avenue, husband of the late Edith. Services in chapel, 4327 Cottage Grove avenue, Tuesday, 3:30 p. m. Interment Marshalltown, Ia.

HOYNE—Sgt. Roman Hoyne of 3047 Broad street, beloved son of Frances, brother of Stanis Hoyt, Gene, William, Mary Koch, Helen Knapp, Anita Kasmer, Pfc. Edward, and Jean, died May 12, 1945, at Lichfield, England. Memorial mass July 4 at 9 a. m. at St. Barbara's church.

HUTH—Florence C. Huth, July 1, 1945, of 4237 N. Paulina street, Chicago, Ill., daughter of the late Mr. and Mrs. Frank D. Huth, sister of Frank and George Huth. Resting at chapel, 1567 Maple avenue, Evanston, until Tuesday noon. Service 3 p. m. Tuesday in Ravenswood Congregational church, Chicago. Interment at Graceland cemetery. Please omit flowers.

JAKUTA—Daniel Jakuta, July 1, 1945, beloved son of Stella Kaminska Jakuta and the late Josepha, brother of Staff Sgt. Leonard, U. S. A., and Melvin Jakuta, grandson of Victor Kaminski. Funeral from residence, 6139 S. Paulina street, Thursday, July 5, at 9 a. m. to St. Theodore's church. Interment Resurrection.

JENKISSON—Alvin W. Jenkisson, July 1, 800 Sunrise avenue, Lake Bluff, husband of Mary Louise, father of John F. and Lt. Peter F. Jenkisson. Resting at chapel, 233 E. Deerpath, Lake Forest, July 4. Services at Graceland chapel, Chicago, 2 p. m., Thursday, July 5.

JEPSON—Martha Jepson, nee Spruth, of 1208 N. Crawford avenue, beloved wife of Peter, fond mother of Alfred Hawkins, sister of Mathilde, Marie, Minnie, Henry, and Alfred Spruth. Funeral Thursday, 2 p. m., at chapel, 1946-48 Ogden avenue, corner of Harrison street, to Concordia cemetery.

JOHNSON — Margret Johnson, nee Woxberg, formerly of 4815 Wellington avenue, dearly beloved wife of the late Theodore, most devoted mother of Helen Havlik and Lillian Erickson, loving mother-in-law of Frank C. Havlik and Gunnar W. Erickson, Cm. 1/C, U. S. N. R., dear grandmother of Staff Sgt. Frank W. Havlik and Jacqueline, adored sister of Andrew of Hilmar, Cal., John, Henry, Victor of Denver, Colo., Ellen Peterson of Sister Bay, Wis., Kristin in Sweden, and the late Ed and Gustave. Member of Prefja lodge, No. 4, I. O. O. F. and Thelma lodge, No. 17, L. I. O. V. Services Thursday, 2 p. m., at funeral home, 2500 N. Cicero avenue. Interment Acacia Park. Berk. 8070.

JUNGEL—Rudolph P. Jungel of 2603 Winona street, beloved son of Philip Jungel and the late Caroline, brother of Erwin and Walter, at chapel, 5501 N. Ashland avenue, where services will be held Thursday, July 5, at 2 p. m. Interment Irving Park.

KANE—Aloysious Kane, brother of Cyrus Kane of Niles, Mich. Resting at chapel, 1946-48 W. Ogden avenue, corner Harrison street. Member International Association of Machinists, local 126. Seeley 0463.

KANTOOS—Moses Kantoos of 4356 S. Berkeley avenue, in his 67th year, husband of the late Roberta, nee Cirtello, father of Mrs. Louise Hashim of New York City and Richard M. Kantoos. Resting in chapel, 4141 Cottage Grove avenue. Funeral Thursday, July 5, at 2 p. m. Interment Mount Hope. Please omit flowers.

KNEELAND—Theresa Kneeland, nee Rehg, beloved wife of William R. Resting at chapel, 2750-52 Diversey avenue. Services July 3 at 8 p. m. Member of Logan Square chapter, O. E. S., No. 560. Cincinnati papers please copy. Brunswick 6725 for information.

MARGIN ON RYE BOOSTED; JULY TRADES CURBED

Move Follows New Price Advance

Trading in July rye futures contracts will end when markets on the Chicago Board of Trade close today. The only exceptions will be liquidations of outstanding contracts held or hedges against rye available for delivery. Directors of the board issued this order last night at the suggestion of officials of the commodity exchange and war food administrations.

The directors also increased the minimum initial margin required on rye futures to 25 cents a bushel. On June 19 the margin requirement was raised to 20 cents, double the preceding figure.

Open Position Curbed More

On and after Aug. 1 no buyer or seller, whether firm, corporation or individual, will be permitted to have a net open position of more than 700,000 bushels of rye futures, the board also ruled. This compares with the 2 million bushel limit, in effect for some years.

No firm will be permitted to buy or sell more than 1 million bushels of rye futures in any one day except to liquidate outstanding contracts, the directors also decided.

Last night's action followed an advance of ¼ to 1¼ cents a bushel more in rye futures, prices in Chicago yesterday. Brokers said it implied that the CEA had found further irregularities in rye trading.

Rye normally does not occupy such an important position in the market. Trading interest usually is most widespread in wheat and corn. Recently, however, large profits have been reported in rye trading by informed sources. Unlike other grains, rye has been under no office of price administration ceiling, but one was expected soon. Altho the OPA cannot take any action regarding the 1945 harvest, a ceiling was expected to be put on the 1946 harvest by Aug. 15.

Wide Rise Since January

July rye which sold at $1.05⅝ a bushel last January touched $1.59⅝ during the week ended June 26. September rye, at $1.03⅝ in January, was up to $1.50⅝ two weeks ago.

The WFA stepped into the rye trading situation last month, charging that General Foods corporation and its executive vice president, Charles W. Metcalf; Daniel F. Rice & Co., Chicago, and Daniel F. Rice; Lawrence J. Ryan, and Philip R. O'Brien, members of the board of trade "cornered" the Chicago rye market last spring thru manipulation of futures prices beginning in December, 1942.

A hearing on the charges was to have been held in Washington yesterday, but a postponement was obtained by the defendants until "later in the summer" to prepare answers, which must be filed by Aug. 1.

Purchases Reduce Supply

The government recently purchased for export about 5 million bushels of rye, or more than 50 per cent of the visible supply, at leading terminal markets. Distillers who have been prohibited from buying corn to make beverage alcohol also were reported to have bought substantial quantities of rye. This further reduced the supply available for delivery on July contracts.

The visible supply as announced yesterday by Lyman C. West, board of trade statistician, was 6,661,000 bushels, of which 3,690,000 bushels were in Chicago. A year ago the visible supply was nearly 20 million.

Other prices yesterday were mostly unchanged to higher. Wheat futures closed ⅝ cent higher to ⅛ cent lower. Corn was unchanged and oats up ⅛ to down ¼ cent. Barley gained ⅝ to 1¾ cents on the active futures.

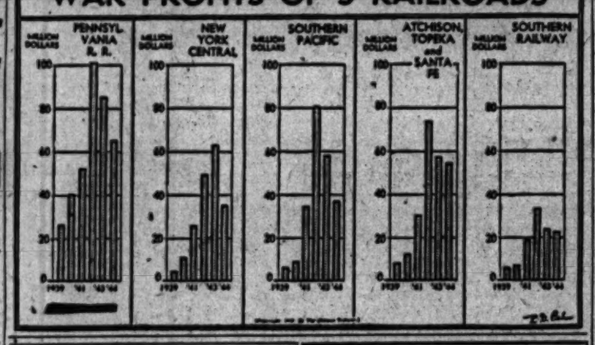
3 New Treasury Issues Rise in First Day's Trade

The three new treasury bond issues offered at par during the seventh war loan drive brought sizable premiums yesterday in their first day of trading since the campaign ended Saturday. The 1⅛s due Dec. 15, 1950, in which strength had been expected because of their short term attraction to banks, closed over the counter at 101 11-32ds bid. Equally buoyant were the 2¼s of June 15, 1962-'59, and the 2½s of June 15, 1972-'67, both quoted at 101 14-32ds bid.

Two Chicago Railmen Quit Positions with ODT

Washington, D. C., July 2 (AP)—Earle E. McCarty, associate director, has been appointed director of the railway transport division of the ODT, the agency announced today. He succeeds J. H. Aydelott of Chicago, who is returning to the Burlington railroad. M. E. Harlan was made assistant director for passenger traffic of the railway transport department. He succeeds Vincent T. Corbett, who is returning to the Rock Island at Chicago.

WAR PROFITS OF 5 RAILROADS



Utility Stocks Rise; Aircrafts and Rails Sag

New York, July 2 (AP) — Low priced utilities and many industrials made small advances on today's stock market, but most rails and aircrafts declined.

Timid bidding for power and light issues was based on post-war prospects. Other customers bought on the idea the recent price relapse had improved the technical position of the list. Earnings, dividends and idle cash remained bullish incentives.

Retarding the market were increasing war contract cutbacks. Thoughts of anti-speculation moves persisted as a come-back handicap.

Dealings Are Quiet

Except for sizable blocks of utilities, dealings were quiet from the start. Fractional advances predominated at the close. Transfers were 1,380,000 shares, smallest for a full session since June 12, compared with 2,020,000 Friday.

The Associated Press 60 stock average was up 0.2 at 66.5. Arrangements have been made for the sale of a stock exchange membership for $70,000, a decline of $5,000 from the last sale.

At highs for 1945 or longer were Electric Power and Light, Columbia Gas, International Hydro Electric, and American and Foreign Power.

RAIL BONDS ADVANCE

New York, July 2 (AP)—Railroad issues led the bond market higher today, but turnover was only $5,134,000, lowest since April 9, compared with $8,770,000 Friday.

CHICAGO LIST HIGHER

Prices rose in light turnover of 25,000 shares yesterday on the Chicago Stock exchange. Of 92 issues traded, 58 advanced and 17 declined.

Trading volume in June totaled 1,017,000 shares, the same as a year ago, the exchange reported, and compared with 992,000 shares in May.

JUNE BUILDING PERMITS SHOW GAIN OVER MAY

Building construction in Chicago in June was larger in both number of projects and value than during May, Building Commissioner Gerhardt reported yesterday. Permits for 326 buildings to cost $2,617,979 were issued last month, compared with 281 at $1,917,564 in May and with 434 at $3,114,518 in June, 1944.

June residential building was lower than in May or in June, 1944. Permits for 200 homes to cost $983,269 were issued last month, compared with 234 at $1,035,818 in May and with 511 at $1,742,070 in June, 1944. Of the $2,617,979 for all types last month $607,905 was spent on alterations.

Comparison of the first six months of 1945 with 1944 showed a falling off in both number and value.

STEER MARKET ADVANCES WHEN RECEIPTS DROP

Steers were in demand at strong to 15 cents higher prices at the Chicago stock yards yesterday when receipts dipped to the second smallest for a Monday since May 21. Most sales were at $15.25 to $17.65, altho a few reached the $18 a hundred pounds ceiling price.

Sheep and lambs were mostly steady. Best old ewes sold for slaughter at $8.10. Inquiry was made for fancy black face yearling breeding ewes weighing 100 pounds at $15 to $16. The hog supply sold at ceiling prices.

North Western to Install Warning Lights Friday

New "figure eight" oscillating warning lights that throw out a red glare will be installed on the rear of 22 North Western railroad passenger trains Friday, L. L. White, vice president in charge of operations, said yesterday. The signals may be turned by the flagman as the train slows or after it has stopped. They are made by the Mars Signal Light company of Chicago.

MARKETS WILL CLOSE

Banks and all major domestic securities and commodities markets, including most principal live stock markets, will be closed tomorrow in observance of Independence day.

PREDICTS POST-WAR COMPETITIVE PRICE ON SYNTHETIC RUBBER

Washington, D. C., July 2 (AP)—Eventual production costs of synthetic rubber "will be competitive with natural rubber at pre-war prices," the Rubber Reserve company, a government agency, predicted today. Costs are decreasing, it said.

The company's executive vice president, S. T. Crossland, said it cost about 31 cents a pound on the average to produce GR-S, the general purpose synthetic rubber, in 1944. The present operating cost of the lowest cost plant is about 11 cents a pound, with indications that it may go even lower after the war.

Synthetic rubber production in 1944 totaled 737,000 tons, far more than the largest quantity of natural rubber consumed in this country in any year before the war. Production in 1945 is scheduled at almost 1 million tons and in 1946 at 1,200,000 tons.

Budd Leases Plant to Make Streamliners

Washington, D. C., July 2 (AP) — Edward G. Budd Manufacturing company has leased the 21 million dollar government owned Bustleton plant in northeast Philadelphia for civilian production of streamlined railway cars, the Reconstruction Finance corporation announced today. It is the biggest war plant so far leased for civilian purposes.

In Philadelphia, the Budd company said tooling will start immediately and manufacturing of the first streamlined, stainless steel railway cars since 1941 will begin in the fall.

Will Make Shift Gradually

The company has been making munitions for the navy at the 24½ acre plant. It will continue this as long as needed. But as war contracts end the company under the new lease will put various parts of the plant into peace time production with little delay.

Edward G. Budd, president of the company, said that the new plant will attack a large backlog of orders for streamliners. He said orders on hand and in prospect were sufficient to keep the new plant operating at top speed for years.

Lease Runs Five Years

The lease runs five years, at $649,806 a year. This is on the basis of 77 per cent of the space, which is the amount Budd will use for car manufacture when retooling is completed.

The remaining 23 per cent is used as a disposal center for surplus property. The RFC added the company said it may wish to use that space once production on nonwar contracts is in full swing.

SANTA FE ROAD TO RETIRE ALL CALLABLE DEBT

After the retirement Dec. 1 of the Santa Fe railroad's three issues of convertible bonds, the road will have redeemed all bonded indebtedness outstanding except its noncallable general and adjustment mortgage 4s of 1995, Fred G. Gurley, president, said yesterday. Directors authorized redemption of the convertible bond issues of 1905 and 1909, due 1955, and of 1910, due 1960, a total of $7,977,000.

Rules Finance Aids May Not Bid on Issues

Philadelphia, Pa., July 2 (AP)—An investment banking house retained by a company to give financial advice on sale of securities no longer will be permitted to participate in bidding for the same securities, the securities and exchange commission ruled today.

The commission said "such financial advisers may have an unfair advantage over other bidders because of earlier and closer association with the transaction."

Approves Power Merger.

The SEC made its announcement in an opinion which approved Western Light and Telephone company's merger with the Kansas Power company. Western Light and Telephone Company, Inc., the surviving company, will issue $6,200,000 of first mortgage bonds which are to be sold under competitive bidding.

Harris, Hall & Co., financial adviser for the transaction, will be permitted to enter the bidding "since our present announcement of policy comes so late in the proceedings," the SEC said.

The proposed merger will not become effective until a two-thirds vote in its favor is given by all outstanding capital stock.

New Common, Preferred

The merged company will issue 151,949 shares of $25 par value, 5 per cent preferred and 234,664 shares of common stock which will be offered to retire outstanding securities of the two companies.

The new common will be offered in exchange, with one share for each five shares of Western common. No shares of new common will be offered to holders of Kansas, since Western owns all issued and outstanding common shares of Kansas.

People and Events

Karl D. Franke was elected president of the Chicago Sales Executives club, the organization announced yesterday. Franke is sales and advertising manager of Hydrox corporation and Chapell and Thompson Ice Cream companies, operating units of National Dairy Products corporation. He succeeds Ralph Keller, Chicago representative of George A. Hormel & Co. Other officers elected were Henry L. Porter and J. S. Strecker, vice presidents; G. T. Morrow, treasurer, and Russell G. Davis, secretary.

Karl D. Franke

Mark Kirkpatrick, on leave from Pure Oil company, was appointed assistant director of the supply and transportation division of the petroleum administration for war in district 2 (midwest), the PAW said. He succeeds John A. Turner, who is reentering business. Kirkpatrick has been transportation analyst for the agency in Washington, D. C.

H. B. Voorhees continues as chief executive officer of the Alton railroad, with Culver White, vice president of the Gulf, Mobile, and Ohio railroad, as assistant. It was incorrectly stated in THE TRIBUNE Monday that White was appointed chief executive officer.

William C. Meyers, with Commonwealth Edison company for more than 10 years, was appointed sales promotion manager of W-G-N, announced Norman Boggs, W-G-N sales manager.

L. F. Lottier, for 12 years assistant metallurgist with Peoples Gas Light and Coke company, has become metallurgist for Accurate Steel Treating company, said Walter G. Hamilton, President.

Diversey Corp. Acquires Chicago Chemical Firm

The Diversey corporation, Chicago subsidiary of the Victor Chemical Works, yesterday announced acquisition of the Trojan Products and Manufacturing company, Chicago chemical maker. Present personnel of Trojan will be retained.

SWISS BANKING CLOAK TO NAZI WAR PLAN TOLD

Hides Investments, Senators Hear

Washington, D. C., July 2 (AP)—Senators delving into German plans for a third World war heard testimony today that Swiss banking secrecy laws provide the Nazis with a convenient cloak for their machinations.

Just returned from a mission to Europe, Orvis Schmidt, director of the treasury's foreign funds control division, told a military subcommittee that "there has been an open invitation to Germans to utilize Swiss facilities to conceal their assets thruout the world."

German Investment Unknown

Asserting there is every indication that this government does not know even yet the exact extent of German investments in the United States, Schmidt said:

"Even at this late date, the Swiss government is loath to take the necessary steps to force banks and other cloaking institutions to disclose owners of assets held in or thru Switzerland. Thus the true picture of German financial and industrial penetration thruout the world will be kept a secret."

Schmidt said "the German industrial giants have honeycombed" the four neutral nations of Europe, Portugal, Spain, Sweden, and Switzerland, as well as Argentina and Turkey, with about 650 subsidiary and affiliated companies.

Break Secrecy, Is Plea

Terming this significant, but not all-important, the witness said, "The real problem is to break the veil of secrecy and reach and eliminate the German ability to finance another world war.

"The extensive plans for an underground movement can only be successful if the Germans can utilize the reserves accumulated abroad and being added to by various devices."

Schmidt submitted a breakdown of German controled companies showing 58 in Portugal, 112 in Spain, 233 in Sweden, 214 in Switzerland, 35 in Turkey, and 98 in Argentina. Of the total, 122 were in manufacturing, and these held 258 million dollars in American investments. Twenty-seven were in petroleum, 25 in finance, 54 in trade, and 50 miscellaneous. The total American investment in the list was valued at 420 million.

W. S. KNUDSEN BACK ON BOARD OF GEN. MOTORS

New York, July 2 (AP)—Directors of General Motors corporation today elected Lt. Gen. William S. Knudsen a member of the board. Knudsen resigned from the board Sept. 3, 1940, when he entered government service.

They also elected Col. Graeme K. Howard a vice president. He served as vice president in charge of overseas operations before he left in March, 1942, to become deputy chief of the army's motor transport division. He will return Aug. 1 as European regional manager.

Two Investing Companies Buy Into Mishawaka Firm

New York, July 2 (AP)—First York corporation and Utility Equities corporation, two investing companies in the Equity corporation group, have acquired a substantial interest in American Foundry Equipment company of Mishawaka, Ind., it was announced today.

Link Bretton Woods, Lending Proposal to British Finances

Oppose Fund Change

Washington, D. C., July 2 (AP)—The treasury told the senate banking committee today it opposed a reservation to the Bretton Woods world monetary plan restricting its operations until Great Britain's fiscal position is improved.

Committee members said Harry D. White, assistant secretary of the treasury, told a closed session that discussions had been going on in only a general way for the United States to give Britain a post-war loan to help clear up its debts.

Urges Prior Aid

Sen. Fulbright [D., Ark.] had suggested that congress write a reservation to give Britain prior aid in the legislation providing for United States participation in the Bretton Woods plan.

He had suggested some proviso after committee witnesses testified the monetary plan might not work out unless Britain received substantial aid beforehand and modified its empire preference trading system.

Reports White Opposed

Fulbright told reporters White had opposed the idea of any reservation to United States participation in the plan and had assured the committee that this government as yet has made no actual commitments to give Great Britain post-war aid.

Sen. Taft [R., O.] also said afterward that nothing should be given Britain until it agreed to lift trade restrictions so "we can sell to India and Egypt, for instance, on the same basis as the British empire."

Boost Dollar Reserve

LONDON, July 2 (AP)—The impressive spending power of American troops has helped Britain to build up reserves in dollars, John Anderson, chancellor of the exchequer, told the Canadian Chamber of Commerce today. But the reserves "still are substantially less than when the war broke out," he said.

John Anderson

Meanwhile, the Financial News questioned the possibility a proposed loan of 5 billion dollars would be sufficient to "unfreeze" blocked sterling balances and restore free exchange with the United States.

Predicts Dollar Shortage

Anderson predicted the United Kingdom and all countries "associated with us" in war would be short of dollars immediately after the war for purchase of goods and products from North America.

Britain's financial position had changed "gravely" during the war in another respect, he said. It had incurred an enormous financial indebtedness in sterling to a large number of countries. The debt already had reached 12 billion dollars and would be even larger before the war is over.

"We asked all sterling area countries to restrict their claims on us for dollars to essential needs," he said. "But we have accepted their claims as they came forward and have put dollars at their disposal."

Arguments "Too Optimistic"

The Financial News termed "too optimistic" arguments that thru a big loan, Britain would be able to resume lending to other countries, would have enough foreign exchange to replenish supplies of imported raw materials and rebuild her merchant fleet, and to repay "some of the blocked sterling balances and inspire sufficient confidence to induce holders of the rest to leave them here."

The article said such a loan would have "several obvious advantages" to the United States, including the creation of a big export surplus thru British purchases with the borrowed funds.

AIRPORT TRAFFIC IN PASSENGERS, PLANES MOUNTS

An increase of 58.8 per cent in the number of passengers handled at Chicago airport during the first six months of 1945, compared with last year, was reported yesterday by Walter Wright, superintendent of aviation, to Public Works Commissioner Hewitt. In the same period the number of scheduled flights to and from the field increased 65.1 per cent over 1944.

Passengers arriving and departing on scheduled trips up to July 1 totaled 578,675. Last year the total was 364,231. Plane landings and takeoffs on scheduled flights totaled 37,515, compared with 22,709.

Nonscheduled flights by private and military planes were up 24 per cent at 32,098, compared with 25,883. The airport handled 9,895,921 pounds of mail or 34.5 per cent more than the 7,354,403 pound total of 1944.

VACATION TIME CLOSES SOME CHICAGO CAFES

A few Chicago restaurants have closed temporarily to permit employes to take vacations, Donald F. Kiesau, executive vice president of the Chicago Restaurant association, said yesterday. Labor shortages have made it difficult to hire temporary workers.

Kiesau advised operators contemplating closings to do so in July or August because those months will be the most difficult so far as a result of recent slashes in food allotments.

Ration points for July and August are based on May and June records and operators closing now will not be penalized in their point allotments until the September-October period, when points will be based on the July-August record, he said. More food will probably be obtainable in the fall, he said.

WHAT'S GREATER?
Every time we write one of these pieces about the Times-Herald, we say to ourselves that, this time, we're really going to develop a great argument for the national advertiser in the City of Washington.
But it's awfully hard to think up an argument that is greater than the greatest circulation in town!

WANTED
CANNED FOOD BUYER
Age 30-44. Permanent position with well established firm. Knowledge of middle west canning operations preferred. Submit full details as to past experience. Replies confidential. Our employees know of this ad.
ADDRESS N X 70, TRIBUNE

Ass't Chief Engineer
60 year old leading manufacturer of agricultural implements and parts for home appliance industry requires the services of an experienced engineer who, by education and over-all capabilities, is qualified to assist our Executive Chief Engineer. Age 30-45; position permanent with excellent post-war future. Write detailing education, experience and earnings. Address C D 378, Tribune

CUTBACKS FAIL TO EASE SHORT LABOR SUPPLY

413 Chicago Plants Need 22,370

Despite the increasing total of war contract cancellations and cutbacks that have taken place since the defeat of Germany, the man power supply in Chicago remains critical, officials of the war man power commission said yesterday.

On June 29, the last date for which figures were available, 413 top priority war plants needed 22,370 workers, of which 16,464 would be men.

Officials explained that new contracts coming into the immediate Chicago area to help prosecute a one front war far exceed any of the comparatively small cutbacks so far. Two of the largest terminations, at the Studebaker and Buick aviation engine plants, had little effect on the over-all labor supply in the area, because the large total of new contracts.

Diverse Industry Is Factor

One chief factor in the continuing critical need for workers is the diversification of the city's industries which has drawn contracts to this area, they explained. There are few new industries that have emerged because of war needs. Most are old industries that have converted to new products.

A check of industries showed the situation varies. Some companies confirmed the WMC report. They asserted they were unable to get skilled and semi-skilled workers in any appreciable numbers.

Fewer Cutbacks Develop

Other companies, however, said many workers are "clamoring at their doors" for jobs, but they cannot be hired because of WMC regulations. These industry representatives asserted that artificially created unemployment had been caused by government regulations.

An industry spokesman said the widespread cancellations that were expected after V-E day, which it was believed would back down thru the prime contractors to the subcon-

A Favorable Time for Corporate Financing
MANY progressive corporations are finding this an excellent time to inaugurate financing programs. Others are finding it profitable to retire or reduce their funded debt through shifting their obligations to equity securities.
This experienced underwriting house invites inquiries from executives who may wish to avail themselves of the present advantageous market conditions.

RESUME LARGE SCALE FINANCING AFTER WAR LOAN

Offer 53 Million L. & N. Refunding Bonds

Approximately 180 million dollars of bonds and preferred stocks were marketed or prepared for marketing yesterday as large scale corporate financing was resumed after being held to a minimum during the 7th war loan drive.

Morgan Stanley & Co. and associated underwriters offered $53,119,000 of Louisville and Nashville railroad 2¾ per cent first and refunding mortgage bonds at 98½. The syndicate was awarded the issue on a bid of 97.669. Halsey, Stuart & Co., Chicago, bid 97.1399.

Sells Pipe Line Bonds

Cities Service Gas company placed 30 million dollars of new 2¾ per cent first mortgage pipe line bonds with insurance companies and obtained a 10 million dollar bank loan carrying 2¼ per cent interest. Proceeds will be applied to retirement of higher cost debt and property acquisitions, the company said.

Kidder, Peabody & Co. and associates will offer today 150,000 shares of $100 par 4 per cent cumulative preferred stock at $104 a share. Proceeds are to be used principally for the payment of a 3 per cent 8 million dollar promissory note due Nov. 1, 1959.

A registration statement covering 40 million dollars of first mortgage and collateral trust bonds to be sold at competitive bidding was filed with the securities and exchange commission by Eastern Gas and Fuel Associates, Boston, Mass. The company plans to redeem series A first mortgage bonds at 101½ per cent.

Power Issue Registered

Monongahela Power company registered 22 million dollars of new 30 year first mortgage bonds and 9 million dollars of new preferred stock. All outstanding bonds, debentures, and preferred stocks are to be redeemed.

Other registrations included:

Idaho Power company, 39,413 shares $100 par 4 per cent preferred stock.

National Container corporation, 100,000 shares, $25 par 4¾ per cent preferred stock.

The Pennsylvania railroad company invited bids on $10,290,000 of equipment trust certificates to finance construction and acquisition of railway locomotives and cars.

NATIONAL BISCUIT

I should like a report on National Biscuit company's earnings record and financial position.—F. T.

National Biscuit's earnings in recent years have been burdened with relatively large deductions for post-war contingency reserves or write-offs of intangible assets. In 1944, however, altho $1,439,643 was deducted from income for contingency reserve, the last of the intangible account was eliminated thru charges to surplus.

After such special charges as were deducted from earnings, the profit in 1944 was $1.16 a share on the 6,289,448 common shares, $1.10 in 1943, and $1.19 in 1942. But real earning power is probably more adequately represented by earnings before these special deductions. On this basis the profits were: 1944, $1.39; 1943, $1.41; 1942, $1.38; 1941, $1.43; 1940, $1.50; 1939, $1.68.

Sales increased from $98,078,000 in 1939 to $223,634,000 last year and substantial gains were shown in pre-tax earnings, but increased taxes caused a decline in net income. Excess profits taxes alone in 1944 amounted to $11,820,000 after crediting post-war refunds.

Common dividends, paid each year since 1899, have amounted to $1.20 a share a year from 1943 on. Current assets at the close of 1944 totaled $72,124,000 and current liabilities $30,176,000, with no funded debt. Outstanding are 285,045 shares of $7 cumulative, noncallable $100 par preferred stock.

CUTBACKS FAIL TO EASE SHORT LABOR SUPPLY

413 Plants in Chicago Seeking 22,370

[Continued from page 19, column 8]

tractors' level, have failed to materialize.

New and renewal war production contracts approved by government agencies for immediate award to Chicago producers in June totaled $128,698,256, compared with less than 100 million dollars in contract cutbacks, cancelations, and nonrenewals in the month, the government announced. The active war contracts increased approximately 17 millions above May.

The announcement by the army that reductions of approximately 20 million dollars a month in medium artillery ammunition components thruout the country are being made, will have little effect on Chicago's employment situation.

Of the 83 plants thruout the country where an estimated 7,600 workers will be laid off by Sept. 1, only one is in Chicago, the Harrison Sheet Steel company, which will lose 125 employes.

Other Chicagoland companies and the total of employes to be laid off are National Lead company, Granite City, Ill., 200; and Sunbeam Electric company, Evansville, Ind., 300.

EXCHANGE ASKS STRICTER FLOOR TRADE POLICING

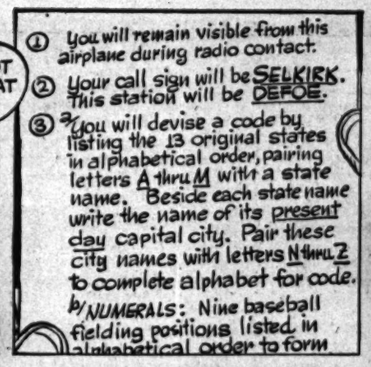
Philadelphia, Pa., July 2 [Special]—Several new suggestions for dealing with floor trading instead of abolishing the practice were presented to the securities and exchange commission last Wednesday by the New York Stock exchange, it was learned today.

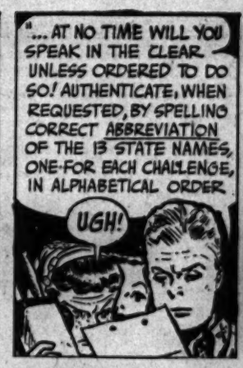
The nature of the proposals was not intimated, but it was believed that President Emil Schram and Vice President Edward C. Gray suggested that stricter policing of floor traders—brokers who trade for their own account as well as for customers—by the stock exchange itself would eliminate any objectionable practices.

INSURANCE FIRM OFFERS POLICY ON TIME BUYERS

Newark, N. J., July 2 [Special]—Col. Franklin D'Olier, president of Prudential Insurance company, today announced a new development in group insurance to cover the lives of instalment buyers. A contract, effective when the war ends, has been signed by Prudential with Commercial Credit company of Baltimore, making available insurance on the lives of instalment purchasers of consumer goods.

Under the plan, if the purchaser dies, the balance due on the merchandise is cancelled and the property becomes part of the purchaser's estate. The contract is expected to become one of the largest group insurance policies ever written, D'Olier said, and it may involve as much as 300 million dollars of insurance.





Pure Oil Building Loss Reduced in Fiscal Year

The Wacker-Wabash corporation, owner and operator of the Pure Oil building, yesterday reported net loss in the fiscal year ended April 30 was reduced to $78,740 from $98,718 in the preceding year.

WHAT THEY EARNED
